## Note 1. Plan Description

The following description of Agility Recovery Solutions, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan, established on January 1, 2003. The Plan is available to all employees of Agility Recovery Solutions, Inc. (the Company or Plan Sponsor), excluding employees covered by a collective bargaining agreement, leased employees, and nonresident aliens. Prior to November 1, 2017, employees, who attained the age of 18, were eligible to participate in the Plan after the completion of six months of service. Employees were able to enter the Plan on the first day of each quarter coinciding with or following the employee meeting the eligibility requirements. The Plan was amended and restated on November 1, 2017, to remove the minimum service requirement to participate and make participant contributions and increase the minimum service requirement to 12 months to be eligible to receive company matching contributions. Employees may enter the Plan upon meeting the eligibility requirements. The Plan is subject to the provisions of the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, not to exceed certain limitations established by the Internal Revenue Services. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of $6,000. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows for employer safe harbor matching contributions of 100 percent of participant contributions not to exceed 3 percent of base compensation. The Plan was amended and restated on January 1, 2018 to adjust the employer safe harbor matching contributions to be 100 percent of the first 3 percent of participant contributions and 50 percent of the next 3 percent of participant contributions.

Prior to November 1, 2017, the Company could also make discretionary company matching contributions to the Plan. The Plan was amended and restated on November 1, 2017, to limit the amount of discretionary company matching contributions to 4 percent of participant eligible compensation. For the year ended December 31, 2017, the Company made discretionary company matching contributions equal to 50 percent of the first 5 percent of participant contributions.

**Participant accounts and investment options:** Each participant's account is credited with the participant's contributions and allocations of (a) the employer safe harbor matching contributions; (b) the discretionary company matching contributions (if any); and (c) Plan earnings or losses, and is charged with transaction fees for distributions and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their investment of both their contributions and the Company's contributions into various registered investment and common collective accounts offered by the Plan. Participants may change their elections daily.

**Vesting:** Participants are immediately 100 percent vested in their voluntary contributions and employer contributions, plus allocated earnings and losses thereon.

## Note 1. Plan Description (Continued)

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The repayment period is limited to five years. Prior to November 1, 2017, a note receivable used for the purchase of a principal residence could be repaid over a term not to exceed 30 years. The Plan was amended and rested on November 1, 2017, to limit the maximum repayment period for a note receivable used for the purchase of a principal residence to 10 years. Participants may have no more than one loan outstanding at any one time. The notes receivable are secured by the balance in the participant's account, and bear interest at a rates which are commensurate with local prevailing rates at note origination, as determined by the Plan Administrator. Principal and interest are repaid ratably through payroll deductions. Notes receivable outstanding at December 31, 2017, bear interest rates ranging from 5.25 percent and 6.25 percent per annum and have various maturity dates through December 2046.

**Payment of benefits:** Upon termination of service due to death, disability or retirement, a participant or designated beneficiary may elect to receive a lump sum distribution or installments equal to the value of the participant's vested interest in his or her account balance at the date of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or as a direct rollover to an individual retirement account or individual retirement annuity (IRA) or to another employer's tax qualified plan. Participants may also withdraw money from their account in the event of a financial hardship.

Participants with vested account balances less than $1,000 must take a lump-sum distribution as soon as practicable following termination. The Plan was amended and restated on November 1, 2017, to also require participants with vested account balances less than $5,000 but greater than or equal to $1,000 to automatically have their vested account balances rolled into an individual retirement account unless they otherwise instruct the third party administrator and take a lump-sum distribution as soon as practicable following termination.

**Administrative expenses:** Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Administrative expenses of the Plan are charged against earnings, except to the extent expenses are paid by the Company.

## Note 2. Significant Accounting Policies

**Basis of accounting:** The accompanying financial statements are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Risks and uncertainties:** The Plan utilizes various registered investment companies and common collective trusts as investment instruments. Investment securities are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

### Note 2. Significant Accounting Policies (Continued)

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Certain investment management fees and operating expenses are charged to the Plan for investments in registered investment companies and are deducted from income earned on a daily basis and reflected as a component of net appreciation in fair value of investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are treated as distributions based upon the terms of the Plan Document.

**Payment of benefits:** Benefits payments to participants are recorded upon distribution.

**Subsequent events:** The Plan Administrator has evaluated subsequent events through October 12, 2018, the date which the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure other than those discussed in Note 1.

### Note 3. Information Certified and Provided by the Certifying Entities

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Fidelity Management Trust Company, the current trustee, and Matrix Trust Company, the former trustee (collectively, the Certifying Entities), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Certifying Entities that information provided to the Plan Administrator by the current trustee related to the following assets is complete and accurate and by the former trustee related to the following assets is complete and accurate to the best of its knowledge and belief. The Plan Administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

| | 2017 | 2016 |
|---|---|---|
| Investments, at fair value: | | |
| Common collective trust | $ 160,944 | $ 79,636 |
| Registered investment companies | 4,152,664 | 4,016,349 |
| Money market funds | - | 73,026 |
| | $ 4,313,608 | $ 4,169,011 |
| Notes receivable from participants | $ 131,996 | $ 175,289 |

### Note 3. Information Certified and Provided by the Certifying Entities (Continued)

The Certifying Entities also certified to the completeness and accuracy of the investment income information (including investments bought, sold, and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2017, included on the statement of changes in net assets available for benefits.

### Note 4. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the *FASB Accounting Standards Codification* (ASC), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

**Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

**Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

**Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 compared to December 31, 2016.

**Registered investment companies:** These are public investment vehicles valued using net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted market price on an active market and classified within Level 1 of the valuation hierarchy.

**Money market funds:** These are public investment vehicles valued using $1 for the NAV times the number of shares outstanding and are classified within Level 1 of the valuation hierarchy.

**Common collective trusts (CCT):** These investments are public investment vehicles using NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no quoted prices available in active markets for identical instruments for the CCT. The fair value of the CCT is not classified within the fair value hierarchy pursuant to ASC 820-10. As published prices are not available for the CCT, the CCT is eligible to use NAV as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

### Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

| | Fair Value of December 31, 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 4,152,664 | $ - | $ - | $ 4,152,664 |
| Total assets at fair value | $ 4,152,664 | $ - | $ - | 4,152,664 |
| Investments measured at NAV (a) | | | | 160,944 |
| | | | | $ 4,313,608 |

| | Fair Value of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |

| Investments measured at NAV (a) | | | | 79,636 |
| | | | | $ 4,169,011 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

During the year ended December 31, 2017, the Plan did not make any transfers between levels.

The following table summarizes investments for which fair value is measured using NAV per share (or its equivalent) practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | Fair Value 2017 | Fair Value 2016 | Unfunded Commitments | Other Redemption Restrictions | Redemption Notice Period |
|---|---|---|---|---|---|
| MetLife Stable Value Fund (a) | $ - | $ 79,636 | None | Daily | 12 months |
| Morley Stable Value Fund (a) | 160,944 | - | None | Daily | 12 months |

(a) The investment strategy of this fund is not disclosed pursuant to Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)—(I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).*

### Note 5. Tax Status

The Plan is a defined contribution volume submitter plan sponsored by Fidelity Management & Research Co., an affiliate of the current trustee. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan follows the accounting guidance for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements.

### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants are already 100 percent vested in their accounts and the net assets of the Plan, after payment of any expenses properly charged, would be distributed to the participants of the Plan according to the amount then credited to his or her account.

### Note 7. Reconciliation to Form 5500
