BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of Plan

The following description of BRG Sports, Inc. 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan established effective January 1, 2007, most recently amended on January 1, 2018 to allow Roth 401(k) contributions and automatic enrollment contributions of 3%. All full-time employees of BRG Sports, Inc. and subsidiaries (the “Company”) are eligible to participate upon completion of thirty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective June 15, 2014, the plan name was changed from Easton-Bell Sports, Inc. 401(k) Plan to BRG Sports, Inc. 401(k) Plan. On April 1, 2016, the Company sold its Action Sports division to Vista Outdoor, Inc. In connection with the sale, 555 participants terminated employment with the Company.

The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Directors.

Contributions - Participants may elect to defer a percentage of eligible compensation, subject to an annual limit of the lesser of 100% or \$18,000 for the years 2017 and 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make a maximum of \$6,000 in catch-up contributions. Participants may also make rollover contributions from other qualified plans. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant’s earnings.

The Company makes a per paycheck automatic matching contribution, and may also make discretionary non-elective contributions. There were no discretionary non-elective contributions during 2017 and 2016. Company contributions are invested directly in the Fidelity Freedom Income Fund or pooled separate account investments, as directed by the participant. Company matching contributions are recorded in the period during which the Company makes payroll deductions from the participant’s earnings. Discretionary non-elective, if any, contributions are recorded annually.

The Company makes matching contributions in an amount equal to \$0.50 for each \$1.00 contributed by a participant. However, in applying this matching percentage, only contributions up to a maximum of 6% of the participant’s Plan compensation were considered. Total employer match, net of forfeitures, was \$1,044,118 and \$1,189,562 for the years ended December 31, 2017 and 2016, respectively.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of Plan (Continued)

Participants direct the investment of their contributions and Company contributions made on their behalf into the various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options, including a self-directed account for participants. Contributions received prior to year-end awaiting investment in the appropriate investment options at December 31, 2017, if any, were invested in the Vanguard Suite of target date funds.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings or losses. Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon vest in accordance with the following schedule:

Number of Completed Years of Service	Vesting Percentage
Less than 1 year	0%
1 year, less than 2 years	20%
2 years, less than 3 years	40%
3 years, less than 4 years	60%
4 years, less than 5 years	80%
5 years of more	100%

However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100% vested. See Note 6.

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or remitted to the employer by the employee, who in turn submits the payment to Fidelity Management Trust Company ("FMTC").

Payment of Benefits - On termination of service, including termination due to retirement, total and permanent disability or death, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over a period of time of their vested interest. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan. The Plan allows for withdrawals for serious financial hardship.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of Plan (Continued)

Forfeited Accounts - Forfeitures result from non-vested benefit payments remaining in the Plan from terminated employees. At December 31, 2017 and 2016, forfeiture reserves of \$150,060 and \$67,097, respectively, were available to offset Company cash contributions, which would otherwise be payable by the Company, in accordance with the Plan agreement. During 2017 and 2016, forfeitures and appreciation amounted to \$82,963 and \$1,106, respectively. In 2017 and 2016, Company cash contributions were offset by \$0 and \$18,553, respectively, from forfeited non-vested accounts.

2. Summary of Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of Accounting Policies (Continued)

Payment of Benefits - Benefits are recorded when paid.

Terminated and Defaulted Loans - Loans are terminated when a participant withdraws from the Plan. Any unpaid loan balance will be reduced by the amount of the vested interest in the account balance upon distribution. Loans with scheduled repayments that remain unpaid for more than 90 days or with an outstanding principal existing after the last scheduled repayment date are in default.

Subsequent Events – Subsequent events were evaluated through October 15, 2018, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncement – In February 2017, the FASB has issued Accounting Standards Update (ASU) No. 2017-06, “*Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965); Employee Benefit Plan Master Trust Reporting.*” The amendments require a plan’s interest in that master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendments also remove the requirement to disclose the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. The amendments require all plans to disclose: (a) their master trust’s other asset and liability balances; and (b) the dollar amount of the plan’s interest in each of those balances. Effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. The amendments should be applied retrospectively to each period for which financial statements are presented. The plan is currently evaluating the standard and the impact on its financial statements and footnote disclosures, and does not expect any material changes to the financial statements.

3. Investments

Unaudited Information Certified by the Plan Trustee - Plan assets are invested in products held by FMTC. The investment balance and related information included in the financial statements and accompanying notes are derived from statements which have been certified by FMTC as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$75,102,528 and \$66,057,725, and the net increase (decrease) in assets of \$8,916,122 and (\$10,461,882), at December 31, 2017 and 2016, respectively.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs are unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - inputs are inputs that include quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - inputs are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. No level 2 or 3 inputs were available to the Plan. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

5. Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by FMTC. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Participant loans also qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment; they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment of \$76,513 to the third party administrator for administration which was not covered by revenue sharing, as described in Note 2, under Expenses. The Plan Sponsor pays directly any other fees related to the Plan's operations.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Partial Plan Termination

On April 1, 2016, the Company sold its Action Sports Division to Vista Outdoor, Inc. In connection with the sale, 555 participants terminated employment with the Company. Due to the large number of terminated plan participants, the transaction caused a partial plan termination, whereby the terminated participants were fully vested with their accounts.

7. Tax Status

The Internal Revenue Service (“IRS”) has informed FMTC by an advisory letter dated March 31, 2014, that the adopted prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the most recent advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. As of December 31, 2017, the Plan management determined that the Plan did not have uncertain tax positions, and therefore no adjustments have been recorded to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. Risk and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of Plan

The following description of BRG Sports, Inc. 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan established effective January 1, 2007, most recently amended on January 1, 2018 to allow Roth 401(k) contributions and automatic enrollment contributions of 3%. All full-time employees of BRG Sports, Inc. and subsidiaries (the “Company”) are eligible to participate upon completion of thirty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective June 15, 2014, the plan name was changed from Easton-Bell Sports, Inc. 401(k) Plan to BRG Sports, Inc. 401(k) Plan. On April 1, 2016, the Company sold its Action Sports division to Vista Outdoor, Inc. In connection with the sale, 555 participants terminated employment with the Company.

The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Directors.

Contributions - Participants may elect to defer a percentage of eligible compensation, subject to an annual limit of the lesser of 100% or \$18,000 for the years 2017 and 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make a maximum of \$6,000 in catch-up contributions. Participants may also make rollover contributions from other qualified plans. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant’s earnings.

The Company makes a per paycheck automatic matching contribution, and may also make discretionary non-elective contributions. There were no discretionary non-elective contributions during 2017 and 2016. Company contributions are invested directly in the Fidelity Freedom Income Fund or pooled separate account investments, as directed by the participant. Company matching contributions are recorded in the period during which the Company makes payroll deductions from the participant’s earnings. Discretionary non-elective, if any, contributions are recorded annually.

The Company makes matching contributions in an amount equal to \$0.50 for each \$1.00 contributed by a participant. However, in applying this matching percentage, only contributions up to a maximum of 6% of the participant’s Plan compensation were considered. Total employer match, net of forfeitures, was \$1,044,118 and \$1,189,562 for the years ended December 31, 2017 and 2016, respectively.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of Plan (Continued)

Participants direct the investment of their contributions and Company contributions made on their behalf into the various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options, including a self-directed account for participants. Contributions received prior to year-end awaiting investment in the appropriate investment options at December 31, 2017, if any, were invested in the Vanguard Suite of target date funds.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings or losses. Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon vest in accordance with the following schedule:

Number of Completed Years of Service	Vesting Percentage
Less than 1 year	0%
1 year, less than 2 years	20%
2 years, less than 3 years	40%
3 years, less than 4 years	60%
4 years, less than 5 years	80%
5 years of more	100%

However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100% vested. See Note 6.

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or remitted to the employer by the employee, who in turn submits the payment to Fidelity Management Trust Company ("FMTC").

Payment of Benefits - On termination of service, including termination due to retirement, total and permanent disability or death, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over a period of time of their vested interest. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan. The Plan allows for withdrawals for serious financial hardship.

BRG SPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of Plan (Continued)

Forfeited Accounts - Forfeitures result from non-vested benefit payments remaining in the Plan from terminated employees. At December 31, 2017 and 2016, forfeiture reserves of \$150,060 and \$67,097, respectively, were available to offset Company cash contributions, which would otherwise be payable by the Company, in accordance with the Plan agreement. During 2017 and 2016, forfeitures and appreciation amounted to \$82,963 and \$1,106, respectively. In 2017 and 2016, Company cash contributions were offset by \$0 and \$18,553, respectively, from forfeited non-vested accounts.

2. Summary of Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies (Continued)

Payment of Benefits - Benefits are recorded when paid.

Terminated and Defaulted Loans - Loans are terminated when a participant withdraws from the Plan. Any unpaid loan balance will be reduced by the amount of the vested interest in the account balance upon distribution. Loans with scheduled repayments that remain unpaid for more than 90 days or with an outstanding principal existing after the last scheduled repayment date are in default.

Subsequent Events – Subsequent events were evaluated through October 15, 2018, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncement – In February 2017, the FASB has issued Accounting Standards Update (ASU) No. 2017-06, “*Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965); Employee Benefit Plan Master Trust Reporting.*” The amendments require a plan’s interest in that master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendments also remove the requirement to disclose the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. The amendments require all plans to disclose: (a) their master trust’s other asset and liability balances; and (b) the dollar amount of the plan’s interest in each of those balances. Effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. The amendments should be applied retrospectively to each period for which financial statements are presented. The plan is currently evaluating the standard and the impact on its financial statements and footnote disclosures, and does not expect any material changes to the financial statements.

3. Investments

Unaudited Information Certified by the Plan Trustee - Plan assets are invested in products held by FMTC. The investment balance and related information included in the financial statements and accompanying notes are derived from statements which have been certified by FMTC as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$75,102,528 and \$66,057,725, and the net increase (decrease) in assets of \$8,916,122 and (\$10,461,882), at December 31, 2017 and 2016, respectively.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs are unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - inputs are inputs that include quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - inputs are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. No level 2 or 3 inputs were available to the Plan. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

5. Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by FMTC. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Participant loans also qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment; they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment of \$76,513 to the third party administrator for administration which was not covered by revenue sharing, as described in Note 2, under Expenses. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Partial Plan Termination

On April 1, 2016, the Company sold its Action Sports Division to Vista Outdoor, Inc. In connection with the sale, 555 participants terminated employment with the Company. Due to the large number of terminated plan participants, the transaction caused a partial plan termination, whereby the terminated participants were fully vested with their accounts.

7. Tax Status

The Internal Revenue Service (“IRS”) has informed FMTC by an advisory letter dated March 31, 2014, that the adopted prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the most recent advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. As of December 31, 2017, the Plan management determined that the Plan did not have uncertain tax positions, and therefore no adjustments have been recorded to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. Risk and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.
