Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 3% with 1% increases in each of the succeeding years up to 6% of eligible compensation with their contributions invested in a designated balanced fund until changed by the participant.

Beginning in 2017, the Company matches 100% of the first 3% of compensation contributed by the employee plus 50% of the next 3% of compensation contributed by an employee. In 2016, the Company provided a basic and matching contribution subject to the Board of Directors approval. The basic contribution that the Company provided in 2016 was 3% of the participants’ compensation for the Plan year. The Company did not make any matching contributions in 2016. Beginning in 2017, the Plan is a safe harbor plan and utilizes safe harbor provisions in its compliance testing. Company contributions are invested as directed by the participant.

Note A—Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's basic (in 2016) and matching contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions plus actual earnings thereon. Company contributions other than safe harbor matching contributions plus actual earnings thereon are subject to a two year vesting schedule.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance from the total of their pre-tax accounts and any earnings on those accounts. Participants are allowed to have only one note outstanding at a time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rate currently in use in the Plan ranges from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions. Loans must be repaid within five years unless used for the purchase of a principal residence, in which case the loan must be repaid within 30 years.

Payment of Benefits

Participants are eligible for Plan distributions upon reaching age 65, termination of employment, retirement, total or permanent disability, or death. Participants will receive a lump sum amount equal to the value of the participant's vested interest in their account. If a terminated participant's account balance is less than \$5,000, the Plan reserves the right to immediately make a lump-sum distribution. Participants who have reached age 59½ may take in-service withdrawals. Hardship withdrawals are also available to participants with certain types of immediate and heavy financial need.

Forfeitures

Forfeitures resulting from the nonvested portions of accounts of participants who terminate employment prior to being fully vested may be used to reduce the Company's future contributions or to pay Plan expenses. Forfeitures used to reduce Company contributions were \$0 in 2017 and 2016. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$278,648 and \$253,564, respectively.

Note B—Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are recorded as distributions in accordance with the terms of the Plan.

Note B—Summary of Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Certain administrative expenses, including an allocation of salaries related to the Plan administration, and audit and legal costs, are paid by the Company and qualify as party in interest transactions which are exempt from prohibited transaction rules. Expenses that are paid by the Company are excluded from these financial statements. Fees for custodial and record-keeping services are paid by the Plan. Fees related to the administration of notes receivable from participants and certain types of distributions are charged directly to the participant.

Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 11, 2018, which is the date the financial statements were available to be issued.

Note C—Certification of Information by the Trustee

Fair value of investments, investment income and the information included in the supplemental schedule of assets held for investment purposes at end of year were derived from data certified by Vanguard Fiduciary Trust Company, the trustee.

Note D—Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total
December 31, 2017		
Mutual and money market funds	\$ 115,382,662	\$ 115,382,662
Investments measured at net asset value	—	35,624,593
Total investments at fair value	<u>\$ 115,382,662</u>	<u>\$ 151,007,255</u>
December 31, 2016		
Mutual and money market funds	\$ 94,999,622	\$ 94,999,622
Investments measured at net asset value	—	36,046,991
Total investments at fair value	<u>\$ 94,999,622</u>	<u>\$ 131,046,613</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets or other observable inputs, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Notes to Financial Statements (continued)

Note D—Fair Value Measurements (continued)

The following valuation methodologies were used to measure the fair value of the Plan's assets:

Level 1—Fair Value Measurements

The fair value of mutual and money market funds is based on the closing price reported in the active market where the individual securities are traded.

Investments Measured at Net Asset Value

Common/collective trusts (CCTs) are valued at the net asset value (NAV) of the shares held by the Plan at year-end. NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the funds. The practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. The CCTs provide for daily redemptions by the Plan at reported NAV with no advance notice requirement, and have no unfunded commitments.

Note E—Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Vanguard. Vanguard is the trustee of the Plan and, therefore, transactions related to these investments qualify as party in interest. Fees paid by the Plan for the custodial and record keeping services amounted to \$52,947 and \$41,911 for 2017 and 2016, respectively. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

Note F—Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions, plus actual earnings thereon.

Notes to Financial Statements (continued)

Note G—Income Tax Status

The IRS has determined and informed the Company by a letter dated April 5, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Company believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note H—Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I—Subsequent Events

Effective January 1, 2018, the Plan was amended in order to provide for immediate eligibility for all eligible employees, and also to clarify the automatic enrollment provisions of the Plan applicable for 2018 and subsequent years.

An error was identified where eligible employees did not have the correct deferral amounts withheld. Corrective qualified nonelective contributions (QNEC) and employer matching contributions, including lost earnings, have been identified and quantified by the Company. A QNEC of \$22,782 will be remitted by the Company to the Plan in 2018 and is included in other employer contributions in the accompanying financial statements.
