Spirit AeroSystems Holdings, Inc.
Retirement and Savings Plan

This letter is to inform the Retirement Committee of the Spirit AeroSystem Holdings, Inc. Retirement and Savings Plan (Plan) about significant matters related to the conduct of our audit as of and for the year ended December 31, 2017, so that it can appropriately discharge its oversight responsibility and we comply with our professional responsibilities.

This report is intended solely for the information and use of the Retirement Committee and is not intended to be, and should not be, used by anyone other than this specified party.

This letter includes other comments and suggestions with respect to matters that came to our attention in connection with our audit of the Plan's financial statements. These items are offered as constructive suggestions to be considered part of the ongoing process of modifying and improving the Plan's practices and procedures.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

The Responsibilities of the Auditor and Management

Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated January 15, 2018. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication dated January 15, 2018 regarding the planned scope and timing of our audit and have discussed with you our identification of, and planned audit response to, significant risks of material misstatement.

Significant Accounting Practices, Including Policies, Estimates and Disclosures

Our views about the qualitative aspects of the Plan's significant accounting practices, including accounting policies, accounting estimates and financial statement disclosures are indicated herein, which you may wish to monitor for your oversight responsibilities of the financial reporting process:

Adoption of, or Change in, Accounting Policies - Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan, and management may select among alternative accounting practices in certain circumstances. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current year.

Significant or Unusual Transactions - We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Management's Judgments and Accounting Estimates - Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process

used by management encompasses their knowledge and experience about past and current events, and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. The following describes the significant accounting estimates reflected in the Plan's financial statements.

The valuation of investments at fair value is an accounting estimate. The following is a description of the valuation methodologies used by management for investments measured at fair value:

Mutual Funds

These investments are valued using a quoted price in an active market.

Collective Investment Trusts

These investments are not quoted in an active market; rather they are public investment vehicles valued using market prices and performance of the fund. The trust allocates notional units to the policy holder based on the underlying notional unit buy (offer) price using the middle market price plus transaction costs.

Stable Value Fund

These investments are in a diversified portfolio of investment contracts and security-backed contracts.

We relied on the investment information prepared and certified by the Voya Institutional Trust Company as a basis for our conclusion on the reasonableness of the estimate.

Audit Adjustments

There were no audit adjustments made to the original trial balance presented to us to begin our audit.

Uncorrected Misstatements

There were also no uncorrected misstatements.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the Form 5500 as disclosed in the notes to the financial statements.

Supplemental Schedule

With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete.

Management Representations

In connection with our audit procedures, we have obtained a written management representation letter. This representation letter constitutes written acknowledgments by management that it has the primary responsibility for the fair presentation of the financial statements in conformity with generally accepted accounting principles and also includes the more significant and specific oral representations made by officers and employees during the course of the audit. The letter is intended to reduce the possibility of misunderstandings between us and the Plan and reminds the signing officers to consider seriously whether all material liabilities, commitments and contingencies or other important financial information have been brought to our attention.

Other Disclosures

We did not discuss with management any alternative treatments within generally accepted accounting principles for accounting policies and practices related to material items during the current audit year; we encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit or significant disclosures to be included in the financial statements; we are not aware of any consultations management had with other accountants about accounting or auditing matters; no major issues were discussed with management prior to our appointment; and we did not encounter any difficulties in dealing with management relating to the performance of the audit.

Internal Control Matter

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Following is a description of the identified deficiency in internal control that we determined did not constitute significant deficiencies or material weaknesses:

- During the audit, it was noted that there is not a formal procedure in place to review the SOC 1 reports for the service providers for the Plan by the Plan Administrator. Since a significant amount of the processing of Plan transactions is performed by service organizations, it is imperative that Plan management document the procedures at these service organizations on a consistent basis and document such review in detail as part of due diligence in operating the Plan.

We recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced as necessary. Listing the exceptions and the response of the service organizations' management alone is not sufficient. Plan management must document its own conclusions.

Another item that the Plan Sponsor should document, in detail, is user controls. The report identifies controls for which Plan personnel are responsible and these are typically referred to as "Client Control Considerations". Client controls are complementary to the controls of the service organization and are necessary for the service organizations' controls to be achieved.

Other Recommendations

Future Accounting Topics - The Auditing Standards Board of the AICPA, with participation from the DOL, has issued a proposed change related to the reporting and compliance of employee benefit plans, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This proposed standard, if adopted as is, will require that all **observations/findings, including operational defects, be reported and included with the audited financial statements.**

This new standard would also require a change in the basis for limitation on the scope of the audit and expanded management and auditor responsibilities. The comment period has ended and the AICPA is reviewing comments for proposed changes. The effective date of this proposed standard would be effective for audits of financial statements for periods ending on or after December 15, 2019.

Cybersecurity and 401(k) Plans - The presence of identity theft, social engineering and other cyber related crimes in employee benefit plans continues to be on the rise. Many of the cyber-attacks on these types of plans are in the form of social engineering where attempts are being made on employers, third-party administrators and trustees to release someone else's retirement funds. In addition to personal and participant information being obtained through data breaches, calls to custodian help desks posing as a participant requesting hardship or in-service withdrawals occur daily. We recommend a cyber safety review and control assessment be completed by the Plan Sponsor on all parties that perform any services for the Plan.

Information Security Governance - Owners, executive managers and those charged with governance must be confident that the entity is protecting your information and the systems that process it. The potential impacts of a failure in the availability, confidentiality, or integrity of your critical information assets is monumental in today's environment of cybersecurity breaches.

Many organizations believe their information security practices are adequately mitigating their risks. Unfortunately, they are often surprised to discover those practices are failing to perform as expected and the consequences are usually severe. Information security is more than a technology issue. It is a governance and management challenge that involves risk management, accountability and reporting. And it requires executive stewardship to ensure the timely assessment of emerging threats and your organization's effective response to them.

Additional information on “Information Risk is Business Risk” can be accessed through our AGH University website located at <http://www.aghuniversity.com/webinars/archived/archived-webinars.aspx> (from the “select a topic” drop-down box, select Information Technology). Additionally, we encourage your management team to take advantage of peer networking groups, trade associations or other resources relating to IT and information risk and the most recent best practices as the constant risk evolves.

Additionally, a structured assessment can help you develop stronger, better and more systematic approaches to your information security. It will help you clearly and objectively understand the strengths and weaknesses in your current information security processes and the extent to which those processes are meeting your needs. Most important, it will guide you with recommendations to help you protect your information, facilities, people and technology.

We believe a review or assessment must be completed on a periodic basis; this assessment can be completed internally or by using an outsourced service provider. Owners and executive managers should be involved with the review and summary reports should also be shared with those charged with governance.

Vulnerability Assessment - In addition to a periodic information system governance review, the entity should also conduct periodic (at least annually or semi-annually) vulnerability assessments. There are more than 71,000 known network vulnerabilities that can leave organizations open to significant risk. High-profile security breaches have become commonplace and many companies are susceptible to the same failures.

Network vulnerability assessments can help you identify and resolve your vulnerabilities before they are exploited by cybercriminals. AGH’s experienced security professionals use network vulnerability assessments to discover and analyze known flaws and weaknesses.

Using automated scanners – along with their experience and judgment – our security professionals will identify existing vulnerabilities, evaluate their severity and recommend steps for fixing the underlying problems.

AGHUniversity Resources - As part of AGH’s ongoing commitment to serve as a trusted advisor, we offer these resources as a key part of the additional value AGH provides beyond the engagement itself:

- AGHUniversity.com – a full schedule of complimentary CPE or current and relevant topics and other updates to clients throughout the year. Free registration and webinars are available for the Company’s staff and board members at aghuniversity.com. A sample of recent topics include Management and Key Position Succession Planning; Destroying the Myths about Employee Engagement; Preventing Fraud in Small and Medium Sized Organizations; Measuring What Matters in Your 401K Plan to Recruitment, Retention and Reward; Planning The Transition: Taking Your Company To Market; and The How and Why of Business Valuations.
- AGH alerts and newsletters – this includes periodic mailings or emails to alert clients to new accounting standards or regulatory changes.

Closing

We will be pleased to respond to any questions you have about this report or set up an introductory meeting to discuss the other recommendations at no charge. We appreciate the opportunity to continue to be of service to the Spirit AeroSystems Holdings, Inc. Retirement and Savings Plan.

INDEPENDENT AUDITOR'S REPORT

Retirement Committee
Spirit AeroSystems Holdings, Inc.
Retirement and Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spirit AeroSystems Holdings, Inc. Retirement and Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Institutional Trust Company (Voya), except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that Voya holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from Voya as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by Voya is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by Voya, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SPIRIT AEROSYSTEMS HOLDINGS, INC.
RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Spirit AeroSystems Holdings, Inc. Retirement and Savings Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

Eligibility - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), covering all eligible employees of Spirit AeroSystems Holdings, Inc. (Company), except for employees covered by collective bargaining agreements which provide for the exclusion from participation in the Plan. Eligible employees can become participants in the Plan as of the entry date coincident with the participant's date of hire by the Company. Employees are automatically enrolled in the Plan 60 days after the date of hire, at a pre-tax deferral rate of 3%; unless prior to that time such participant has made an alternative contribution election. Effective August 31, 2017, those participants currently enrolled at the automatic pre-tax deferral rate of 3% are subject to an automatic escalation of 1% per year on their annual anniversary date of enrollment until such default rate reaches a maximum of 8%.

Contributions - Participants may make pre-tax and after-tax contributions up to 50% and 15%, respectively, of compensation as defined in the Plan, up to a maximum allowed by the Internal Revenue Code (\$18,000 for 2017). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$6,000 for 2017). However, in no event shall the sum of such participant's pre-tax and after-tax contributions exceed 50% of compensation. The Company provides matching contributions equal to 75% up to 8% of all eligible participants' contributions. The Plan also accepts rollover contributions from certain other qualified plans for eligible participants.

The Company also makes additional contributions as of the last day of the year for participants who are credited with a year of vesting service and are employed on the last day of the year. The additional contributions are a fixed percentage, ranging from 1.5% to 4.5% of compensation depending upon union status and the participant's attained age and years of vesting service on the last day of the year.

In addition, the Company makes transitional contributions to participants who did not elect to retire under the predecessor employer plan as of June 17, 2005 and are non-union participants, or participants represented by the Society of Professional Engineering Employees in AeroSpace, Wichita Engineering Unit, or Society of Professional Engineering Employees in AeroSpace, Wichita Technical and Professional Unit. Transitional contributions are based on years of service that result in a fixed transitional contribution rate ranging from 1.5% to 3.5% of eligible compensation for each subsequent year the participant remains employed on the last day of the Plan year. Participants only receive the transitional contribution for subsequent years up to the years of vested service accumulated as of June 17, 2005. Transitional contributions cease with the Plan year ending 2019.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of: the Company's matching contribution, the Company's additional contribution, the Company's transitional contribution, Plan earnings, and certain administrative

expenses. Allocations are based on weighted average of account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferral and Company match contributions plus actual earnings thereon. Vesting in the Company's additional contributions plus earnings thereon is based upon years of service in the Plan, as defined by the Plan as follows: Less than 2 years, 0%; 2 years but less than 3 years, 25%; 3 years but less than 4 years, 50%; 4 years but less than 5 years, 75%; and 5 years or more, 100%. Vesting in the Company's transitional contributions plus earnings thereon is based upon years of service, as defined by the Plan as follows: Less than 3 years, 0%; greater than 3 years, 100%.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate, generally the prime rate at the inception of the note, but not more than the maximum rate permitted by law. Principal and interest are generally paid through payroll deductions. Notes receivable may not exceed five years unless the note is for the purpose of purchasing a principal residence of the participant, in which case the term may be up to twenty years.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution at their request. The exception is for account balances less than \$5,000, excluding amounts in the participant's rollover accounts. These accounts may automatically be paid in a simple lump-sum payment after written notice is provided.

Forfeitures - At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$39,896 and \$95,684, respectively. These accounts are used to pay administrative fees or reduce future employer contributions. In 2017, administrative expenses and employer contributions were reduced by \$292,463 from forfeited nonvested accounts.

Normal Retirement - Normal retirement age is 65 years of age.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

RETIREMENT AND SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance has been recorded as of December 31, 2017 or 2016. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefits Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses may be included in net change in fair value of investments.

Subsequent Events - These financial statements considered subsequent events through October 15, 2018, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY VOYA INSTITUTIONAL TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya Institutional Trust Company (Voya) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Voya that information provided to the Plan Administrator by Voya related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the values in the supplemental schedule related to the following assets:

Voya also certified as to the completeness and accuracy of \$94,425,862 of net change in fair value of investments and interest, dividends and other income of \$10,915,642 for the year ended December 31, 2017 related to the aforementioned assets for the year ended December 31, 2017.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Collective Investment Trusts

These investments are not quoted in an active market; rather they are public investment vehicles valued using market prices and performance of the fund. The trust allocates notional units to the policy holder based on the underlying notional unit buy (offer) price using the middle market price plus transaction costs.

Stable Value Fund

These investments are in a diversified portfolio of investment contracts and security-backed contracts.

The fair value at December 31, 2017 and 2016, of the Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy, as provided by Voya, is as follows:

Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Fair Value (Unaudited)

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Voya (party-in-interest), and therefore, these transactions qualify as party-in-interest transactions. Total fees incurred and paid directly by the Plan for the investment management services were \$562,744. The various funds' operating expense ratios ranged from 0.02% to 0.89% as of December 31, 2017.

NOTES TO FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination and Voya shall liquidate all assets of the Trust, and continue to administer the Trust in accordance with its provisions until all obligations have been satisfied.

7. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Spirit AeroSystems Holdings, Inc.
Retirement and Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spirit AeroSystems Holdings, Inc. Retirement and Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Institutional Trust Company (Voya), except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that Voya holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from Voya as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by Voya is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by Voya, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SPIRIT AEROSYSTEMS HOLDINGS, INC.
RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Spirit AeroSystems Holdings, Inc. Retirement and Savings Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

Eligibility - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), covering all eligible employees of Spirit AeroSystems Holdings, Inc. (Company), except for employees covered by collective bargaining agreements which provide for the exclusion from participation in the Plan. Eligible employees can become participants in the Plan as of the entry date coincident with the participant's date of hire by the Company. Employees are automatically enrolled in the Plan 60 days after the date of hire, at a pre-tax deferral rate of 3%; unless prior to that time such participant has made an alternative contribution election. Effective August 31, 2017, those participants currently enrolled at the automatic pre-tax deferral rate of 3% are subject to an automatic escalation of 1% per year on their annual anniversary date of enrollment until such default rate reaches a maximum of 8%.

Contributions - Participants may make pre-tax and after-tax contributions up to 50% and 15%, respectively, of compensation as defined in the Plan, up to a maximum allowed by the Internal Revenue Code (\$18,000 for 2017). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$6,000 for 2017). However, in no event shall the sum of such participant's pre-tax and after-tax contributions exceed 50% of compensation. The Company provides matching contributions equal to 75% up to 8% of all eligible participants' contributions. The Plan also accepts rollover contributions from certain other qualified plans for eligible participants.

The Company also makes additional contributions as of the last day of the year for participants who are credited with a year of vesting service and are employed on the last day of the year. The additional contributions are a fixed percentage, ranging from 1.5% to 4.5% of compensation depending upon union status and the participant's attained age and years of vesting service on the last day of the year.

In addition, the Company makes transitional contributions to participants who did not elect to retire under the predecessor employer plan as of June 17, 2005 and are non-union participants, or participants represented by the Society of Professional Engineering Employees in AeroSpace, Wichita Engineering Unit, or Society of Professional Engineering Employees in AeroSpace, Wichita Technical and Professional Unit. Transitional contributions are based on years of service that result in a fixed transitional contribution rate ranging from 1.5% to 3.5% of eligible compensation for each subsequent year the participant remains employed on the last day of the Plan year. Participants only receive the transitional contribution for subsequent years up to the years of vested service accumulated as of June 17, 2005. Transitional contributions cease with the Plan year ending 2019.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of: the Company's matching contribution, the Company's additional contribution, the Company's transitional contribution, Plan earnings, and certain administrative

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED)

expenses. Allocations are based on weighted average of account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferral and Company match contributions plus actual earnings thereon. Vesting in the Company's additional contributions plus earnings thereon is based upon years of service in the Plan, as defined by the Plan as follows: Less than 2 years, 0%; 2 years but less than 3 years, 25%; 3 years but less than 4 years, 50%; 4 years but less than 5 years, 75%; and 5 years or more, 100%. Vesting in the Company's transitional contributions plus earnings thereon is based upon years of service, as defined by the Plan as follows: Less than 3 years, 0%; greater than 3 years, 100%.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate, generally the prime rate at the inception of the note, but not more than the maximum rate permitted by law. Principal and interest are generally paid through payroll deductions. Notes receivable may not exceed five years unless the note is for the purpose of purchasing a principal residence of the participant, in which case the term may be up to twenty years.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution at their request. The exception is for account balances less than \$5,000, excluding amounts in the participant's rollover accounts. These accounts may automatically be paid in a simple lump-sum payment after written notice is provided.

Forfeitures - At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$39,896 and \$95,684, respectively. These accounts are used to pay administrative fees or reduce future employer contributions. In 2017, administrative expenses and employer contributions were reduced by \$292,463 from forfeited nonvested accounts.

Normal Retirement - Normal retirement age is 65 years of age.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

SPIRIT AEROSYSTEMS HOLDINGS, INC.
RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance has been recorded as of December 31, 2017 or 2016. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefits Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses may be included in net change in fair value of investments.

Subsequent Events - These financial statements considered subsequent events through October 15, 2018, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY VOYA INSTITUTIONAL TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya Institutional Trust Company (Voya) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Voya that information provided to the Plan Administrator by Voya related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the values in the supplemental schedule related to the following assets:

Voya also certified as to the completeness and accuracy of \$94,425,862 of net change in fair value of investments and interest, dividends and other income of \$10,915,642 for the year ended December 31, 2017 related to the aforementioned assets for the year ended December 31, 2017.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination and Voya shall liquidate all assets of the Trust, and continue to administer the Trust in accordance with its provisions until all obligations have been satisfied.

7. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.
