# **AUTO INVESTMENT, INC. 401(K) PLAN**

## **Notes to the Financial Statements**

**December 31, 2017 and 2016**

### **(1) Description of plan**

The following description of the Auto Investment, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### **(a) General**

The Plan was adopted on January 1, 2016 to provide retirement benefits for employees of Auto Investment, Inc. and subsidiary dealerships (collectively, the "Plan Sponsor"). The Plan covers substantially all full-time employees who are age eighteen or older ("participants"). Eligible employees could begin participating in the Plan on the first day of each calendar quarter following when eligibility requirements were met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### **(b) Contributions**

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or can be made after-tax in the form of a Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated investment until changed by the participant.

The Plan Sponsor made safe harbor matching contributions equal to 100% of the first 1% of eligible compensation deferred by each participant and 50% of the next 5% of eligible compensation deferred by each participant.

The Plan also provides that the Plan Sponsor may contribute each year a discretionary profit sharing amount; however, such discretionary contributions by the Plan Sponsor are not required. No discretionary profit sharing contributions were made by the Plan Sponsor during 2017 or 2016.

Plan Sponsor and participant contributions cannot exceed the maximum amount deductible for income tax purposes.

## **Notes to the Financial Statements**

**December 31, 2017 and 2016**

**(c) Participant accounts**

Each participant's account is credited with Plan Sponsor contributions as calculated above and participant contributions. Each participant's account is credited or charged with the actual earnings or loss of the investment options selected by the participant and an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**(d) Vesting**

Participants are immediately vested in their elective salary deferral contributions plus actual earnings or losses thereon. Vesting in the Plan Sponsor's safe harbor matching and discretionary profit-sharing contributions is based on years of continuous service. Participants are fully vested in the Plan Sponsor's safe harbor matching contribution after two years of credited service. Participants vest 20% after two years of service in the Plan Sponsor's discretionary profit sharing contribution and 20% each year thereafter until they became 100% vested after six years of service.

**(e) Notes receivable from participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. The notes receivables from participants are secured by the balances in the respective participants' vested accounts and bear interest at a fixed rates ranging from 4.25% to 5.25% at December 31, 2017 which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected ratably through payroll deductions.

**(f) Payment of benefits**

On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive either a lump sum payment equal to the value of the participant's vested interest in his or her entire account.

**(g) Forfeited accounts**

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Forfeited nonvested accounts totaled \$18,313 and \$17,919 at December 31, 2017 and 2016, respectively. These accounts can be used to reduce subsequent Plan Sponsor contributions and pay administrative expenses. Forfeited nonvested accounts totaling \$6,274 and \$200 were utilized during 2017 and 2016, respectively.

## **Notes to the Financial Statements**

**December 31, 2017 and 2016**

**(h) Hardship withdrawals**

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not permitted to make contributions to the Plan for a period of six months following a hardship withdrawal.

**(i) Administrative expenses**

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements; while certain administrative expenses are charged to the participants' accounts and are included in administrative expenses.

Fees related to the administration of notes receivable from participants are charged directly to those participants' accounts.

Certain fees incurred by the Plan for the investment management services were netted within net appreciation in fair value of the investments, as they were paid through revenue sharing rather than as a direct payment.

**(j) Plan termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

**(2) Summary of significant accounting policies**

**(a) Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**(b) Investment valuation and income recognition**

Investments are stated at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. See Note (4) for discussion of fair value measurements and Note (5) for discussion of investment contract at contract value. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## **Notes to the Financial Statements**

**December 31, 2017 and 2016**

**(c) Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

**(d) Payment of benefits**

Benefits are recorded when paid.

**(e) Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**(f) Events occurring after reporting date**

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2017 and October 12, 2018, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

**(3) Certified information**

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedules, including both the fair value and contract value of investments and notes receivable from participants held at December 31, 2017 and 2016, net appreciation in the fair value of investments, dividends, and interest income on notes receivable from participants for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln Financial Group Trust Company, LLC ("Lincoln").

## Notes to the Financial Statements

December 31, 2017 and 2016

### (4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 and 3 are not applicable to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset's at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016

- (i) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end based on a quoted price in an active market. The mutual funds are deemed to be actively traded and are considered level 1 within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### (5) Investment contract with insurance company

The Plan has a guaranteed investment contract related investment option with Lincoln National Life Insurance Company ("Lincoln Insurance"), the Lincoln Stable Value Account. Lincoln Insurance maintains the Plan's contributions in a separate account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

# AUTO INVESTMENT, INC. 401(K) PLAN

## Notes to the Financial Statements

December 31, 2017 and 2016

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable to occur.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

### (6) Income tax status

The Plan Sponsor adopted a prototype profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the prototype plan was designed, as amended, in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and is therefore qualified and exempt from taxation.

# **AUTO INVESTMENT, INC. 401(K) PLAN**

## **Notes to the Financial Statements**

**December 31, 2017 and 2016**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(7) Untimely remittance of participant contributions**

The Employer is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from payrolls during 2017 and 2016, the funds were not remitted timely. Imputed lost earnings related to amounts withheld from wages in 2016 were remitted to the Plan in 2017. The 2017 late remittances are expected to be corrected during 2018.

**(8) Related-party and party-in-interest transactions**

Certain plan investments include a guaranteed investment contract managed by Lincoln and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

**(9) Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
