Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

October 5, 2018

Board of Trustees
Gemperle Brothers Profit Sharing Plan
Turlock, California

Report on the Financial Statements

We have audited the accompanying financial statements of Gemperle Brothers Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

RSM US Alliance

RSM US Alliance is a premier alliance of independent accounting and consulting firms. RSM US Alliance members maintain their separate identities and autonomy as independent firms and are responsible for their own client fee arrangements, delivery of services and maintenance of client relationships.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Gemperle Brothers Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all full-time employees of Gemperle Brothers and Gemperle Egg Packing, Inc. (the Company) who have completed one year of service and 1,000 hours. Employees can enter the Plan on January 1 or July 1 after they become eligible. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is non-participant directed. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Each year the Company contributes a percentage of qualified employee earnings. Contributions are at management's discretion. The Plan does not allow participant contributions.

Participant Accounts Each participant's account is credited with an allocation of (a) the Company's contributions, (b) Plan earnings (losses), and charged with an allocation of administrative expenses, and (c) forfeitures of terminated participants' nonvested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants The Plan does not allow for participant loans.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments. A participant may also take an in-service distribution after the attainment of age 55 or if an employee has been a participant in the Plan for at least 10 years.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Vesting A participant's vesting in the Company contributions portion of their account plus earnings thereon is based on years of continuous service. A participant becomes 100 percent vested after five years of credited service. A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures At December 31, 2017 and 2016, there were no forfeited nonvested accounts which had not been allocated to eligible participants.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors, brokerage firms, or trustees.

Note 2 Summary of Accounting Policies (Continued)

Investment Valuations and Income Recognition (Continued) Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits The Plan records benefits when paid. Total vested benefits due to terminated and retired participants but not paid was $5,628,650 as of December 31, 2017.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has determined that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 5, 2018, the date the financial statements were available to be issued.

Note 3 Concentration of Credit Risk

The Federal Deposits Insurance Corporation (FDIC) insures the money market funds held in the Plan's TD Ameritrade account for a maximum of $500,000. Securities held in the Plan's TD Ameritrade account are insured by the Securities Investor Protection Corporation for a maximum of $500,000. TD Ameritrade provides supplementary protection through other insurance companies, which is for securities only. In addition, the FDIC insures up to $250,000 for amounts held in other financial institutions. The uninsured cash and money market funds amounted to $1,640,966 at December 31, 2017.

Note 4 Transactions with Party-In-Interest

Gemperle Brothers and Gemperle Egg Packing Inc., the Plan Sponsor's, Fox and Fox, the Plan's third party administrator, American Investor's Company, the Plan's investment advisor, Triebsch & Frampton, the Plan's attorneys, and Atherton & Associates, LLP, the Plan's auditor, are parties-in-interest according to Section 3(14) of ERISA.

Note 5 Income Tax Status

The Plan adopted a prototype non-standardized profit sharing plan determination letter, which has been pre-approved by the Internal Revenue Service dated March 31, 2014. The pre-approved profit sharing plan opinion letter has been relied upon by this Plan. The Plan has been amended and restated since receiving the determination letter, however; the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 6 Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value.

Note 8 Fair Value Measurements (Continued)

Money market funds: Determined using a market approach and is based upon unadjusted quoted prices for identical assets in active markets.

Common stocks, preferred stocks, exchange traded funds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Partnership interest: Valued by computing the average net operating income for the prior five years and applying a capitalization rate of 10% less an estimated 5% discount for disposal purposes and then comparing to the underlying net book value.

Notes receivable: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:
