NOTE 1 – DESCRIPTION OF PLAN

The following description of the ERI 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a salary deferral plan covering substantially all employees of Electronic Recyclers International, Inc. and subsidiaries (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Electronic Recyclers International, Inc. is the Plan sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing one month of service. Participants must complete one year of service and at least 1,000 hours of service during the Plan year, to be eligible to receive any employer discretionary matching contribution. Effective January 1, 2018, eligibility for employer matching contributions was amended to add a requirement to be employed on the last day of the plan year.

Contributions

Participant contributions: Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer contributions: Employer matching contributions are discretionary and determined annually by the Company. There were no employer contributions for the year ended December 31, 2017. Subsequent to year end, the Company approved an employer matching contribution of up to 2% of eligible compensation for the 2018 plan year.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution, any Company matching contributions, forfeitures of terminated participant's non-vested account balance, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested 100% immediately in their elective deferral contributions and rollover contributions, plus actual earnings thereon. Participants vest 100% in any Company contributions upon death, normal retirement age, or based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 30 years. Plan loans will bear a reasonable rate of interest determined by the Plan administrator, currently 2% above the USA Today prime rate. Principal and interest are paid ratably through semi-monthly payroll deductions. As of December 31, 2017, the rates of interest on outstanding loans were 5.25% to 6.25% with various maturities through June 2022. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Payment of benefits – Upon termination of service, death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants whose vested account balance exceeds $5,000 and who are subject to lifetime required minimum distributions may receive installments payable in monthly, quarterly or annual installments equal to or exceeding the annual required minimum distribution amount. In addition, a participant may elect to receive a hardship or an in-service distribution when certain criteria are met as outlined in the Plan document.

Administrative costs – The Plan is administered by the Company and administrative expenses of the Plan are paid principally by the Company. Investment management fees related to the administration of the Plan are paid directly by the Plan. Participants are responsible for any distribution and loan expenses.

Forfeitures – Forfeited non-vested accounts may be applied to payment of the plan administration expenses or to reduce any Company matching contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's custodian, John Hancock Life Insurance Company (U.S.A.) (John Hancock), certifies the fair market value of all investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment management fees, and distribution and loan transaction fees, are paid by the Plan participants. All other investment fees from the investment options are charged directly against the investment performance and are included in net appreciation in fair value of investments.

Subsequent events – The Plan has evaluated subsequent events through October 15, 2018, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The Plan holds sub-accounts within a pooled separate account under a group annuity contract with John Hancock. The sub-accounts are invested in shares of a corresponding fund issued by John Hancock, or in shares of funds issued by other management investment companies or collective investment trusts. Following is a description of the valuation techniques used for assets measured at fair value.

Pooled separate account: Units held in pooled separate account sub-accounts are valued using the net asset value practical expedient (NAV practical expedient) of the sub-account as reported by the custodian. The NAV practical expedient is based on the fair value of the underlying assets owned by the sub-account, minus its liabilities, and then divided by the number of units outstanding.

The Plan currently invests in the following significant sub-accounts under the John Hancock Separate Account B. (Other sub-accounts available and insignificant sub-accounts are not disclosed here). All of the sub-accounts calculate NAV practical expedient per share. There are no unfunded commitments, redemption frequency restrictions, redemption notice periods, or any redemption restrictions, except restrictions may be imposed to minimize short-term trading activity.

JH Retirement Thru "Year" Active Strategy: These are a series of target date asset allocation portfolios, each identified by a future year. The fund seeks high total return until its target retirement date. To pursue this goal, the fund, which is a fund of funds, invests, under normal market conditions, substantially all of its assets in underlying funds using an asset allocation strategy designed for investors expected to retire in the designated retirement year.

John Hancock Lifestyle Aggressive - Active Strategies: The fund seeks to achieve long-term growth of capital by investing 100% of the portfolio assets in underlying portfolios that invest primarily in equity securities.

John Hancock Lifestyle Growth - Active Strategies: The fund seeks long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolios that invest primarily in fixed-income securities. Current income is also a consideration.

John Hancock Lifestyle Balanced - Active Strategies: The fund seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities.

500 Index Fund: The fund seeks to achieve the approximate aggregate total return of a broad U.S. domestic equity market index. The managers try to match the performance of the S&P 500 Index by holding all, or a representative sample of, the securities that comprise the Index.

Fidelity Advisor Total Bond Fund: The fund seeks to achieve a high level of current income by investing approximately 80% of assets in debt securities and repurchase agreements for those securities. They use the Barclays U.S. Universal Bond Index as a guide in allocating assets across the investment-grade, high yield, and emerging market asset classes.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – TAX STATUS

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net appreciation in fair value of investments and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by John Hancock (the insurance company and custodian) and are managed by John Hancock Asset Management, an affiliate of John Hancock. Therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan to John Hancock were $10,129 for the year ended December 31, 2017. Fees paid to John Hancock Asset Management are included as reductions of the return on each related investment.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, amounts allocated to a participant's account become fully vested.
