Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Auto Trust 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information as summarized in Note 5, which was certified by the John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Auto Trust 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan, which was started July 1, 2000, is a defined contribution profit sharing plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan covers all full-time employees of Paragon Motors of Woodside, Inc. and related companies (the "Company"), who have completed three months of service. The trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

b. Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

At the election of the Company, matching contributions and additional discretionary contributions may be made to an employee's account. The amount of the discretionary contribution is determined annually. Employees are not required to make elective deferrals in order to receive a discretionary contribution. Discretionary and matching contributions are allocated in accordance with provisions in the plan document. During the year ended December 31, 2017, the Company did not make any matching or discretionary contributions to the Plan. Contributions are subject to certain IRS limitation.

c. Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching and discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus earnings, thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

e. Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

1. **Description of Plan (continued)**

f. Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other form of payment permitted under the Plan. If the vested account balance is less than $5,000, a participant may receive a distribution in cash or elect to rollover their distribution to an IRA or other qualified plan. If consent is not given, the vested benefit automatically will be rolled over to an IRA selected by the Plan Administrator. If the total vested benefit is $1,000 or less, the entire vested benefit will be distributed in a lump sum without participant consent.

g. Forfeited Accounts

At December 31, 2017 and 2016, there were no forfeited non-vested account balances. During 2017, there were no reductions in administrative expenses or Company contributions from forfeited non-vested accounts. Forfeitures are used first to reduce administrative expenses of the Plan and any remaining balances are used to reduce Company contributions.

2. **Summary of Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

2. **Summary of Accounting Policies (continued)**

Accounting for Investments

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Management had early adopted the provisions of the new standard.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, and Part (III) Measurement Date Practical Expedient. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits.

Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. Parts I and III of this standard were not applicable to this Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. The Plan distributed 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts: Valued at net asset value (NAV) of units inside of a group annuity insurance contract. The underlying investments are pooled separate accounts that operate like mutual funds but they are not registered with the Securities and Exchange commission. Unit values are assigned by John Hancock Life Insurance Company of New York ("Hancock") to each pooled separate account which will be different than the NAV of the underlying security because of cash that might be held for liquidity purposes and certain asset management fees charged to the fund and not charged separately to investors.

Guaranteed Interest Accounts: The accounts are valued at fair value using interest rates in effect at the valuation date compared with rates actually credited to the accounts. The use of daily interest rates which are applied to new deposits and used in the fair value calculation constitute an active market, similar to the values used in the NAV calculations for the pooled separate accounts.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. The following assets held by the Plan were valued using NAV as a practical expedient.

	Assets at Fair Value NAV	
	2016	2016
Pooled Separate Accounts	$ 7,092,570	$ 5,681,935

3. **Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, The Plan's assets at fair value as of December 31, 2017 and 2016.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Accounts	$ 3,883	$ -	$ -	$ 3,883
Investments at fair value	$ 3,883	$ -	$ -	$ 3,883

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Accounts	$ 15,649	$ -	$ -	$ 15,649
Investments at fair value	$ 15,649	$ -	$ -	$ 15,649

4. **Group Annuity Contract with John Hancock Life Insurance Company of New York**

At of December 31, 2017, the Plan held an unallocated group annuity contract with Hancock. Contributions can be invested either in the pooled separate accounts or in the guaranteed interest accounts. The guaranteed interest accounts are held in the Hancock general account. The guaranteed accounts are credited with interest over defined 3, 5 or 10 year terms, less any applicable contract or participant- level recordkeeping charges, with certain restrictions. The insurance company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest rates are established on the first day of each calendar month and apply to regular ongoing contributions made to that account in that month. The group annuity contract does not permit the insurance company to terminate the guaranteed accounts prior the scheduled maturity dates.

5. **Information Certified by the Custodian**

The plan management has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Hancock, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

Statements of net assets available for benefits:

	2016	2016
Investments at fair value	$ 7,096,453	$ 5,697,584
Notes receivable from participants	298,126	299,231

The custodian also certified to the completeness and accuracy of the net investment earnings as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.

Statement of changes in net assets available for benefits:	2017
Net appreciation in fair value of investments	$ 929,519
Interest	65

6. **Related-Party Transaction and Party in Interest Transactions**

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan including, the Company. The Plan's investments are administered by Hancock which also acts as the Plan's custodian and record-keeper . The Plan pays broker commissions to NYLife Securities, LLC. Broker commissions, are part of the transaction costs for the purchase and sale of the underlying pooled separate accounts and are not separately stated. Associated Pension Consultants, Inc. is the third party administrator and received fees and other compensation of $5,711 from the Plan in 2017.

7. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. **Tax Status**

The IRS has determined and informed the Company by a letter to the company dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
