As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Note 1 Description of Plan

The following description of the GCE International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of GCE International, Inc. (the "Company" or "Employer"). The Plan was established on January 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's investments are in the custody of Wells Fargo Bank, N.A., Trustee of the Plan, as of December 31, 2017 and 2016. USI Consulting Group performs recordkeeping for the Plan.

Employee Contributions

Each employee (also referred to herein as "participant") of the Company, who has met eligibility requirements, as defined, may contribute to the Plan from 1% to 100% of their annual compensation, as defined, on a pre-tax basis ("Elective Deferrals"), not to exceed the maximum allowable under the Internal Revenue Code for any plan year ($18,000 for 2017). Employees who reach age 50 during a plan year may elect to contribute certain additional amounts beyond those defined limits ($6,000 for 2017). At the discretion of the Plan Administrator, participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans and individual retirement accounts. Employees may make contributions in any combination of Elective Deferrals or Roth Elective Deferrals. Effective January 1, 2015, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Employer Contributions

The Employer, in its sole discretion, may make matching contributions to the Plan on an annual basis. The percentage of the matching contribution will be determined by the Company and allocated to participants at the end of the plan year. In addition, the Plan allows the Employer to make discretionary contributions. Employer discretionary contributions are allocated based on compensation in relation to all eligible participants. There were no matching contributions or discretionary contributions made by the Company for the year ended December 31, 2017.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. In addition, upon retirement, permanent disability, or death before retirement, the participant will be fully vested, regardless of years of service.

Note 1 Description of Plan (continued)

Participant Accounts
Each participant's account is credited with (a) the participant's contribution, (b) employer contributions, if any, and (c) appropriate earnings on investments made with the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance or (b) $50,000. However, the $50,000 is reduced by the highest outstanding loan balance the participant had under the Plan within the previous twelve-month period on the date the loan is made. Note repayments are made ratably through weekly payroll deductions, with repayment terms ranging from up to 5 years or up to 30 years if for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate as of the last day of the immediately preceding calendar quarter, plus 1%. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2017, the annual interest rates ranged from 4.25% to 5.25%. As of December 31, 2016, the annual interest rates ranged from 4.25% to 4.50%.

Payment of Benefits
Upon termination of service due to death, disability or retirement, subject to the required commencement date as defined by the Plan and by law, a participant with a vested account balance greater than $5,000 may elect to receive a single lump-sum distribution equal to the value of the participant's vested interest in his or her account. For termination of service due to any other reasons, a participant may elect to receive a single lump-sum distribution equal to their vested account balance at the time of termination or such distribution may be deferred to a later date as provided under the Plan. However, a single lump-sum distribution will be made immediately upon termination if the participant's vested account balance is less than $5,000. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan; should a participant withdraw funds, he or she is not permitted to make elective contributions to the Plan for at least six months.

Forfeited Accounts
Forfeited, non-vested accounts will be used to reduce future employer contributions or to pay Plan expenses. As of December 31, 2017 and 2016, there were no forfeitures available to reduce employer contributions in future years.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and, accordingly, are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The costs of administering the Plan, other than individual account service charges, are paid by the Company.

Excess Contributions Payable

Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participants' contributions.

Note 2 Summary of Significant Accounting Policies (continued)

Recently Adopted Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Assets Value per Share* (*or Its Equivalent*) which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value (NAV) within the fair value hierarchy table. Instead, a Plan would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balances on the statements of net assets available for benefits. ASU No. 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan elected to early adopt ASU No. 2015-07 as of December 31, 2016, and has applied ASU No. 2015-07 retrospectively, as required. The Plan presents the investment disclosure required by this new guidance in Note 3, Fair Value Measurements. There are no effects on the statements of net assets available for plan benefits or the changes therein.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit- responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements is to be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has adopted Parts I and II as of December 31, 2016. Parts I and II are reflected in the statements of net assets available for benefits and in the notes to the financial statements. Certain historical disclosures that were required were removed.

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 Fair Value Measurements (continued)

- Common collective trusts – Units held in common collective trusts (CCT) are valued using the net asset value (NAV) practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.

- Money market accounts – Valued at amortized cost, which approximates fair value. The amortized cost is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity. Securities held by the money market fund are generally high quality and liquid; however, they are reflected as Level 2 because the inputs used to determine fair value are not quoted prices in an active market.

There have been no changes in methodologies used at December 31, 2017 and 2016.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

Note 4 Information Prepared and Certified by the Plan's Trustee

The following is a summary of the investment information regarding the Plan as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements, that was prepared or derived from information provided by Wells Fargo Bank, N.A., the Trustee of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Trustee that such information is complete and accurate.

	2017	2016
Mutual funds	**$ 9,475,716**	$ 7,971,926
Common collective trusts	**$ 1,297,408**	$ 1,313,118
Money market funds	**$ 2,435**	$ 2,823
Notes receivable from participants	**$ 120,883**	$ 113,905
Net appreciation in fair value of investments	**$ 1,360,480**	
Dividends	**$ 105,757**	
Interest on participant loans receivable	**$ 4,771**	

Note 5 Common Collective Trusts

The Plan invests in fully benefit-responsive common collective trusts. The fair value of the common collective trusts is based on the net asset value per share. The following table summarizes those investments for the years ended December 31, 2017 and 2016:

Year	Fair Value	Uncommitted Funds	Frequency (if currenlty eligible)	Redemption Notice Period
December 31, 2017	**$ 1,297,408**	n/a	Daily	n/a
December 31, 2016	$ 1,313,118	n/a	Daily	n/a

Note 6 Tax Status

The Plan is based on the Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangements ("CODA") of USI Consulting Group, the recordkeeper of the Plan, which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan has not yet filed for its own determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes due from the Plan has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. In the event the Plan is subject to interest and/or penalties, they would be included as a component of administrative expenses. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes the Plan is no longer subject to tax examinations for years prior to 2014.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 Related Party Transactions and Party-In-Interest Transactions

Wells Fargo, the trustee and custodian, provides certain administrative services to the Plan pursuant to an agreement between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for its administrative services to the Plan.

If the revenue received by Wells Fargo from such mutual fund or collective trust fund service providers exceeds the amount owed under the agreement, Wells Fargo remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2017, there were no excess amounts. The Plan or Plan sponsor may make a payment to Wells Fargo for administrative expenses not covered by revenue sharing.

Participant loan transactions are also party-in-interest transactions.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 Reconciliation of Financial Statements to Form 5500

The Plan files its Form 5500 on the cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2017 to Schedule H of Form 5500:

	December 31, 2017
Net assets available for benefits per the financial statements	$ 10,900,942
Excess contribution payable	16,624

	Year Ended December 31, 2017
