NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of Circle of Care 401k Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan which covers substantially all employees of Circle of Care. Employees become eligible to participate in the Plan if they complete sixty days of service and have attained age 21. Entry dates for participants are the first day of the Plan year or the first day of the next successive three month periods (quarterly) thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute to the Plan a percentage of their compensation; however, total deferrals in any taxable year may not exceed a certain dollar amount which is set by law. The employer may make discretionary nonelective and/or matching contributions each year. Participants who reach the age of 50 before the close of a calendar year are eligible to make catch-up elective deferral contributions to the Plan. Participants may designate part or all of their salary deferral contributions as Roth after-tax contributions. Participants may elect to change their investment options any time throughout the year via direct telephone or internet access.

Participant Accounts

Benefits to employees of the Company consist of employer nonelective and matching contributions, participant contributions, and earnings on investments. Nonelective contributions are discretionary and are determined separately for each employee classification. Participants are immediately eligible to receive an allocation of employer contributions. Per management's discretion, 2016 matching contributions are allocated based on eligible participant deferrals and are equal to a discretionary percentage of 50% of up to 4% of the participant's compensation on the last day of the Plan year. There were no 2017 employer nonelective or matching contributions.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Participants vest at a rate of 25% per year in matching contributions after the first year of service resulting in a 100% vested interest after four years of service.

Upon normal retirement age, or in the event of death or disability, the participant becomes 100% vested.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service for any reason, a participant may elect to receive an amount equal to the value of the participant's vested balance as soon as administratively feasible following the next Plan Valuation Date in the form of a lump-sum distribution.

Forfeitures

Forfeitures of nonvested nonelective and matching contributions may be used to reduce the contributions payable to the Plan or to pay Plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for the benefit of the participants and changes in those net assets.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants

Participants may borrow, subject to certain conditions, from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest earned on participant loans was $6,080 and $3,151 for 2017 and 2016, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan may be paid by the Plan to the extent not paid by the employer. Administrative expenses attributable to terminated participants are allocated among terminated employees in proportion to the amount of their account balance. Administrative expenses attributable to active participants are allocated among active employees in proportion to the amount of their account balance.

NOTE 3 – CERTIFIED FINANCIAL INFORMATION

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2017 and 2016. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Newport Trust Company for the years ended December 31, 2017 and 2016, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

The following table presents the fair value of participant-directed investments and participant loans in this Plan that were certified by Newport Trust Company for the years ended December 31, 2017 and 2016.

	2017	2016
Pooled separate accounts	2,672,692	2,302,726
Cash	54,247	27,888
Participant loans	141,352	77,342
	$ 2,868,291	$ 2,407,956

NOTE 3 – CERTIFIED FINANCIAL INFORMATION (CONTINUED)

Newport Trust Company also certified to the completeness and accuracy of $349,991 of interest, dividends and net appreciation in fair market value of investments for the year ended December 31, 2017. Newport Trust Company also certified the interest income from participant loans for the year ended December 31, 2017 of $6,080.

Newport Trust Company also certified to the completeness and accuracy of $158,076 of interest, dividends and net appreciation in fair market value of investments for the year ended December 31, 2016. Newport Trust Company also certified the interest income from participant loans for the year ended December 31, 2016 of $3,151.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan, in a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not been amended since receiving the determination letter. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The plan administrator believes that the Plan is no longer subject to income tax examination for years ending prior to December 31, 2014.

NOTE 5 – CONCENTRATIONS OF CREDIT RISK

The Plan's investments are not guaranteed by any federal depository insurance. Any significant concentration of credit risk related to the specific investments in the registered investment companies may subject the Plan investments to economic changes occurring within those industries in which the funds have invested.

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Input to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value by the Plan.

Pooled separate accounts: Valued at the net asset value by the trustee, as of the close of business and adjusted for dividends, splits, administrative maintenance charges and other items.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with FASB ASC 820. The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,672,692	$ -	$ 2,672,692
	$ -	$ 2,672,692	$ -	$ 2,672,692

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,302,726	$ -	$ 2,302,726
	$ -	$ 2,302,726	$ -	$ 2,302,726

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – BONDING REQUIREMENT

The Plan was in compliance with the bonding requirement set by ERISA, Title I and Section 412 for the years ended December 31, 2017 and 2016.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated by plan management through October 10, 2018, the date the financial statements were available to be issued.
