Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Horizon Lines Capital Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of each bargaining class (represented by bargaining unit for collective bargaining purposes) of Matson Navigation Company of Alaska, LLC, formerly known as Horizon Lines of Alaska, LLC (the Company). The Plan Administrator is responsible for oversight of the Plan. The Benefits Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: Effective January 1, 2017, the Plan was amended to allow Plan expenses to be paid from forfeitures and to allow amounts that Fidelity Management Trust Company (Fidelity) agrees to credit to the Plan in recognition of Fidelity's compensation for Plan services to be allocated to the Plan.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company shall make additional contributions for each active participant who is a member of a bargaining unit that has collectively bargained for such additional contribution. The Company contributes additional employer contributions according to the specifications of each contract for each union that has collectively bargained to participate in this Plan. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the participant. The Company did not make any additional profit-sharing contributions during 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. CSX Lines common stock that is purchased as employer contributions, for employees of the certain bargaining class that receives this employer contribution per its collective bargaining agreement, is a nonparticipant-directed investment. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's employer discretionary and/or additional contributions and allocations of Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, the Company's non-elective employer contributions and actual earnings thereon.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the balance in the participant's vested account and bear interest at a rate determined by the Plan Administrator. These rates range from 4.25% to 5.25% on loans outstanding at December 31, 2017, and mature through 2022. Principal and interest are paid ratably through weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Revenue credits: Revenue credits are recorded on the accrual basis as earned by the Plan.

Contributions: Contributions from Plan participants and the non-elective employer contribution from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed with the exception of contributions to CSX Lines common stock, which is a nonparticipant-directed investment. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2017) through October 15, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Registered investment companies	\$ 9,451,713	\$ 8,443,352
Common stock*	1,024,256	752,670
Common collective trust fund	1,669,026	1,753,828
	<u>\$ 12,144,995</u>	<u>\$ 10,949,850</u>
Notes receivable from participants	<u>\$ 277,875</u>	<u>\$ 283,815</u>

*Nonparticipant-directed investments (Note 8).

Fidelity Management Trust Company also certified to the completeness and accuracy of \$1,474,768 of net appreciation in fair value of investments, \$8,864 of other income, revenue credits and \$603,103 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Description	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,451,713	\$ -	\$ -	\$ 9,451,713
Common stock	1,024,256	-	-	1,024,256
	<u>\$ 10,475,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>10,475,969</u>
Investments measured at NAV (a)				1,669,026
Investments at fair value				<u>\$ 12,144,995</u>

Description	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,443,352	\$ -	\$ -	\$ 8,443,352
Common stock	752,670	-	-	752,670
	<u>\$ 9,196,022</u>	<u>\$ -</u>	<u>\$ -</u>	<u>9,196,022</u>
Investments measured at NAV (a)				1,753,828
Investments at fair value				<u>\$ 10,949,850</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2017 and 2016.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2017	2016			
Common collective trust fund:					
Fidelity Managed Income Portfolio	<u>\$ 1,669,026</u>	<u>\$ 1,753,828</u>	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Parties-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee totaled \$5,648 for the year ended December 31, 2017. The Company also paid certain administrative expenses of the Plan. Income received from the trustee related to a revenue sharing arrangement totaled \$8,864 for the year ended December 31, 2017.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 5. Related Party and Parties-in-Interest Transactions (Continued)

Strategic Advisors, Inc. serves as investment advisor to the Plan; therefore, transactions with Strategic Advisors, Inc. qualify as parties-in-interest transactions. Fees paid by the Plan to Strategic Advisors, Inc. totaled \$8,868 for the year ended December 31, 2017.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

Effective April 1, 2015, the Plan adopted a standardized form of a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Nonparticipant-Directed Investments

The following information included in these financial statements was certified by Fidelity Management Trust Company, trustee of the Plan.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Horizon Lines Capital Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of each bargaining class (represented by bargaining unit for collective bargaining purposes) of Matson Navigation Company of Alaska, LLC, formerly known as Horizon Lines of Alaska, LLC (the Company). The Plan Administrator is responsible for oversight of the Plan. The Benefits Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: Effective January 1, 2017, the Plan was amended to allow Plan expenses to be paid from forfeitures and to allow amounts that Fidelity Management Trust Company (Fidelity) agrees to credit to the Plan in recognition of Fidelity's compensation for Plan services to be allocated to the Plan.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company shall make additional contributions for each active participant who is a member of a bargaining unit that has collectively bargained for such additional contribution. The Company contributes additional employer contributions according to the specifications of each contract for each union that has collectively bargained to participate in this Plan. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the participant. The Company did not make any additional profit-sharing contributions during 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. CSX Lines common stock that is purchased as employer contributions, for employees of the certain bargaining class that receives this employer contribution per its collective bargaining agreement, is a nonparticipant-directed investment. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's employer discretionary and/or additional contributions and allocations of Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, the Company's non-elective employer contributions and actual earnings thereon.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the balance in the participant's vested account and bear interest at a rate determined by the Plan Administrator. These rates range from 4.25% to 5.25% on loans outstanding at December 31, 2017, and mature through 2022. Principal and interest are paid ratably through weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Revenue credits: Revenue credits are recorded on the accrual basis as earned by the Plan.

Contributions: Contributions from Plan participants and the non-elective employer contribution from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed with the exception of contributions to CSX Lines common stock, which is a nonparticipant-directed investment. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2017) through October 15, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Registered investment companies	\$ 9,451,713	\$ 8,443,352
Common stock*	1,024,256	752,670
Common collective trust fund	1,669,026	1,753,828
	<u>\$ 12,144,995</u>	<u>\$ 10,949,850</u>
Notes receivable from participants	<u>\$ 277,875</u>	<u>\$ 283,815</u>

*Nonparticipant-directed investments (Note 8).

Fidelity Management Trust Company also certified to the completeness and accuracy of \$1,474,768 of net appreciation in fair value of investments, \$8,864 of other income, revenue credits and \$603,103 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Description	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,451,713	\$ -	\$ -	\$ 9,451,713
Common stock	1,024,256	-	-	1,024,256
	<u>\$ 10,475,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>10,475,969</u>
Investments measured at NAV (a)				1,669,026
Investments at fair value				<u>\$ 12,144,995</u>

Description	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,443,352	\$ -	\$ -	\$ 8,443,352
Common stock	752,670	-	-	752,670
	<u>\$ 9,196,022</u>	<u>\$ -</u>	<u>\$ -</u>	<u>9,196,022</u>
Investments measured at NAV (a)				1,753,828
Investments at fair value				<u>\$ 10,949,850</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2017 and 2016.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2017	2016			
Common collective trust fund:					
Fidelity Managed Income Portfolio	<u>\$ 1,669,026</u>	<u>\$ 1,753,828</u>	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Parties-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee totaled \$5,648 for the year ended December 31, 2017. The Company also paid certain administrative expenses of the Plan. Income received from the trustee related to a revenue sharing arrangement totaled \$8,864 for the year ended December 31, 2017.

Note 5. Related Party and Parties-in-Interest Transactions (Continued)

Strategic Advisors, Inc. serves as investment advisor to the Plan; therefore, transactions with Strategic Advisors, Inc. qualify as parties-in-interest transactions. Fees paid by the Plan to Strategic Advisors, Inc. totaled \$8,868 for the year ended December 31, 2017.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

Effective April 1, 2015, the Plan adopted a standardized form of a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
