In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. VALSPAR 401(K) PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
JULY 2, 2018, DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Valspar 401(k) Plan for Hourly Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Valspar Corporation (the Company) established the Plan to provide retirement and other benefits for employees and their beneficiaries. The Plan is a defined-contribution plan that is available to hourly employees as defined in accordance with the Plan. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company has appointed Fidelity Management Trust Company (Fidelity or the Trustee) to be the trustee of the Plan. The Plan was most recently restated as of January 1, 2016.

The Administration Committee of The Sherwin-Williams Company approved the merger of this Plan into The Sherwin-Williams Company Employee Stock Purchase and Savings Plan and The Sherwin Williams Company Hourly 401(k) Plan effective July 2, 2018. As a result, all investments were transferred from the Plan into the respective plans on that date.

Transfer of Assets

Aside from the transfer of assets related to the merger noted above, transfers both in and out of the Plan occurred as a result of employees changing positions and their status in collective bargaining agreements within the Company.

Eligibility

Individuals become eligible to defer wages after the employee has completed one hour of service. Participants must complete 365 days of service to share in the Company's contributions to the Plan.

Contributions

Employees electing to participate in the Plan make voluntary contributions on a pretax basis subject to certain limits. Upon becoming eligible to participate, participants are automatically enrolled to defer 4% of their eligible compensation unless otherwise instructed by the participants. Participants are allowed to change their salary deferral percentage at any time. The Company has agreed to contribute an amount equal to 100% of the first 2% and 50% of the next 2% of each employee's contributions up to a maximum match of 3% of eligible wages. Additionally, the Company may elect to contribute a discretionary matching contribution (not to exceed 100% of Company matching contributions) for eligible participants who are employed on the last day of the Plan year subject to certain provisions. The Company did not make a discretionary match contribution during the period ended July 2, 2018 and the year ended December 31, 2017.

The Plan allows participants who are age 50 and older to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Effective February 1, 2012, the Plan was amended to provide participants with an opportunity to make Roth contributions and in-plan Roth rollovers.

NOTES TO FINANCIAL STATEMENTS
JULY 2, 2018, DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Employee and company contributions vest immediately upon the participant completing one hour of service. A participant who is not credited with one hour of service after December 31, 2007, shall continue to be subject to the vesting rules of the prior Plan document in effect at the time of the participant's termination.

Forfeitures resulting from the termination of Plan participants with less than 100% vesting reduce the Company's contributions in the year of forfeiture. During the period ended July 2, 2018, \$25,508 of forfeitures were applied against company contributions. During the year ended December 31, 2017, \$17,000 of forfeitures were applied against company contributions. There were approximately \$-0-, \$25,400 and \$31,900 of forfeitures outstanding at July 2, 2018 and December 31, 2017 and 2016, respectively.

Investment Options

Participants have the option to allocate Plan contributions among several investment options, including the common stock of the Company. All choices vary in types of investments, rates of return and investment risk. Participants may elect to have all or part of their account balances and future contributions invested in one fund, transferred to another fund, or in any combination.

As a result of the merger with Sherwin-Williams in 2017, Valspar stock has been de-registered, and no longer held by the Plan as of December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and an allocation of plan earnings. Allocations are based on participants' earnings and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Dividends

Dividends on Company stock are either reinvested in The Valspar Corporation Stock Fund or distributed to participants. Dividends on The Valspar Corporation common stock received by The Valspar Corporation Master Trust (the Master Trust) totaled approximately \$1,437,000 for the year ended December 31, 2017. For the year ended December 31, 2017, the financial statements and Master Trust footnote reflect only the amount of dividends reinvested, which totaled approximately \$829,000 at the Master Trust level. As a result of Valspar stock de-registration during 2017, there were no dividends related to the Valspar Corporation common stock for the period ended July 2, 2018.

VALSPAR 401(K) PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
JULY 2, 2018, DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Distributions to Participants

Participants may elect to receive benefits in the form of a lump-sum distribution, an in-kind distribution of employer securities, a direct rollover to an IRA account or another qualified employee benefit plan, or in a series of installments over the life expectancy of the participant or the joint life expectancies of such participant and such participant's designated beneficiary. However, according to the Plan, benefits will be paid in the form of a lump-sum distribution in the event that the participant's vested account balance does not exceed \$5,000. In-service and hardship distributions are also allowed subject to Plan provisions.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance. The repayment period is not to exceed 60 months; however, prior to January 1, 2009, participants were allowed to have notes outstanding for the purchase of a principal residence for a reasonable period of time, often exceeding the 60-month repayment period. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through after-tax payroll deductions over the terms of the notes.

Plan Administration

The Plan is administered by the Company, which absorbs a portion of the administrative costs of the Plan, with the Plan absorbing the major portion. The Trustee is responsible for holding the assets of the Plan and participant record keeping.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements reflect transactions on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

VALSPAR 401(K) PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
JULY 2, 2018, DECEMBER 31, 2017 AND 2016

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments in the Master Trust are stated at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All Plan assets were merged into The Sherwin-Williams Company Employee Stock Purchase and Savings Plan effective July 2, 2018. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis. Investment income and expenses are allocated to the Plan based upon its pro rata share in the net assets of the Master Trust.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Tax Status

The Plan is placing reliance on an opinion letter dated February 17, 2017, received from the Internal Revenue Service (IRS) indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 4, 2018, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
JULY 2, 2018, DECEMBER 31, 2017 AND 2016

NOTE 3 INVESTMENTS IN THE VALSPAR CORPORATION MASTER TRUST

Investments of the Plan are held in the Master Trust. The Master Trust also holds assets of the Valspar Savings and Retirement Plan.

Fidelity serves as the trustee of the Master Trust, and participants can choose among several investment options. Participants may change their investment elections and allocations daily in 1% increments.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Plan's interest in the fair value of the Master Trust was -0-%, 6.6% and 7.8% on July 2, 2018 and December 31, 2017 and 2016, respectively. Investments in the Master Trust are determined on a unit-value basis as determined by Fidelity. The Plan's investment returns may not approximate these percentage interests in returns of the Master Trust due to the mix of Master Trust investments held by the Plan.

The Plan provides for investments in various investment securities, including Company stock which, in general, is exposed to various risks, such as interest rate, credit and overall market volatility risks. At July 2, 2018 and December 31, 2017 and 2016, approximately -0-%, -0-% and 45%, respectively, of the Master Trust's net assets were invested in the common stock of The Valspar Corporation. NOTE 4 FAIR VALUE MEASUREMENTS

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 2, 2018 and December 31, 2017 and 2016.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Common Collective Trusts

The investments in the common collective trusts are recorded at the underlying net asset value per unit, which approximates fair value based on the audited financial statements of these funds.

Mutual Funds

Mutual funds are valued at the daily closing prices as reported by the fund. Investments held by the Plan are open-ended investments that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The investments held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy the Master Trust's investments at fair value as of July 2, 2018 and December 31, 2017 and 2016:
