Independent Auditor's Report

To the Plan Administrator
CCC Group, Inc. 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CCC Group, Inc. 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Bank & Trust, F.S.B., the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee and custodian hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the trustee and custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the Plan sponsor downsized its operations resulting in a partial Plan termination during 2016. Our disclaimer of opinion is not modified with respect to this matter.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Other Matter—Supplemental Schedules
The supplemental schedules, Schedule H, Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2017, and Schedule H, Line 4i—Schedule of assets (held at end of year) as of December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of CCC Group, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2017, to exclude certain compensation from deferral.

General: The Plan is a defined contribution plan that covers substantially all employees of CCC Group, Inc. (the Company) who have completed at least 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The 401(k) Advisory Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions: The Company may make employer discretionary contributions at the option of the Company's Board of Directors. Additional employer qualified nonelective contributions may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participants may elect to contribute up to 100 percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, employer qualified nonelective contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Company employer discretionary contributions have a three-year cliff vesting schedule as follows:

Completed Years of Service	Vested Percentage
Less than 3 years	0%
3 years	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Interest rates at December 31, 2017, ranged from 4.25 percent to 5.25 percent. Principal and interest are paid through payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. During 2017, employer contributions were reduced by $22,186 from forfeited nonvested accounts. At December 31, 2017 and 2016, unallocated forfeitures totaled $158,605 and $114,112, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of rear).

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants in May 2018. As a result, the Company may be liable for a 10 percent excise tax on the excess contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, Schedule H, Line 4a, Schedule of assets (held at end of year), that was prepared by or derived from information provided by Prudential Bank & Trust, F.S.B. (Prudential), the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company (PRIAC), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and custodian of the Plan that the information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule, Schedule H, Line 4a, Schedule of assets (held at end of year), related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Mutual funds	$ 26,452,855	$ 26,310,700
Investment at contract value:		
Guaranteed investment contract	1,721,708	2,174,850
Total investments	$ 28,174,563	$ 28,485,550
Notes receivable from participants	$ 989,646	$ 1,162,646

The trustee and custodian also certified to the completeness and accuracy of $3,073,315 of net appreciation in fair value of investments, $432,190 of interest and dividends related to the aforementioned assets, $78,979 of other income and $44,769 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 26,452,855	$ -	$ -	$ 26,452,855

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 26,310,700	$ -	$ -	$ 26,310,700

Transfers between levels: For the years ended December 31, 2017 and 2016, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 5. Guaranteed Investment Contract With PRIAC

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with PRIAC totaling $1,721,708 and $2,174,850 for 2017 and 2016, respectively. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurment for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5. Guaranteed Investment Contract With PRIAC (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. The guaranteed investment contract is with PRIAC, the custodian and, therefore, this investment qualifies as a party-in-interest transaction. Fees paid by the Plan to the trustee and custodian totaled $82,623 for the year ended December 31, 2017.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Plan sponsor contributions.

Note 8. Partial Plan Termination

During 2016, the Plan sponsor reduced its workforce through a series of lay-offs, which resulted in a partial plan termination. All participants affected by the partial plan termination became fully vested in their accounts prior to distributions being taken. Of the 254 participants affected, 151 participants received partial distributions from the Plan of approximately $385,000 during 2016, which was equal to the affected participants' vested account balance prior to the acceleration of vesting. The portion of the participants' account balances deemed 100 percent vested due to the partial plan termination was reinstated in October 2017 and totaled approximately $47,000. No additional contributions are due from the Plan sponsor, as available forfeitures are sufficient to reinstate the affected participants' balances in full.

Note 9. Tax Status

The Plan adopted a nonstandardized form of a prototype plan. The prototype Plan has received a determination letter from the IRS dated April 29, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During 2017 and 2016, the Plan sponsor sustained losses and negative cash flow from operations. The possibility exists that if the Plan sponsor cannot continue as a going concern, the Plan sponsor may terminate the Plan. However, as of the date of this report, there has been no decision to terminate the Plan. Therefore, no provision for this uncertainty has been made in the Plan's financial statements.

Note 11. Prohibited Transactions

During 2017 and 2016, the Plan sponsor inadvertently failed to deposit approximately $20 and $94,000, respectively, of participant contributions and loan repayments within the required time frame, as stated by the United States Department of Labor's Rules and Regulations. The Plan sponsor intends to deposit lost earnings to correct these failures in 2018. The correction and any excise taxes, if applicable, will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

Independent Auditor's Report

To the Plan Administrator
CCC Group, Inc. 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CCC Group, Inc. 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Bank & Trust, F.S.B., the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee and custodian hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the trustee and custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the Plan sponsor downsized its operations resulting in a partial Plan termination during 2016. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter—Supplemental Schedules
The supplemental schedules, Schedule H, Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2017, and Schedule H, Line 4i—Schedule of assets (held at end of year) as of December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of CCC Group, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2017, to exclude certain compensation from deferral.

General: The Plan is a defined contribution plan that covers substantially all employees of CCC Group, Inc. (the Company) who have completed at least 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The 401(k) Advisory Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions: The Company may make employer discretionary contributions at the option of the Company's Board of Directors. Additional employer qualified nonelective contributions may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participants may elect to contribute up to 100 percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, employer qualified nonelective contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Company employer discretionary contributions have a three-year cliff vesting schedule as follows:

Completed Years of Service	Vested Percentage
Less than 3 years	0%
3 years	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Interest rates at December 31, 2017, ranged from 4.25 percent to 5.25 percent. Principal and interest are paid through payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. During 2017, employer contributions were reduced by $22,186 from forfeited nonvested accounts. At December 31, 2017 and 2016, unallocated forfeitures totaled $158,605 and $114,112, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of rear).

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants in May 2018. As a result, the Company may be liable for a 10 percent excise tax on the excess contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, Schedule H, Line 4a, Schedule of assets (held at end of year), that was prepared by or derived from information provided by Prudential Bank & Trust, F.S.B. (Prudential), the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company (PRIAC), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and custodian of the Plan that the information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule, Schedule H, Line 4a, Schedule of assets (held at end of year), related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Mutual funds	$ 26,452,855	$ 26,310,700
Investment at contract value:		
Guaranteed investment contract	1,721,708	2,174,850
Total investments	$ 28,174,563	$ 28,485,550
Notes receivable from participants	$ 989,646	$ 1,162,646

The trustee and custodian also certified to the completeness and accuracy of $3,073,315 of net appreciation in fair value of investments, $432,190 of interest and dividends related to the aforementioned assets, $78,979 of other income and $44,769 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 26,452,855	$ -	$ -	$ 26,452,855

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 26,310,700	$ -	$ -	$ 26,310,700

Transfers between levels: For the years ended December 31, 2017 and 2016, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 5. Guaranteed Investment Contract With PRIAC

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with PRIAC totaling $1,721,708 and $2,174,850 for 2017 and 2016, respectively. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurment for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5. Guaranteed Investment Contract With PRIAC (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. The guaranteed investment contract is with PRIAC, the custodian and, therefore, this investment qualifies as a party-in-interest transaction. Fees paid by the Plan to the trustee and custodian totaled $82,623 for the year ended December 31, 2017.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Plan sponsor contributions.

Note 8. Partial Plan Termination

During 2016, the Plan sponsor reduced its workforce through a series of lay-offs, which resulted in a partial plan termination. All participants affected by the partial plan termination became fully vested in their accounts prior to distributions being taken. Of the 254 participants affected, 151 participants received partial distributions from the Plan of approximately $385,000 during 2016, which was equal to the affected participants' vested account balance prior to the acceleration of vesting. The portion of the participants' account balances deemed 100 percent vested due to the partial plan termination was reinstated in October 2017 and totaled approximately $47,000. No additional contributions are due from the Plan sponsor, as available forfeitures are sufficient to reinstate the affected participants' balances in full.

Note 9. Tax Status

The Plan adopted a nonstandardized form of a prototype plan. The prototype Plan has received a determination letter from the IRS dated April 29, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During 2017 and 2016, the Plan sponsor sustained losses and negative cash flow from operations. The possibility exists that if the Plan sponsor cannot continue as a going concern, the Plan sponsor may terminate the Plan. However, as of the date of this report, there has been no decision to terminate the Plan. Therefore, no provision for this uncertainty has been made in the Plan's financial statements.

Note 11. Prohibited Transactions

During 2017 and 2016, the Plan sponsor inadvertently failed to deposit approximately $20 and $94,000, respectively, of participant contributions and loan repayments within the required time frame, as stated by the United States Department of Labor's Rules and Regulations. The Plan sponsor intends to deposit lost earnings to correct these failures in 2018. The correction and any excise taxes, if applicable, will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31	
	2017	2016

Independent Auditor's Report

To the Plan Administrator
CCC Group, Inc. 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CCC Group, Inc. 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Prudential Bank & Trust, F.S.B., the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee and custodian hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the trustee and custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the Plan sponsor downsized its operations resulting in a partial Plan termination during 2016. Our disclaimer of opinion is not modified with respect to this matter.

Note 1. Description of Plan

The following description of CCC Group, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2017, to exclude certain compensation from deferral.

General: The Plan is a defined contribution plan that covers substantially all employees of CCC Group, Inc. (the Company) who have completed at least 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The 401(k) Advisory Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions: The Company may make employer discretionary contributions at the option of the Company's Board of Directors. Additional employer qualified nonelective contributions may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participants may elect to contribute up to 100 percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, employer qualified nonelective contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Company employer discretionary contributions have a three-year cliff vesting schedule as follows:

Completed Years of Service	Vested Percentage
Less than 3 years	0%
3 years	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Interest rates at December 31, 2017, ranged from 4.25 percent to 5.25 percent. Principal and interest are paid through payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. During 2017, employer contributions were reduced by $22,186 from forfeited nonvested accounts. At December 31, 2017 and 2016, unallocated forfeitures totaled $158,605 and $114,112, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of rear).

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants in May 2018. As a result, the Company may be liable for a 10 percent excise tax on the excess contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, Schedule H, Line 4a, Schedule of assets (held at end of year), that was prepared by or derived from information provided by Prudential Bank & Trust, F.S.B. (Prudential), the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company (PRIAC), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and custodian of the Plan that the information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule, Schedule H, Line 4a, Schedule of assets (held at end of year), related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Mutual funds	$ 26,452,855	$ 26,310,700
Investment at contract value:		
Guaranteed investment contract	1,721,708	2,174,850
Total investments	$ 28,174,563	$ 28,485,550
Notes receivable from participants	$ 989,646	$ 1,162,646

The trustee and custodian also certified to the completeness and accuracy of $3,073,315 of net appreciation in fair value of investments, $432,190 of interest and dividends related to the aforementioned assets, $78,979 of other income and $44,769 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 26,452,855	$ -	$ -	$ 26,452,855

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 26,310,700	$ -	$ -	$ 26,310,700

Transfers between levels: For the years ended December 31, 2017 and 2016, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 5. Guaranteed Investment Contract With PRIAC

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with PRIAC totaling $1,721,708 and $2,174,850 for 2017 and 2016, respectively. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurment for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5. Guaranteed Investment Contract With PRIAC (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. The guaranteed investment contract is with PRIAC, the custodian and, therefore, this investment qualifies as a party-in-interest transaction. Fees paid by the Plan to the trustee and custodian totaled $82,623 for the year ended December 31, 2017.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Plan sponsor contributions.

Note 8. Partial Plan Termination

During 2016, the Plan sponsor reduced its workforce through a series of lay-offs, which resulted in a partial plan termination. All participants affected by the partial plan termination became fully vested in their accounts prior to distributions being taken. Of the 254 participants affected, 151 participants received partial distributions from the Plan of approximately $385,000 during 2016, which was equal to the affected participants' vested account balance prior to the acceleration of vesting. The portion of the participants' account balances deemed 100 percent vested due to the partial plan termination was reinstated in October 2017 and totaled approximately $47,000. No additional contributions are due from the Plan sponsor, as available forfeitures are sufficient to reinstate the affected participants' balances in full.

Note 9. Tax Status

The Plan adopted a nonstandardized form of a prototype plan. The prototype Plan has received a determination letter from the IRS dated April 29, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During 2017 and 2016, the Plan sponsor sustained losses and negative cash flow from operations. The possibility exists that if the Plan sponsor cannot continue as a going concern, the Plan sponsor may terminate the Plan. However, as of the date of this report, there has been no decision to terminate the Plan. Therefore, no provision for this uncertainty has been made in the Plan's financial statements.

Note 11. Prohibited Transactions

During 2017 and 2016, the Plan sponsor inadvertently failed to deposit approximately $20 and $94,000, respectively, of participant contributions and loan repayments within the required time frame, as stated by the United States Department of Labor's Rules and Regulations. The Plan sponsor intends to deposit lost earnings to correct these failures in 2018. The correction and any excise taxes, if applicable, will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
