AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following brief description of the Axel Johnson Inc. Thrift Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan. Generally, all permanent, salaried or hourly employees scheduled to work at least 20 hours per week of Axel Johnson Inc. and designated subsidiaries (Kinetico Incorporated, Parkson Corporation (“Parkson”), Sprague Resources LLC and HighRes Biosolutions, Inc.) (collectively referred to as the “Employer” or the “Company”) are eligible to participate in the Plan as of their date of hire. Parkson Corporation acquired all of the outstanding stock of Meurer Research, Inc. (“MRI”) effective as of April 1, 2017. MRI terminated its 401(k) plan, the Meurer Research, Inc. 401(k) Plan (the “MRI Plan”), immediately prior to such acquisition, and became a Participating Company in this Plan on April 1, 2017. Distributions made in connection with the termination of the MRI Plan were eligible to be rolled over (at the election of the affected participants) to this Plan. In determining the years of Service for vesting purposes, for any Participant who was employed by MRI prior to April 1, 2017, service performed for MRI prior to such date shall be treated as though it were performed for the Company.

Individuals who are members of any collective bargaining unit that does not provide for participation of such employees in the Plan are excluded. All of the assets of the Plan are held by Vanguard Fiduciary Trust Company (“Vanguard” or “Trustee”). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is administered by the Thrift Plan Administrative Committee (the “Committee”) of the Employer.

Contributions

Eligible participants may elect to make pre-tax, after-tax and/or Roth contributions to the Plan through monthly payroll deductions. A minimum 2% contribution is required and additional contributions can be made up to 70% (less if certain Internal Revenue Service (“IRS”) or plan limits are reached) of the participant’s eligible compensation, as defined in the Plan document. An automatic enrollment feature applies to Eligible Employees of Kinetico Incorporated hired on or after December 1, 2006 and to Eligible Employees hired by each other Participating Company on or after December 1, 2010 under such feature, each such Eligible Employee shall be automatically enrolled in the Plan with a Pre-Tax Contribution percentage of (i) 3% of Eligible Compensation for Eligible Employees hired prior to July 1, 2017 and (ii) 6% of Eligible Compensation for Eligible Employees hired on or after July 1, 2017.

The Employer contributes a matching contribution of 60% on the first 6% of participant pre-tax and/or Roth contributions.

Eligible participants also receive an employer contribution of 2.4% or 5.0% of eligible compensation (depending on their subsidiary), as defined by the Plan document (more for some employees based on age and company service as of December 31, 2003). This is in addition to the matching contributions described above. Eligible employees are not required to make voluntary contributions to the Plan in order to receive the Employer defined contribution (“DC contribution”) from the Company.

Notes to Financial Statements

December 31, 2017 and 2016

On or after July 1, 2017, the Committee shall be permitted to implement a one-time automatic re-enrollment under which all Eligible Employees, regardless of their date of hire, who contribute less than 6% of Eligible Compensation on a Pre-Tax and/or Roth Contribution basis shall be automatically increased to 6% of Eligible Compensation, with any such additional contributions to be made on a Pre-Tax Contribution basis (or on a Roth Contribution basis for Eligible Employees currently contributing solely on that basis).

Participant Accounts

Each participant's account is credited with the participant's pre-tax and/or after-tax contributions and the applicable portion of the Employer's matching and DC contribution, as well as plan earnings. Subject to the provisions of the Plan, participants direct the investment of their account balance among the available investment funds.

Vesting

Participants are immediately vested in their pre-tax, Roth and after-tax contributions. Active employees may withdraw after-tax, rollover and vested employer contributions up to four times per year, while pre-tax and Roth contributions can only be withdrawn upon attainment of age 59-1/2 or in the case of financial hardship in accordance with IRS requirements. The DC contribution cannot be withdrawn by active employees prior to age 59-1/2.

All employees are 100% vested in the Employer matching and DC contributions, except employees of Parkson. At Parkson, the vesting schedule is as follows:

Employer Matching Contributions - If a participant terminates service with the Employer prior to attaining two years of plan participation or three years of service to Parkson, 100% of all Employer contributions will be forfeited.

DC Contribution - A participant vests 20% for each year of service and is 100% invested in the DC contribution after five years of service.

Participants terminating service with Parkson under all other circumstances, including death, retirement and total disability, will be entitled to receive the full value of their vested employer contributions.

Forfeitures

Forfeitures may be used to reduce future company contributions or pay administrative expenses in accordance with the Plan's provisions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$8,348 and \$59, respectively. During the year ended December 31, 2017, the Plan utilized forfeitures in the amount of \$38,961 to pay administrative expenses and/or offset company contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of his or her account by (1) a lump-sum payment in cash or direct rollover, or (2) installment payments. Participants with an account balance greater than \$5,000 may elect to defer their accounts.

Notes to Financial Statements
December 31, 2017 and 2016

Participant Loans

Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000, but may not borrow less than \$1,000. Only one loan may be outstanding at a time. The loans bear interest at the prime rate plus one percentage point at the time the loan is made and are secured by each borrowing participant's account balance. The terms of such loans are up to five years or up to 25 years for a qualified home loan.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan provisions. Administrative expenses that may be paid by the Plan include record-keeping, trustee, investment consulting, legal and audit fees. Fees for loan administration are deducted directly from participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting except for benefit payments, which are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems a participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of Investments

Investments are stated at fair value as determined by the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

Risks and Uncertainties

The Plan maintains investments in various securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. FAIR VALUE MEASUREMENTS

Financial assets and liabilities are required to be measured and reported on a fair value basis using the following three levels for classification and disclosure purposes:

- Level 1 - Measurements that are most observable and are based on quoted process of identical instruments obtained from the principal markets in which they are traded. Closing prices are both readily available and representative of fair value. Market transactions occur with sufficient frequency and volume to assure liquidity.
- Level 2 - Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2.
- Level 3 - Measurements that are least observable are estimated from significant unobservable inputs determined from sources with little or no market activity for comparable contracts or for positions with longer durations.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Level 1 - These investments are registered investment company investments that are valued at quoted prices in active markets.
- Level 2 - There are no Level 2 assets in the Plan.
- Level 3 - There are no Level 3 assets in the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements

The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. The following tables present the Plan's assets using the fair value hierarchy as of December 31:

At its discretion, the fund may delay a plan-directed liquidation of assets for up to one year from the date of notification by the Plan sponsor.

4. INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. PLAN TERMINATION

Subject to the provisions of ERISA, the Company specifically reserves the right to amend or terminate the Plan and to discontinue contributions at any time. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has received a determination letter from the IRS dated November 14, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED-PARTY TRANSACTIONS

Certain of the Plan's assets are invested in funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2017, financial statements for subsequent events through October 15, 2018, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements.

Notes to Financial Statements

December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following brief description of the Axel Johnson Inc. Thrift Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan. Generally, all permanent, salaried or hourly employees scheduled to work at least 20 hours per week of Axel Johnson Inc. and designated subsidiaries (Kinetico Incorporated, Parkson Corporation (“Parkson”), Sprague Resources LLC and HighRes Biosolutions, Inc.) (collectively referred to as the “Employer” or the “Company”) are eligible to participate in the Plan as of their date of hire. Parkson Corporation acquired all of the outstanding stock of Meurer Research, Inc. (“MRI”) effective as of April 1, 2017. MRI terminated its 401(k) plan, the Meurer Research, Inc. 401(k) Plan (the “MRI Plan”), immediately prior to such acquisition, and became a Participating Company in this Plan on April 1, 2017. Distributions made in connection with the termination of the MRI Plan were eligible to be rolled over (at the election of the affected participants) to this Plan. In determining the years of Service for vesting purposes, for any Participant who was employed by MRI prior to April 1, 2017, service performed for MRI prior to such date shall be treated as though it were performed for the Company.

Individuals who are members of any collective bargaining unit that does not provide for participation of such employees in the Plan are excluded. All of the assets of the Plan are held by Vanguard Fiduciary Trust Company (“Vanguard” or “Trustee”). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is administered by the Thrift Plan Administrative Committee (the “Committee”) of the Employer.

Contributions

Eligible participants may elect to make pre-tax, after-tax and/or Roth contributions to the Plan through monthly payroll deductions. A minimum 2% contribution is required and additional contributions can be made up to 70% (less if certain Internal Revenue Service (“IRS”) or plan limits are reached) of the participant’s eligible compensation, as defined in the Plan document. An automatic enrollment feature applies to Eligible Employees of Kinetico Incorporated hired on or after December 1, 2006 and to Eligible Employees hired by each other Participating Company on or after December 1, 2010 under such feature, each such Eligible Employee shall be automatically enrolled in the Plan with a Pre-Tax Contribution percentage of (i) 3% of Eligible Compensation for Eligible Employees hired prior to July 1, 2017 and (ii) 6% of Eligible Compensation for Eligible Employees hired on or after July 1, 2017.

The Employer contributes a matching contribution of 60% on the first 6% of participant pre-tax and/or Roth contributions.

Eligible participants also receive an employer contribution of 2.4% or 5.0% of eligible compensation (depending on their subsidiary), as defined by the Plan document (more for some employees based on age and company service as of December 31, 2003). This is in addition to the matching contributions described above. Eligible employees are not required to make voluntary contributions to the Plan in order to receive the Employer defined contribution (“DC contribution”) from the Company.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

On or after July 1, 2017, the Committee shall be permitted to implement a one-time automatic re-enrollment under which all Eligible Employees, regardless of their date of hire, who contribute less than 6% of Eligible Compensation on a Pre-Tax and/or Roth Contribution basis shall be automatically increased to 6% of Eligible Compensation, with any such additional contributions to be made on a Pre-Tax Contribution basis (or on a Roth Contribution basis for Eligible Employees currently contributing solely on that basis).

Participant Accounts

Each participant's account is credited with the participant's pre-tax and/or after-tax contributions and the applicable portion of the Employer's matching and DC contribution, as well as plan earnings. Subject to the provisions of the Plan, participants direct the investment of their account balance among the available investment funds.

Vesting

Participants are immediately vested in their pre-tax, Roth and after-tax contributions. Active employees may withdraw after-tax, rollover and vested employer contributions up to four times per year, while pre-tax and Roth contributions can only be withdrawn upon attainment of age 59-1/2 or in the case of financial hardship in accordance with IRS requirements. The DC contribution cannot be withdrawn by active employees prior to age 59-1/2.

All employees are 100% vested in the Employer matching and DC contributions, except employees of Parkson. At Parkson, the vesting schedule is as follows:

Employer Matching Contributions - If a participant terminates service with the Employer prior to attaining two years of plan participation or three years of service to Parkson, 100% of all Employer contributions will be forfeited.

DC Contribution - A participant vests 20% for each year of service and is 100% invested in the DC contribution after five years of service.

Participants terminating service with Parkson under all other circumstances, including death, retirement and total disability, will be entitled to receive the full value of their vested employer contributions.

Forfeitures

Forfeitures may be used to reduce future company contributions or pay administrative expenses in accordance with the Plan's provisions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$8,348 and \$59, respectively. During the year ended December 31, 2017, the Plan utilized forfeitures in the amount of \$38,961 to pay administrative expenses and/or offset company contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of his or her account by (1) a lump-sum payment in cash or direct rollover, or (2) installment payments. Participants with an account balance greater than \$5,000 may elect to defer their accounts.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Participant Loans

Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000, but may not borrow less than \$1,000. Only one loan may be outstanding at a time. The loans bear interest at the prime rate plus one percentage point at the time the loan is made and are secured by each borrowing participant's account balance. The terms of such loans are up to five years or up to 25 years for a qualified home loan.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan provisions. Administrative expenses that may be paid by the Plan include record-keeping, trustee, investment consulting, legal and audit fees. Fees for loan administration are deducted directly from participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting except for benefit payments, which are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems a participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of Investments

Investments are stated at fair value as determined by the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

Risks and Uncertainties

The Plan maintains investments in various securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. FAIR VALUE MEASUREMENTS

Financial assets and liabilities are required to be measured and reported on a fair value basis using the following three levels for classification and disclosure purposes:

- Level 1 - Measurements that are most observable and are based on quoted process of identical instruments obtained from the principal markets in which they are traded. Closing prices are both readily available and representative of fair value. Market transactions occur with sufficient frequency and volume to assure liquidity.
- Level 2 - Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2.
- Level 3 - Measurements that are least observable are estimated from significant unobservable inputs determined from sources with little or no market activity for comparable contracts or for positions with longer durations.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Level 1 - These investments are registered investment company investments that are valued at quoted prices in active markets.
- Level 2 - There are no Level 2 assets in the Plan.
- Level 3 - There are no Level 3 assets in the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. The following tables present the Plan's assets using the fair value hierarchy as of December 31:

At its discretion, the fund may delay a plan-directed liquidation of assets for up to one year from the date of notification by the Plan sponsor.

4. INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Notes to Financial Statements

5. PLAN TERMINATION

Subject to the provisions of ERISA, the Company specifically reserves the right to amend or terminate the Plan and to discontinue contributions at any time. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has received a determination letter from the IRS dated November 14, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED-PARTY TRANSACTIONS

Certain of the Plan's assets are invested in funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2017, financial statements for subsequent events through October 15, 2018, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following brief description of the Axel Johnson Inc. Thrift Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan. Generally, all permanent, salaried or hourly employees scheduled to work at least 20 hours per week of Axel Johnson Inc. and designated subsidiaries (Kinetico Incorporated, Parkson Corporation (“Parkson”), Sprague Resources LLC and HighRes Biosolutions, Inc.) (collectively referred to as the “Employer” or the “Company”) are eligible to participate in the Plan as of their date of hire. Parkson Corporation acquired all of the outstanding stock of Meurer Research, Inc. (“MRI”) effective as of April 1, 2017. MRI terminated its 401(k) plan, the Meurer Research, Inc. 401(k) Plan (the “MRI Plan”), immediately prior to such acquisition, and became a Participating Company in this Plan on April 1, 2017. Distributions made in connection with the termination of the MRI Plan were eligible to be rolled over (at the election of the affected participants) to this Plan. In determining the years of Service for vesting purposes, for any Participant who was employed by MRI prior to April 1, 2017, service performed for MRI prior to such date shall be treated as though it were performed for the Company.

Individuals who are members of any collective bargaining unit that does not provide for participation of such employees in the Plan are excluded. All of the assets of the Plan are held by Vanguard Fiduciary Trust Company (“Vanguard” or “Trustee”). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is administered by the Thrift Plan Administrative Committee (the “Committee”) of the Employer.

Contributions

Eligible participants may elect to make pre-tax, after-tax and/or Roth contributions to the Plan through monthly payroll deductions. A minimum 2% contribution is required and additional contributions can be made up to 70% (less if certain Internal Revenue Service (“IRS”) or plan limits are reached) of the participant’s eligible compensation, as defined in the Plan document. An automatic enrollment feature applies to Eligible Employees of Kinetico Incorporated hired on or after December 1, 2006 and to Eligible Employees hired by each other Participating Company on or after December 1, 2010 under such feature, each such Eligible Employee shall be automatically enrolled in the Plan with a Pre-Tax Contribution percentage of (i) 3% of Eligible Compensation for Eligible Employees hired prior to July 1, 2017 and (ii) 6% of Eligible Compensation for Eligible Employees hired on or after July 1, 2017.

The Employer contributes a matching contribution of 60% on the first 6% of participant pre-tax and/or Roth contributions.

Eligible participants also receive an employer contribution of 2.4% or 5.0% of eligible compensation (depending on their subsidiary), as defined by the Plan document (more for some employees based on age and company service as of December 31, 2003). This is in addition to the matching contributions described above. Eligible employees are not required to make voluntary contributions to the Plan in order to receive the Employer defined contribution (“DC contribution”) from the Company.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

On or after July 1, 2017, the Committee shall be permitted to implement a one-time automatic re-enrollment under which all Eligible Employees, regardless of their date of hire, who contribute less than 6% of Eligible Compensation on a Pre-Tax and/or Roth Contribution basis shall be automatically increased to 6% of Eligible Compensation, with any such additional contributions to be made on a Pre-Tax Contribution basis (or on a Roth Contribution basis for Eligible Employees currently contributing solely on that basis).

Participant Accounts

Each participant's account is credited with the participant's pre-tax and/or after-tax contributions and the applicable portion of the Employer's matching and DC contribution, as well as plan earnings. Subject to the provisions of the Plan, participants direct the investment of their account balance among the available investment funds.

Vesting

Participants are immediately vested in their pre-tax, Roth and after-tax contributions. Active employees may withdraw after-tax, rollover and vested employer contributions up to four times per year, while pre-tax and Roth contributions can only be withdrawn upon attainment of age 59-1/2 or in the case of financial hardship in accordance with IRS requirements. The DC contribution cannot be withdrawn by active employees prior to age 59-1/2.

All employees are 100% vested in the Employer matching and DC contributions, except employees of Parkson. At Parkson, the vesting schedule is as follows:

Employer Matching Contributions - If a participant terminates service with the Employer prior to attaining two years of plan participation or three years of service to Parkson, 100% of all Employer contributions will be forfeited.

DC Contribution - A participant vests 20% for each year of service and is 100% invested in the DC contribution after five years of service.

Participants terminating service with Parkson under all other circumstances, including death, retirement and total disability, will be entitled to receive the full value of their vested employer contributions.

Forfeitures

Forfeitures may be used to reduce future company contributions or pay administrative expenses in accordance with the Plan's provisions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$8,348 and \$59, respectively. During the year ended December 31, 2017, the Plan utilized forfeitures in the amount of \$38,961 to pay administrative expenses and/or offset company contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of his or her account by (1) a lump-sum payment in cash or direct rollover, or (2) installment payments. Participants with an account balance greater than \$5,000 may elect to defer their accounts.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Participant Loans

Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000, but may not borrow less than \$1,000. Only one loan may be outstanding at a time. The loans bear interest at the prime rate plus one percentage point at the time the loan is made and are secured by each borrowing participant's account balance. The terms of such loans are up to five years or up to 25 years for a qualified home loan.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan provisions. Administrative expenses that may be paid by the Plan include record-keeping, trustee, investment consulting, legal and audit fees. Fees for loan administration are deducted directly from participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting except for benefit payments, which are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems a participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of Investments

Investments are stated at fair value as determined by the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

Risks and Uncertainties

The Plan maintains investments in various securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. FAIR VALUE MEASUREMENTS

Financial assets and liabilities are required to be measured and reported on a fair value basis using the following three levels for classification and disclosure purposes:

- Level 1 - Measurements that are most observable and are based on quoted process of identical instruments obtained from the principal markets in which they are traded. Closing prices are both readily available and representative of fair value. Market transactions occur with sufficient frequency and volume to assure liquidity.
- Level 2 - Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2.
- Level 3 - Measurements that are least observable are estimated from significant unobservable inputs determined from sources with little or no market activity for comparable contracts or for positions with longer durations.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Level 1 - These investments are registered investment company investments that are valued at quoted prices in active markets.
- Level 2 - There are no Level 2 assets in the Plan.
- Level 3 - There are no Level 3 assets in the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. The following tables present the Plan's assets using the fair value hierarchy as of December 31:

^(a) These are investments in a stable value fund that invests primarily in synthetic investment contracts backed by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks, and is valued using the fund's net asset value ("NAV") or its equivalent as calculated by the fund's investment manager. At its discretion, the fund may delay a plan-directed liquidation of assets for up to one year from the date of notification by the Plan sponsor.

4. INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

5. PLAN TERMINATION

Subject to the provisions of ERISA, the Company specifically reserves the right to amend or terminate the Plan and to discontinue contributions at any time. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has received a determination letter from the IRS dated November 14, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED-PARTY TRANSACTIONS

Certain of the Plan's assets are invested in funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2017, financial statements for subsequent events through October 15, 2018, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following brief description of the Axel Johnson Inc. Thrift Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan. Generally, all permanent, salaried or hourly employees scheduled to work at least 20 hours per week of Axel Johnson Inc. and designated subsidiaries (Kinetico Incorporated, Parkson Corporation (“Parkson”), Sprague Resources LLC and HighRes Biosolutions, Inc.) (collectively referred to as the “Employer” or the “Company”) are eligible to participate in the Plan as of their date of hire. Parkson Corporation acquired all of the outstanding stock of Meurer Research, Inc. (“MRI”) effective as of April 1, 2017. MRI terminated its 401(k) plan, the Meurer Research, Inc. 401(k) Plan (the “MRI Plan”), immediately prior to such acquisition, and became a Participating Company in this Plan on April 1, 2017. Distributions made in connection with the termination of the MRI Plan were eligible to be rolled over (at the election of the affected participants) to this Plan. In determining the years of Service for vesting purposes, for any Participant who was employed by MRI prior to April 1, 2017, service performed for MRI prior to such date shall be treated as though it were performed for the Company.

Individuals who are members of any collective bargaining unit that does not provide for participation of such employees in the Plan are excluded. All of the assets of the Plan are held by Vanguard Fiduciary Trust Company (“Vanguard” or “Trustee”). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is administered by the Thrift Plan Administrative Committee (the “Committee”) of the Employer.

Contributions

Eligible participants may elect to make pre-tax, after-tax and/or Roth contributions to the Plan through monthly payroll deductions. A minimum 2% contribution is required and additional contributions can be made up to 70% (less if certain Internal Revenue Service (“IRS”) or plan limits are reached) of the participant’s eligible compensation, as defined in the Plan document. An automatic enrollment feature applies to Eligible Employees of Kinetico Incorporated hired on or after December 1, 2006 and to Eligible Employees hired by each other Participating Company on or after December 1, 2010 under such feature, each such Eligible Employee shall be automatically enrolled in the Plan with a Pre-Tax Contribution percentage of (i) 3% of Eligible Compensation for Eligible Employees hired prior to July 1, 2017 and (ii) 6% of Eligible Compensation for Eligible Employees hired on or after July 1, 2017.

The Employer contributes a matching contribution of 60% on the first 6% of participant pre-tax and/or Roth contributions.

Eligible participants also receive an employer contribution of 2.4% or 5.0% of eligible compensation (depending on their subsidiary), as defined by the Plan document (more for some employees based on age and company service as of December 31, 2003). This is in addition to the matching contributions described above. Eligible employees are not required to make voluntary contributions to the Plan in order to receive the Employer defined contribution (“DC contribution”) from the Company.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

On or after July 1, 2017, the Committee shall be permitted to implement a one-time automatic re-enrollment under which all Eligible Employees, regardless of their date of hire, who contribute less than 6% of Eligible Compensation on a Pre-Tax and/or Roth Contribution basis shall be automatically increased to 6% of Eligible Compensation, with any such additional contributions to be made on a Pre-Tax Contribution basis (or on a Roth Contribution basis for Eligible Employees currently contributing solely on that basis).

Participant Accounts

Each participant's account is credited with the participant's pre-tax and/or after-tax contributions and the applicable portion of the Employer's matching and DC contribution, as well as plan earnings. Subject to the provisions of the Plan, participants direct the investment of their account balance among the available investment funds.

Vesting

Participants are immediately vested in their pre-tax, Roth and after-tax contributions. Active employees may withdraw after-tax, rollover and vested employer contributions up to four times per year, while pre-tax and Roth contributions can only be withdrawn upon attainment of age 59-1/2 or in the case of financial hardship in accordance with IRS requirements. The DC contribution cannot be withdrawn by active employees prior to age 59-1/2.

All employees are 100% vested in the Employer matching and DC contributions, except employees of Parkson. At Parkson, the vesting schedule is as follows:

Employer Matching Contributions - If a participant terminates service with the Employer prior to attaining two years of plan participation or three years of service to Parkson, 100% of all Employer contributions will be forfeited.

DC Contribution - A participant vests 20% for each year of service and is 100% invested in the DC contribution after five years of service.

Participants terminating service with Parkson under all other circumstances, including death, retirement and total disability, will be entitled to receive the full value of their vested employer contributions.

Forfeitures

Forfeitures may be used to reduce future company contributions or pay administrative expenses in accordance with the Plan's provisions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$8,348 and \$59, respectively. During the year ended December 31, 2017, the Plan utilized forfeitures in the amount of \$38,961 to pay administrative expenses and/or offset company contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of his or her account by (1) a lump-sum payment in cash or direct rollover, or (2) installment payments. Participants with an account balance greater than \$5,000 may elect to defer their accounts.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Participant Loans

Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000, but may not borrow less than \$1,000. Only one loan may be outstanding at a time. The loans bear interest at the prime rate plus one percentage point at the time the loan is made and are secured by each borrowing participant's account balance. The terms of such loans are up to five years or up to 25 years for a qualified home loan.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan provisions. Administrative expenses that may be paid by the Plan include record-keeping, trustee, investment consulting, legal and audit fees. Fees for loan administration are deducted directly from participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting except for benefit payments, which are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems a participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of Investments

Investments are stated at fair value as determined by the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

AXEL JOHNSON INC. THRIFT PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Risks and Uncertainties

The Plan maintains investments in various securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. FAIR VALUE MEASUREMENTS

Financial assets and liabilities are required to be measured and reported on a fair value basis using the following three levels for classification and disclosure purposes:

- Level 1 - Measurements that are most observable and are based on quoted process of identical instruments obtained from the principal markets in which they are traded. Closing prices are both readily available and representative of fair value. Market transactions occur with sufficient frequency and volume to assure liquidity.
- Level 2 - Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2.
- Level 3 - Measurements that are least observable are estimated from significant unobservable inputs determined from sources with little or no market activity for comparable contracts or for positions with longer durations.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Level 1 - These investments are registered investment company investments that are valued at quoted prices in active markets.
- Level 2 - There are no Level 2 assets in the Plan.
- Level 3 - There are no Level 3 assets in the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. The following tables present the Plan's assets using the fair value hierarchy as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total

At its discretion, the fund may delay a plan-directed liquidation of assets for up to one year from the date of notification by the Plan sponsor.

4. INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

AXEL JOHNSON INC. THRIFT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

5. PLAN TERMINATION

Subject to the provisions of ERISA, the Company specifically reserves the right to amend or terminate the Plan and to discontinue contributions at any time. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has received a determination letter from the IRS dated November 14, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED-PARTY TRANSACTIONS

Certain of the Plan's assets are invested in funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2017, financial statements for subsequent events through October 15, 2018, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements.
