NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Anderson International Corp 401(k) Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Anderson International Corp (the “Employer” and “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Any employee, excluding non-resident aliens and employees covered under a collective bargaining agreement, become eligible to participate in the Plan upon completion of three months of service and attainment of age 21. An employee may begin to participate the first day of the Plan year after such requirements are satisfied. The Plan was amended effective January 1, 2016 to change the service requirement to three months of service.

Contributions

A participant may voluntarily contribute to the Plan a portion of his or her compensation, as defined by the Plan document, up to 100% through systematic payroll deductions subject to the maximum allowable contribution under the Internal Revenue Code (the “Code”). All participant contributions shall be allocated among the available investment options in accordance with participant elections.

The Employer makes matching contributions in an amount equal to 50% of the first 6% of the participant’s eligible compensation contributed to the Plan. The Employer may also make discretionary profit sharing contributions. No discretionary profit sharing contributions were made in 2017 and 2016.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, company matching contributions and allocations of Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. Participants direct the investment of their accounts into various investment options offered by the Plan. They may change their investment elections at any time.

Vesting

All contributions made by participants become immediately vested.

Vesting in employer matching and employer profit sharing contributions is based on years of vesting service as follows:

<u>Years of Vesting Service</u>	<u>% of Vesting in Company Contribution</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

The amounts forfeited by participants who terminate employment prior to becoming fully vested may be used to reduce subsequent Employer contributions, pay administrative expenses, or may be allocated to active participant accounts. For the year ended December 31, 2017, \$3,603 from forfeited non-vested accounts were reallocated to participant accounts. Unused forfeitures were \$8,190 and \$3,603 as of December 31, 2017 and 2016, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms are for a period up to five years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate, as determined by the Plan Sponsor. Interest rates on loans outstanding are based on prime rate plus 1% and ranged from 4.25% to 5.25% at December 31, 2017 and 2016. A participant may only have one loan outstanding at any time.

Payment of Benefits

A participant or his or her beneficiary may receive a lump sum payment of his or her vested account balance upon retirement, disability, termination, or death prior to retirement. Participants may also withdraw amounts from their accounts under certain defined conditions.

Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Employer contributions portion of their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon terms in the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Administrative Expenses

The Employer has agreed to pay certain administrative expenses that are incurred by the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable, or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 – Inputs to the valuation methodology area unobservable and are supported by little or no market activity and, that are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at quoted market prices of shares held by the Plan at year-end.

Money Market Fund: Valued at the NAV of \$1.00 per share held by the plan at year end, based on quoted market prices in active markets.

Collective Trust Funds: Valued based on the NAV of the unit value of the funds which is based on the fair value of the underlying investments. The underlying investments of the collective trust funds primarily consist of common stocks, corporate bonds, mutual funds, and U.S. Government securities. The underlying securities are valued at the closing price reported in the active market on which the individual security is traded. The NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the funds and is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The table below presents additional information for investments whose fair value is estimated using NAV per share as of December 31, 2017 and 2016:

	Fair Value at December 31,		Unfunded Commitments	Redemption		
	2017	2016		Terms	Restrictions	Notice Period
Collective Trust Funds	\$ 4,578,688	\$ 4,002,982	\$ -	(a)	None	None
Collective Trust Stable Value Fund (b)	675,846	351,437	-	(b)	(b)	(b)
	\$ 5,254,534	\$ 4,354,419				

- (a) Participants can redeem units of the fund at NAV on a daily basis. The funds are designed for investors who know the approximate year they expect to retire.
- (b) Participants can redeem units of the fund at the contract value on a daily basis for benefit payments, participant loans, or paying Trustee fees. However, should the Plan decide to withdraw all funds from the investment, a 12 months' advance written notice is required. The primary investment objective of the fund is to seek to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates. The fund seeks to provide participants with a low risk stable option that offers competitive yields and limited volatility by investing in a group annuity contract issued by New York Life Insurance Company. Principal and accumulated interest guarantees are provided by New York Life, subject to the terms of the group annuity contract. The Fund crediting rate is subject to change daily.

NOTE 4 – STABLE VALUE COLLECTIVE FUND

The Plan invests in the Reliance Trust New York Life Anchor Account – Series I (the “Fund”), a stable value collective fund with Reliance Trust Company. The Investment in the Fund is presented at fair value, which reflects the NAV of the Fund. The Fund allows participants to invest in New York Life Group Annuity Contract No. GA-31530 issued by New York Life Insurance Company. The NAV of the Fund is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive group annuity contract. The Fund provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Fund.

Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value, however, there is a possible market value adjustment for transfers to other investment options from the guaranteed accounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include, but are not limited to, the following: (1) amendments to the Plan documents, (2) bankruptcy of the Plan Administrator or other Plan Administrator events which cause a significant withdrawal from the Plan or (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan believes that the occurrence of any event limiting the Plan's ability to transact at contract value with members is not probable.

NOTE 5 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from the Reliance Trust Company, as of December 31, 2017 and 2016 and for the years then ended, that the information provided by them is complete and accurate.

- Investments at fair value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016;
- Net investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017; and
- Information included on Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 –TAX STATUS

The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, stating that the prototype plan used by the Plan was designed in accordance with applicable sections of the Code. The Plan has been amended since the opinion letter was issued. The plan administrator believes that the Plan is currently designed and being operated in compliance with the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Certain plan investments are managed by Reliance Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During the plan years ended December 31, 2016, 2015 and 2014, the Plan sponsor inadvertently failed to make deposits of participant contributions within the timeframe required by the United States Department of Labor. The Plan sponsor has corrected the errors subsequent to December 31, 2017.

NOTE 10 – SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2018, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
