INTEGRAL GROUP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Integral Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering all non-union employees of Integral Group, Inc. and Integral Group, LLC (collectively, the “Employer” or “Company”) who have three months of service (with enrollment occurring on the first day of the following month) and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. From January 1, 2016 to December 18, 2017 Ameritas Life Insurance Corp. was the “Custodian” of the Plan. Effective December 19, 2017, Charles Schwab Bank is the “Custodian” of the Plan. Ameritas Life Insurance Corp. and Charles Schwab Bank are referred to collectively as the “Custodians”.

Participant Contributions. Participants may elect to contribute their pretax earnings or post tax earnings which is limited and subject to amounts established by the Internal Revenue Code. A participant’s earnings consist of total cash compensation of an employee including vacation pay, bonuses, tips and overtime pay in a plan year. Participants may also contribute “catch-up” contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions. The Company makes Employer safe harbor matching contributions each pay period equal to 100% of the first 3% of participant contributions and 50% of the participant contributions in excess of 3%, with a maximum contribution of 5%. The Employer may also make a discretionary matching contribution and discretionary profit sharing contribution. There were no Employer discretionary matching and non-elective contributions elected for the year ended December 31, 2017.

Participants’ Accounts. Each participant’s account is credited with the participant’s contribution and allocation of (a) the Employer contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses, provided any are allocated to the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options. Participants may direct the investment of their accounts into various investment funds provided by the Plan. Participants are allowed to change their investment options daily. As of December 31, 2016, investment options consist of numerous pooled separate accounts, one money market fund, and one guaranteed investment account. As of December 31, 2017, investment options consist of numerous mutual funds and one guaranteed investment account.

Vesting. Participants are immediately vested in their contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Employer’s discretionary matching and discretionary profit-sharing contributions, plus actual earnings thereon, is based on years of credited service. Participant’s vest 20% for each year of credited service and are fully vested after five years of credited service. Note that upon death or permanent disability a participant will become fully vested.

Notes Receivable From Participants. Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant’s account and bear interest at the rate of prime plus 1.0% (4.50% and 3.75% as of December 31, 2017 and 2016, respectively). Each employee is only allowed to have one loan outstanding at any given time and the minimum amount cannot be less than \$1,000.

Payments of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to 1) receive a lump-sum amount or installment disbursements equal to the value of the participant’s vested interest in the account; 2) rollover the account into another qualified plan or individual retirement account; or 3) if over \$5,000, maintain the account without having an option of contributing further. Accounts that are valued at less than \$5,000 may be automatically cashed out to the participant, as defined. In-service distributions are permitted when a participant has attained age 59½. Hardship withdrawals are allowed if an immediate financial need occurs, as specified by the Plan.

INTEGRAL GROUP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Forfeitures. Forfeitures, if any, may be used to reduce the Employer matching contribution or administrative fees. The forfeiture and unallocated asset account balance as of December 31, 2017 and 2016 was \$-0- and \$1,134, respectively. During the year ended December 31, 2017, \$1,136 in forfeited amounts were used to offset administrative fees.

Party-In-Interest Transactions. Various administrative, legal, and accounting services are performed by Company personnel on behalf of the Plan for which no charges are made to the Plan, and for which the Company does not intend to obtain reimbursement. Investment expenses, however, are charged against the Plan's investment income. Certain Plan investments are managed by a related party the Standard Insurance Company (the "Recordkeeper"), the recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Concentration of Credit Risk. All of the Plan's investments are held by the Custodian.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

INTEGRAL GROUP 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN’S CUSTODIANS

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedule that was prepared by the Custodians of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodians that such information is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Note 4: All investment balances.
- The schedule of assets held at end of year as of December 31, 2017, as shown on Form 5500 Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual Funds. Valued at quoted market price.

Pooled Separate Accounts. Accounts that invest exclusively in mutual funds are valued at the net asset value (“NAV”) of the underlying mutual fund. Those accounts directly investing in fixed maturity securities are measured based on the pricing date provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Money Market Fund. Valued at the closing price reported on the active market on which the mutual funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017					
	Level 1	Level 2	Level 3	NAV (as a practical expedient)	Total
Mutual Funds	\$ 6,594,458	\$ -	\$ -	\$ -	\$ 6,594,458
Total investment assets at fair value	\$ 6,594,458	\$ -	\$ -	\$ -	\$ 6,594,458

Fair Value of Investments in Entities that Use NAV. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016, respectively.

Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 5,262,091	N/A	N/A	30 days

NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACT

For the year ended December 31, 2016 and from January 1, 2017 to December 18, 2017, the Plan held the Ameritas Guaranteed Investment Account and from December 19, 2017 to December 31, 2017 the Plan held the Standard Stable Asset A (collectively, "Guaranteed Account") which meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

(Continued)

INTEGRAL GROUP 401(K) PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACT (Concluded)**

The Plan held the Ameritas Guaranteed Investment Account from January 1, 2016 to December 18, 2017 and the Standard Stable Asset A from December 19, 2017 to December 31, 2017. Both assets are guaranteed investment contracts. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuers. The crediting rate is reviewed on a quarterly basis for resetting. The weighted average interest crediting rate of the Ameritas Guaranteed Investment Account was 2.83% for the period January 1, 2017 to December 18, 2017 and 2.84% for the year ended December 31, 2016. The weighted average crediting rate of the Standard Stable Asset A was 0.04% for the period December 19, 2017 to December 31, 2017. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each affected participant shall be fully vested and shall be distributed to the participant.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the prototype plan sponsor by a letter dated March 31, 2014, that the prototype plan agreement was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

See Independent Auditor's Report.

NOTE 10 – DELINQUENT REMITTANCES

The Company remitted participant contributions and loan repayments totaling \$229,388 to the Custodian later than required by the Department of Labor ("DOL") Regulation 2510.3-102 during the year ended December 2016. Participant accounts will be credited with the amount of investment income which would have been earned had the participant contributions been remitted on a timely basis. As of the report date, the delinquent remittances have not been corrected and thus the investment income has not been credited to the participant accounts.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2017 through October 11, 2018, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
