PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Central Valley GMC DBA Affinity Truck Center 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all eligible employees of Central Valley GMC DBA Affinity Truck Center (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees and 401(k) Plan Committee are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring performance.

All investment assets of the Plan, with the exception of the profit sharing portion as of December 31, 2016 and for the period January 1, 2017 through March 17, 2017, were held at Mutual of America Life Insurance Company (Mutual of America) for the periods presented. Assets held by Mutual of America at December 31, 2017 and 2016 totaled $4,368,402 and $1,675,911, respectively. Investment income of $436,039 was earned by these assets during the period from January 1, 2017 to December 31, 2017.

Prior to March 17, 2017, the Plan participated in a group trust arrangement established by the Fresno Truck Center and Central Valley GMC Master Trust Agreement. Under this agreement, the assets of the profit sharing portion of the Plan were combined with the assets of the Fresno Truck Center Profit Sharing Plan and held at UBS. As of December 31, 2016, the group trust's assets are allocated between the two plans based on contributions, earnings and individual account balances. The assets attributed to the Plan and held by UBS at December 31, 2016 totaled $1,843,669. The receivable due from the Fresno Truck Center Profit Sharing Plan of $80,222 at December 31, 2017 is an interest in the group trust. The Plan's percentage interest in the group trust was approximately 0% and 7% at December 31, 2017 and 2016, respectively. Investment income of $80,222 was earned by these assets during the period from January 1, 2017 to March 17, 2017.

On March 17, 2017, the profit sharing portion held in the Fresno Truck Center Profit Sharing Plan, attributed to Central Valley GMC DBA Affinity Truck Center, was transferred to the Plan. The profit sharing portion transferred during the year ended December 31, 2017 totaled $1,835,037. These financial statements include only the assets allocated to the Plan.

1. DESCRIPTION OF PLAN, continued:

b. Eligibility:

An employee of Central Valley GMC DBA Affinity Truck Center normally becomes eligible to participate in the Plan after completing three months of service with the Employer. An eligible employee becomes a participant in the Plan on the first day of each calendar month immediately following completion of all eligibility requirements. Employees covered under collective bargaining agreements and non-resident aliens are excluded from participation in the Plan.

Prior to September 1, 2017, an employee of Central Valley GMC DBA Affinity Truck Center became eligible to participate in the profit sharing portion of the Plan after completing one year of service with the Employer. An eligible employee became a participant in the Plan on the first day of each calendar quarter immediately following completion of all eligibility requirements. Employees covered under collective bargaining agreements and non-resident aliens are excluded from participation in the profit sharing portion of the Plan.

Effective September 1, 2017, an employee of Central Valley GMC DBA Affinity Truck Center normally becomes eligible to participate in the profit sharing portion of the Plan after completing three months of service with the Employer. An eligible employee becomes a participant in the Plan on the first day of each calendar month immediately following completion of all eligibility requirements.

c. Contributions:

Both Plan participants and the Employer make contributions to the Plan as follows:

Each year, participants may make elective contributions to the Plan on a pre-tax or roth basis as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN, continued:

c. Contributions, continued:

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect to participate at a different rate. Automatically enrolled participants have their deferral rate set at one percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. For automatically enrolled participants, if no changes to deferral amounts have been made since being enrolled in the Plan, the deferral rate is automatically increased by one percent on January 1 of the second and third subsequent years up to a maximum of three percent.

The Employer may make a discretionary profit sharing contribution. A discretionary profit sharing contribution receivable of $169,575 and $234,897 was recorded as of December 31, 2017 and 2016.

Contributions are subject to certain IRS limitations.

d. Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions plus earnings is based on years of continuous service. A participant is fully vested after six years of credited service and is determined in accordance with the following schedule:

Plan Participation	Vesting %
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

1. DESCRIPTION OF PLAN, continued:

e. Vesting, continued:

In the event of death, disability or retirement, a participant's interest in Employer contributions becomes fully vested.

f. Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 5.25 percent at December 31, 2017 and were 4.25 percent at December 31, 2016. Principal and interest is paid ratably through payroll deductions.

g. Payment of benefits:

On termination of service due to death, disability, retirement, or termination of service for other reasons, a participant may elect to receive a lump sum amount equal to the amount of the value of the participant's vested interest in his or her account.

h. Forfeited accounts:

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $2,838 and $10,287, respectively. These accounts are to be used as additional Employer contributions. In 2017, forfeited non-vested accounts in the amount of $10,287 were allocated to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

c. Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's custodians determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e. Payment of benefits:

Benefits are recorded when paid.

f. Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent events:

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

3. CERTIFIED INVESTMENTS:

As of December 31, 2016 and for the year ended December 31, 2017, two asset custodians held the Plan's investment assets and executed investment transactions for the Plan. As of December 31, 2017, one asset custodian held the Plan's investment assets and executed investment transactions for the Plan.

The plan administrator has obtained a certification from one of the Plan's asset custodians, Mutual of America, as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by Mutual of America is complete and accurate. Assets certified and held by Mutual of America at December 31, 2017 and 2016 totaled $4,368,402 and $1,675,911, respectively. Investment income of $436,039 was earned by these assets during the period from January 1, 2017 to December 31, 2017.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under current accounting standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. FAIR VALUE MEASUREMENTS, continued:

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Pooled separate accounts: The value of each of the separate accounts on each valuation date equals the market value of all the assets. Securities listed on a national securities exchange are valued at the sale price as of the close of trading on the New York Stock Exchange. If no sale was made, securities will be valued at the price set by either a broker or pricing service. Over-the-counter securities are valued at the latest bid price or other ascertainable market value.

4. FAIR VALUE MEASUREMENTS, continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value for the years ended December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

5. NONPARTICIPANT-DIRECTED CASH AND INVESTMENTS:

The Plan's cash and investments held in the Fresno Truck Center Profit Sharing Plan are all nonparticipant-directed. Information about the net assets and significant components of the changes in net assets relating to the nonparticipant-directed cash and investments is as follows:

	2017	2016
Net assets:		
Cash	$ -	$ 142,831
Mutual funds	-	38,060

Changes in net assets:	
Benefits paid to participants	$ (8,632)
Transfers to participant-directed investments	(1,835,037)
Total changes in net assets:	$(1,843,669)

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

All investment assets of the Plan, with the exception of the profit sharing portion as of December 31, 2016 and for the period January 1, 2017 through March 17, 2017, were held at Mutual of America for the periods presented. The investment assets attributed to the profit sharing portion as of December 31, 2016 and for the period January 1, 2017 through March 17, 2017 were held by UBS. Mutual of America and UBS were the asset custodians and recordkeepers for the Plan, and transactions with these organizations qualify as party-in-interest transactions. At December 31, 2017 and 2016, the Plan had investments in funds related to Mutual of America in the amount of $3,233,567 and $913,728, respectively.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their Employer contributions.

8. TAX STATUS:

The Internal Revenue Service has issued an opinion and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:
