Contributions - Contributions to the Plan consist of participant and employer discretionary contributions that are participant-directed. The employer contributions could consist of both a profit-sharing contribution and a matching contribution (collectively, the Company contributions). During 2017, the Company elected to match employee contributions up to 0.512% of gross salary in which employee contributions are being deferred from. As of June 30, 2017, the Plan was amended so that participants who are not actively employed on the last day of the plan year will not receive an allocation of the matching contribution. Participants can elect to defer up to 50%, subject to statutory limitations, of their annual compensation, less payroll withholdings and insurance premium payments. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may direct the investments among several investment options.

A participant may also make catch-up contributions in excess of the above limit for any year in which the participant is age 50 or older by the last day of the Plan year.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of a) the Company's contributions and b) Plan earnings, less any administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service. Prior to July 1, 2014, a participant is 20% vested after two years of credited service and 100% vested after three years of credited service. For participants hired on or subsequent to July 1, 2014, the vesting requirements are as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures - Forfeitures may first be used to pay any administrative expenses or to reduce future employer contributions. As of December 31, 2017 and 2016, the Company had unallocated forfeitures of \$9,977 and \$4,596, respectively.

Payment of Benefits - Benefits provided by the Plan are payable to participants at retirement, death or total disability. A participant may elect to receive the balance of his or her vested account through a variety of payment options. Vested benefits under \$5,000 are payable immediately upon termination of employment.

Hardship Benefits - The Plan administrator may authorize the distribution up to 100% of a participant's employee contributions and rollover amounts in the event of immediate financial need. Withdrawals will be authorized only if the distribution is for the payment of medical care expenses, costs directly related to the purchase of the participant's principal residence, tuition payments, payment to prevent eviction from his or her principal residence, payments for burial or funeral expenses for a deceased parent, spouse, children or other dependents, or payments for expenses for repair of damage to a participant's principal residence that would qualify for the casualty deduction under the Internal Revenue Code (IRC). Any hardship distribution will reduce the value of the participant's benefits to be received at normal retirement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities that are exposed to interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

DECEMBER 31, 2017 AND 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 3 for discussion of fair value measurement. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded as earned on an accrual basis. The net appreciation in the fair value of investments consists of the realized gains and losses and the unrealized appreciation on these investments during the year. Dividends are recorded on the ex-dividend date. Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Benefit Payments - Benefits are recorded when paid.

Expenses - Administrative expenses of the Plan are paid by the Plan to the extent not paid by the Plan sponsor.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. The Plan administrator has evaluated subsequent events through October 15, 2018, the date on which the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments recorded at fair value of \$2,594,552 and \$2,023,446 at December 31, 2017 and 2016, respectively, are pooled separate accounts. The pooled separate accounts are valued, as a practical expedient, based on American United Life Insurance Company's (AUL) (NAV) held by at year-end. The calculated NAV is directly related to the NAV of the underlying investment adjusted for dividends or distributions received by AUL and the daily equivalent of any fees charged. The investments held by each pooled separate account are traded on an active market. The pooled separate accounts held by the Plan have no unfunded commitments and do not have redemption periods.

NOTE 4 - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value as reported to the Plan by AUL. The Plan administrator believes contract value is an appropriate determination of fair value.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the Plan by AUL at December 31, 2017, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500 is as follows:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits per the financial statements	\$ 3,280,020	\$ 2,641,044

A reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2017 to Form 5500 is as follows:

Net increase per financial statements	\$ 638,976
Corrective distributions accrued at December 31, 2017	16,843
Corrective distributions accrued at December 31, 2016	<u>(9,291)</u>
Net increase per the Form 5500	\$ <u><u>646,528</u></u>

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN (UNAUDITED)

All information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by AUL (the custodian of the Plan).

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged.

Certain Plan investments are managed by AUL, the custodian, and therefore qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions, are specifically exempt as prohibited transactions under ERISA.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 8 - TAX STATUS

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 that stated that the form of the plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
