## 1. Description of Plan

The following description of the Profit Sharing & 401(k) Plan of Safra National Bank of New York (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

*General*

The Plan (a volume submitter) is a defined contribution plan covering all employees of Safra National Bank of New York (the Company or the Employer) who are not citizens of Puerto Rico, leased employees, independent contractors or working on the basis of a retainer or fee pursuant to a contract with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company (Fidelity or the trustee) is the Plan's recordkeeper and trustee.

The Plan amended its adoption agreement effective February 10, 2017 to permit participants to irrevocably designate a portion or all of the employee contributions as Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. The Plan will also allow employees to roll over eligible Roth contributions from another qualified plan.

*Participants' Contributions*

Participants may elect to defer up to 60% of their pretax eligible compensation (including bonus compensation up to 60% of the bonus paid and, in addition, up to 100% of any profit-sharing bonus paid) into the Plan, not to exceed the limits permitted under the Internal Revenue Service (IRS) regulations for each year. Participants who have attained age 50 or older before the end of the Plan year may elect to make a "catch-up" contribution, not to exceed IRS limits. This limitation is an aggregate limit that applies to all deferrals made to this Plan and to any other salary deferral plan. Participants may also contribute amounts representing rollovers from other qualified plans, in accordance with IRS regulations and provisions of the Plan agreement.

Eligible compensation for computing contributions under the Plan is the taxable compensation for a Plan year reportable by the Company on IRS Form W-2—including salary reduction contributions made to an employer-sponsored cafeteria plan, SEP deferrals, transportation fringe benefits, 401(k) plan and 403(b) and 457(b) programs. Eligible compensation excludes reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation and welfare benefits.

*Employer Contributions*

The Company makes safe harbor contributions equal to 4% of participants' eligible compensation and may also make annual non-elective discretionary profit sharing contributions to the Plan. The amount of the discretionary contribution is determined by the Company each year. There was no discretionary profit-sharing contribution for the year ended December 31, 2017. For 2017, the Company made a safe harbor contribution in the amount of $1,493,570.

*Participant Accounts*

Each participant's account is self-directed and maintained by Fidelity.

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's safe harbor contribution, (b) profit sharing contributions, and (c) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant determines the percentage of compensation to be deferred (subject to the limitations stated above) and the investment selections from any of the investment options offered by the Plan.

*Vesting*

Participants are 100% vested in their salary deferred contributions plus actual earnings thereon. Participants are also 100% vested immediately upon participation in the Plan in the Company's profit sharing and safe harbor contributions.

*Notes Receivable from Participants*

Loans to participants are allowed in accordance with the provisions of the Plan agreement. Participants may borrow the lesser of 50% of their vested account balance or $50,000, subject to a $1,000 minimum. A participant may only have one loan outstanding at a time. The interest rate on the loan will be determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Repayment of the loan is required to be made in level payments of principal and interest through payroll deductions each pay period. Repayment must be completed within five years, except for loans for the purchase of a primary residence, in which case the loan repayment period may not extend beyond ten years from the original date of the loan.

*Forfeiture Account*

Forfeitures result from excess profit-sharing and safe harbor contributions made by the Company. Forfeited balances can first be used to pay administrative expenses, and any remaining amounts can be used to reduce employer contributions. At December 31, 2017 and 2016, unallocated forfeitures totaled $373 and $28,689, respectively. During the year ended December 31, 2017, the Plan did not utilize forfeitures to reduce the 2017 administrative expenses or employer contribution.

*Payment of Benefits*

A participant may elect to receive benefit payments at the normal retirement age of 65. The Plan also provides for distribution of benefits upon death or in the event of disability of the participant. Upon retirement, death, or disability, all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary in a lump-sum amount, as a direct rollover distribution, or a combination of cash distributions and direct rollover distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Participant's attainment of age 59 ½
- Withdrawals after age 70 ½
- Withdrawals after normal retirement age
- Withdrawals of rollover contributions

## 2. Summary of Accounting Policies

### *Basis of Accounting*

The Plan's financial statements are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements, in accordance with generally accepted in the United States of America (U.S. GAAP), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies, utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

### *Notes Receivables from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### *Payment of Benefits*

Benefits are recorded when paid.

*Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

## 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts* - Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

*Stable Value Collective Trust Fund* - A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an

amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of next realizable value or reflective of future fair values. Its valuation methods are appropriate and consistent with other market participants, and the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

| *December 31, 2017* | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 30,024,621 | $ - | $ - | $ 30,024,621 |
| Self-directed brokerage account | 840,593 | - | - | 840,593 |
| | $ 30,865,214 | $ - | $ - | 30,865,214 |
| Stable value collective trust fund using NAV as a practical expedient | | | | 4,385,621 |
| **Total Investments, at fair value** | | | | $ 35,250,835 |

| *December 31, 2016* | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 24,314,684 | $ - | $ - | $ 24,314,684 |
| Self-directed brokerage account | 738,561 | - | - | 738,561 |
| | $ 25,053,245 | $ - | $ - | 25,053,245 |
| Stable value collective trust fund using NAV as a practical expedient | | | | 4,426,935 |
| **Total Investments, at fair value** | | | | $ 29,480,180 |

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of their fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measure at fair value on a nonrecurring basis at December 31, 2017 and 2016. There are no Plan liabilities recorded at fair value at December 31, 2017 and 2016. There were no transfers between levels during 2017 and 2016.

## 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes

receivable from participants held at December 31, 2017 and 2106, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

## 5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

## 6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust fund managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they were paid through revenue sharing rather than through a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations. Dividend income received by the Plan is net of fees charged to the mutual funds by the trustee or its affiliates. Notes receivable from participants also qualify as exempt party-in-interest transactions.

## 7. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

## 8. Tax Status

The Company adopted a volume submitter plan which had been determined by the IRS in a letter dated March 31, 2014, to be in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and plan trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions. The Plan received a letter from the IRS dated February 28, 2017, informing the Plan that the Form 5500 for the years ended

December 31, 2015 and 2014 were selected for examination. On November 24, 2017, the Plan received a letter from the IRS that the examination has been completed and the returns have been accepted as filed. There are currently no audits for any tax periods in progress.

## 9. Reconciliation of Financial Statements to Form 5500

## 1. Description of Plan

The following description of the Profit Sharing & 401(k) Plan of Safra National Bank of New York (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

*General*

The Plan (a volume submitter) is a defined contribution plan covering all employees of Safra National Bank of New York (the Company or the Employer) who are not citizens of Puerto Rico, leased employees, independent contractors or working on the basis of a retainer or fee pursuant to a contract with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company (Fidelity or the trustee) is the Plan's recordkeeper and trustee.

The Plan amended its adoption agreement effective February 10, 2017 to permit participants to irrevocably designate a portion or all of the employee contributions as Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. The Plan will also allow employees to roll over eligible Roth contributions from another qualified plan.

*Participants' Contributions*

Participants may elect to defer up to 60% of their pretax eligible compensation (including bonus compensation up to 60% of the bonus paid and, in addition, up to 100% of any profit-sharing bonus paid) into the Plan, not to exceed the limits permitted under the Internal Revenue Service (IRS) regulations for each year. Participants who have attained age 50 or older before the end of the Plan year may elect to make a "catch-up" contribution, not to exceed IRS limits. This limitation is an aggregate limit that applies to all deferrals made to this Plan and to any other salary deferral plan. Participants may also contribute amounts representing rollovers from other qualified plans, in accordance with IRS regulations and provisions of the Plan agreement.

Eligible compensation for computing contributions under the Plan is the taxable compensation for a Plan year reportable by the Company on IRS Form W-2—including salary reduction contributions made to an employer-sponsored cafeteria plan, SEP deferrals, transportation fringe benefits, 401(k) plan and 403(b) and 457(b) programs. Eligible compensation excludes reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation and welfare benefits.

*Employer Contributions*

The Company makes safe harbor contributions equal to 4% of participants' eligible compensation and may also make annual non-elective discretionary profit sharing contributions to the Plan. The amount of the discretionary contribution is determined by the Company each year. There was no discretionary profit-sharing contribution for the year ended December 31, 2017. For 2017, the Company made a safe harbor contribution in the amount of $1,493,570.

*Participant Accounts*

Each participant's account is self-directed and maintained by Fidelity.

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's safe harbor contribution, (b) profit sharing contributions, and (c) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant determines the percentage of compensation to be deferred (subject to the limitations stated above) and the investment selections from any of the investment options offered by the Plan.

*Vesting*

Participants are 100% vested in their salary deferred contributions plus actual earnings thereon. Participants are also 100% vested immediately upon participation in the Plan in the Company's profit sharing and safe harbor contributions.

*Notes Receivable from Participants*

Loans to participants are allowed in accordance with the provisions of the Plan agreement. Participants may borrow the lesser of 50% of their vested account balance or $50,000, subject to a $1,000 minimum. A participant may only have one loan outstanding at a time. The interest rate on the loan will be determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Repayment of the loan is required to be made in level payments of principal and interest through payroll deductions each pay period. Repayment must be completed within five years, except for loans for the purchase of a primary residence, in which case the loan repayment period may not extend beyond ten years from the original date of the loan.

*Forfeiture Account*

Forfeitures result from excess profit-sharing and safe harbor contributions made by the Company. Forfeited balances can first be used to pay administrative expenses, and any remaining amounts can be used to reduce employer contributions. At December 31, 2017 and 2016, unallocated forfeitures totaled $373 and $28,689, respectively. During the year ended December 31, 2017, the Plan did not utilize forfeitures to reduce the 2017 administrative expenses or employer contribution.

*Payment of Benefits*

A participant may elect to receive benefit payments at the normal retirement age of 65. The Plan also provides for distribution of benefits upon death or in the event of disability of the participant. Upon retirement, death, or disability, all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary in a lump-sum amount, as a direct rollover distribution, or a combination of cash distributions and direct rollover distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Participant's attainment of age 59 ½
- Withdrawals after age 70 ½
- Withdrawals after normal retirement age
- Withdrawals of rollover contributions

## 2. Summary of Accounting Policies

### *Basis of Accounting*

The Plan's financial statements are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements, in accordance with generally accepted in the United States of America (U.S. GAAP), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies, utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

### *Notes Receivables from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### *Payment of Benefits*

Benefits are recorded when paid.

*Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

## 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts* - Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

*Stable Value Collective Trust Fund* - A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an

amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of next realizable value or reflective of future fair values. Its valuation methods are appropriate and consistent with other market participants, and the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

| *December 31, 2017* | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 30,024,621 | $ - | $ - | $ 30,024,621 |
| Self-directed brokerage account | 840,593 | - | - | 840,593 |
| | $ 30,865,214 | $ - | $ - | 30,865,214 |
| Stable value collective trust fund using NAV as a practical expedient | | | | 4,385,621 |
| **Total Investments, at fair value** | | | | $ 35,250,835 |

| *December 31, 2016* | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 24,314,684 | $ - | $ - | $ 24,314,684 |
| Self-directed brokerage account | 738,561 | - | - | 738,561 |
| | $ 25,053,245 | $ - | $ - | 25,053,245 |
| Stable value collective trust fund using NAV as a practical expedient | | | | 4,426,935 |
| **Total Investments, at fair value** | | | | $ 29,480,180 |

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of their fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measure at fair value on a nonrecurring basis at December 31, 2017 and 2016. There are no Plan liabilities recorded at fair value at December 31, 2017 and 2016. There were no transfers between levels during 2017 and 2016.

## 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes

receivable from participants held at December 31, 2017 and 2106, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

## 5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

## 6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust fund managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they were paid through revenue sharing rather than through a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations. Dividend income received by the Plan is net of fees charged to the mutual funds by the trustee or its affiliates. Notes receivable from participants also qualify as exempt party-in-interest transactions.

## 7. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

## 8. Tax Status

The Company adopted a volume submitter plan which had been determined by the IRS in a letter dated March 31, 2014, to be in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and plan trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions. The Plan received a letter from the IRS dated February 28, 2017, informing the Plan that the Form 5500 for the years ended

December 31, 2015 and 2014 were selected for examination. On November 24, 2017, the Plan received a letter from the IRS that the examination has been completed and the returns have been accepted as filed. There are currently no audits for any tax periods in progress.
