1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint Connect LLC Employee 401(k) Savings Plan (the Plan) provides only general information. For more complete information participants should refer to the Plan document and the Summary Plan Description, which can be obtained by calling Fidelity Investments at 800-835-5097.

General
The Plan is a defined contribution plan established by Sprint Connect LLC (the Company) and was adopted on August 1, 2016. The Plan includes a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Information

Eligibility
Participation in the Plan is voluntary. Individuals employed by the Company who are not under the age of 18, who are not represented by a collective bargaining unit and have been an employee for at least two months are eligible to participate.

Contributions
Participants may contribute up to 80% of their eligible pay in pre-tax and Roth contributions. Total pre-tax and Roth participant contributions may not exceed annual limitations defined in the IRC of $18,000 for the 2017 plan year. Eligible participants may make catch-up contributions. To be eligible to make catch-up contributions, a participant must be age 50 by the end of the applicable plan year and must contribute the maximum elective contribution for that plan year. The pre-tax and Roth catch-up contribution limit was $6,000 in total for the 2017 plan year. The percentage that may be contributed by participants who meet the definition of a highly compensated employee, as defined in the IRC, is periodically recalculated in order to maintain compliance with the nondiscrimination provisions of the IRC. Employee contributions in excess of the percentage calculated to maintain nondiscrimination compliance, as discussed above, are recognized as a liability of the Plan as of the measurement date of the financial statements. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the IRC.

In 2017, the Company matching contribution was 50% of the participants' pre-tax and Roth contribution to 4% of eligible compensation through June 15, 2017. After that, the Company matching contribution was 50% of the participants' pre-tax and Roth contribution to 2% of eligible compensation. In addition, the Company may authorize an additional discretionary matching contribution if approved by the Board of Directors. The matching contribution was approximately $125,000 for 2017. There was no discretionary matching contribution for 2017.

Investment Funds
Participants direct their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Participants may also execute a transfer of funds on any day the New York Stock Exchange is open. Other limitations on transfers between funds apply in certain circumstances. The Company matching contribution will be invested into the same funds at the same percentages that the employees choose to contribute.

Vesting
Participants are 100% vested in their participant contribution accounts. The following is the vesting schedule for Company matching contributions:

Years of service at separation	Vested Percentage
Less than 1 year	0%
1 year, but less than 2 years	25%
2 years, but less than 3 years	50%
3 years, but less than 4 years	75%
4 years or more	100%

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to the lesser of (1) one-half of the total estimated fair value of their vested account balance or (2) $50,000 reduced by the highest outstanding balance of the participant's initial loan from the Plan during the one-year period ending on the date the second loan is made. The minimum required borrowing is $1,000.

Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within five years of each borrowing. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period is 10 years. The loans are secured by the balances in the participants' accounts. The interest rate charged on loans is set by the Company. As of December 31, 2017, there were no outstanding loans. Upon retirement, termination, disability, or death the employee (or designated beneficiary) has 60 days to voluntarily repay their loan. If the loan is not repaid within those 60 days, it will be considered in default and deemed distributed.

Withdrawals
Participants may withdraw the vested balance of their account as a single lump sum when they retire, terminate employment with the Company, reach age 59 1/2, meet "hardship" requirements defined in the IRC, or become permanently disabled. In-service withdrawals for participants who reach 59 1/2 may be made in any amount from any vested portion of the participants account. In-service withdrawals for participants who meet "hardship" requirements may be made from the participants' contributions and must be at least $500.

Forfeitures
Withdrawing participants who did not meet the vesting guidelines for contributions forfeited their non-vested portion of the Company contribution. Forfeitures remain in the Plan and are first used to pay Plan expenses and any remaining amounts will be used to reduce future Company contributions. At December 31, 2017, forfeited non-vested account balances totaled approximately $44,000. There was no forfeited non-vested account balance at December 31, 2016. In 2017, a portion of these forfeited accounts was used to pay reasonable and approved Plan expenses of approximately $6,000.

Participant Accounts
A separate account is maintained for each participant in the Plan. Each participant's account is adjusted for (a) Company contributions on behalf of the participant, (b) the participant's contributions to the Plan, including rollover contributions, (c) the participant's share of any investment income or loss, (d) withdrawals, (e) loans, (f) forfeitures of Company contributions due to the participant's withdrawal from the Plan, and (g) reinstatement of forfeitures.

Administration and Plan Expenses
The Company is the plan administrator and is the named fiduciary of the Plan and is responsible for the administrative and financial activities of the Plan. Plan expenses generally consist of administrative expenses paid to the Fidelity Management Trust Company (Trustee). Investment management fees are included in net appreciation in the fair value of investments.

Termination
The Company expressed it's intent to terminate the Plan on December 14, 2017. Once the entire Plan terminates, the accounts of all participants will become non-forfeitable as of the date of termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER ITEMS

The following is a summary of the significant accounting policies of the Plan:

Basis of Accounting
The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
Investments of the Plan are stated at fair value which is determined using quoted market prices, if available, or estimated fair values (Note 4). Purchases and sales of securities are recorded on the trade dates. Dividend income is recorded on the ex-dividend date. Interest income from all the investments is recorded as earned on an accrual basis. Net realized gains and losses are recorded in the accompanying financial statements based on the settlement amount of investments at the time of sale or valuation, and net unrealized gains and losses are recorded based on the estimated fair value of the underlying investment at the measurement date.

Risks and Uncertainties
The Plan's investment options include a variety of stocks, bonds, mutual funds, and other securities. Investment securities subject participants to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur and that such changes could adversely affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits paid to participants
Benefits paid to participants are recorded at the fair value of the assets on the date of distribution.

3. INVESTMENTS

The Plan's investments are held by the Trustee. All 2017 and 2016 information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2017 and 2016 and net appreciation in the fair value of investments, dividends and investment interest, and interest from participants' notes receivable for the year ended December 31, 2017 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee. Accordingly, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and the supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. The methods used to determine the fair market value may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. There are three levels of inputs that are used to measure fair value:

- Quoted prices in active markets for identical assets or liabilities;
- Inputs other than quoted prices in active markets for identical assets or liabilities that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for investments measured at fair value. The Plan had no investments measured at fair value using unobservable inputs. Methodologies used at December 31, 2017 are consistent with the prior year.

- Mutual funds: Consists of mutual funds valued using quoted prices in active markets.
- Collective investment trusts: The net asset value (NAV) is determined by the contractual terms of the underlying guaranteed investment contracts.

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2017 and 2016:

2017	Fair Value Measurements Using Input Type	
	Quoted	Total
	(in thousands)	
Mutual funds	$ 366	$ 366
Collective investment trusts measured at net asset value[1]	—	46
Total investments measured at fair value	$ 366	$ 412

(1) Certain investments that are measured at fair value using the net asset value (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

2016	Fair Value Measurements Using Input Type	
	Quoted	Total
	(in thousands)	
Mutual funds	$ 183	$ 183
Total investments measured at fair value	$ 183	$ 183

Summary of the Plan's alternative investments where the fair value is not readily determinable but a reported NAV is used, as a practical expedient, to estimate the fair value:

2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	(in thousands)			
Collective investment trusts[1]	$ 46	None	Daily	N/A

(1) This is a stable value fund that consists of benefit-responsive investment contracts, fixed income securities and money market funds. The fund primarily invests in corporate bonds, United States Treasuries and asset-backed securities. The fund seeks to preserve its principal investment while earning a level of interest income that is consistent with principal preservation. Participant redemptions cannot be invested in similar stable value funds for a period of 90 days after redemption.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by Fidelity Workplace Services, LLC. Fidelity Management Trust Company is the Plan Trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Plan Administrator has adopted a volume submitter plan. On March 31, 2014, the Internal Revenue Service (IRS) issued an opinion letter stating that the volume submitter plan adopted by the Plan is acceptable under the requirements of the IRC. As a result, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2017 and 2016 to the Form 5500:

	2017	2016
	(in thousands)	
Net assets available for benefits per the financial statements	$ 392	$ 176
Other payables	—	7
Net assets available for benefits per the Form 5500	$ 392	$ 183

The following is a reconciliation of changes in net assets available for benefits per the financial statements as of December 31, 2017 to the Form 5500:

	2017
	(in thousands)
Net increase in assets available for benefits per the financial statements	$ 216
2016 administrative fees	(7)
Net increase in assets available for benefits per the Form 5500	$ 209

8. SUBSEQUENT EVENTS

Subsequent events were evaluated for disclosure through October 15, 2018, the date on which the financial statements were available to be issued.
