NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Arc 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Good Sports Plus, Ltd. (dba arc) (the "Company"), except for employees covered by collective bargaining agreements and nonresident aliens. The Company serves as the administrator of the Plan. The Plan engaged John Hancock Life Insurance Company (Custodian) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees over the age of 21 are eligible to participate in the Plan following the completion of one year of service. Participants may participate in the Plan on the first day of the plan year or quarter after eligibility requirements are met.

Contributions: Eligible employees may elect to defer a percentage of their pre-tax or post-tax annual compensation as defined in the Plan. The maximum amount contributed during any calendar year may not exceed the limit permitted under Section 402(g)(5) of the Internal Revenue Code. The maximum contribution was $18,000 for 2017 and 2016. However, participants who had attained age 50 by year end could also make catch-up contributions of $6,000 for 2017 and 2016. Participants may also contribute amounts representing transfers from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution that equals a percentage of participants' 401(k) salary deferrals. The percentage is determined each year. For 2017 and 2016, the Company's did not make matching contributions.

The Company may also make a discretionary profit sharing contribution each plan year. Participants who are eligible to participate in the Plan, will share in the discretionary profit sharing contribution. During 2017 and 2016, the Company made a profit sharing contribution of $50,000 and $0, respectively.

Under the 401(k) provision of the Plan, the Company is required to make a nonelective Safe Harbor contributions to each eligible participant in an amount equal to 3% of each participant's compensation, up to the first $265,000 of wages, whether or not they have elected to contribute to the Plan.

Participant Accounts: Each participant’s account is credited with the participant’s contribution and rollovers, the Company discretionary matching contribution, as well as an allocation of (a) the discretionary profit-sharing contribution (b) nonelective safe harbor contribution and (c) the Plan earnings. Allocations are based on participant salaries or account balances, as required by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching portion and profit-sharing portion of their accounts plus actual earnings thereon is based on years of continuous service. Employer matching and profit sharing contributions are vested on a five year graduated term (i.e. 20% vested after 1 year of service, 40% vested after 2 years, 60% vested after 3 years, etc). A participant is 100 percent vested after five years of credited service.

Notwithstanding the above, a participant will become fully vested in their account upon (1) attaining the age of 65 or (2) death or (3) total and permanent disability. Participants are always 100% vested in Safe Harbor contributions without regard to years of service.

Payments of Benefits: Upon retirement, death, or other termination of service, a participant's vested account shall be made in a lump sum. Partial withdrawals or installments are only permitted for Participants or Beneficiaries who must receive required minimum distributions. If the participant's vested account is greater than $1,000, a participant may elect to receive a lump sum or partial withdrawal by submitting a request for payment. In any case, participant consent is required for distributions over $1,000.

Hardship Withdrawals: Participants may withdraw a percentage of their pre-tax account balance attributable to their own employee contributions or rollovers upon approval of the Plan Administrator and subject to IRS hardship withdrawal rules. After making a withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of the withdrawal.

In-Service Withdrawals: Participants who have reached age 59 1/2 may make a cash withdrawal at any time from any of their vested contributions.

Administrative Expenses: Administrative expenses are borne by both the Plan and the Company. Administrative expenses charged to the Plan include investment advisor fees, distribution fees, and loan fees. Other plan expenses paid by the Company include record-keeping fees, advisory fees, and audit fees.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to any combination of the following investment options:

- **Mutual Funds held within pooled separate accounts**
  - **Asset Allocation Funds - Target Date Funds -** Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date. Investments are in stock funds and fixed income funds.
  - **Asset Allocation Funds - Target Risk Funds -** Seeks to achieve long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities.
  - **Aggressive Growth Funds** - Seeks long-term capital appreciation through relatively high levels of risk and volatility.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Mutual Funds held within pooled separate accounts (continued):

- **Growth Funds** - Seeks long-term capital appreciation through increase in capital value rather than yield high income.
- **Growth & Income Funds** - Seeks to produce income and provide the opportunity for capital appreciation.
- **Income Funds** - Seeks current income with capital appreciation and growth of income.

- **Collective investment trust funds -** The Trust seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals while maintaining a competitive rate of interest. The fund will invest primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company and, in book value stabilizing agreements offered by high quality financial institutions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts during the reporting period. Actual results could differ from the estimated amounts.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits: Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events: The Plan Administrator has evaluated its December 31, 2017 and 2016 financial statements for subsequent events through October 15, 2018, the date of issuance of the financial statements. The Plan Administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Custodian of the Plan certified certain information and that information was not audited in accordance with the Plan Administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedules, certified by the Custodian, consists of the following:

December 31,	**2017**	2016
Investments, at fair value		
Mutual funds held within pooled separate accounts	**$ 1,055,923**	$ 1,127,952
Collective investment trust	**3,249**	3,175
Net investment income	**182,859**	62,760

NOTE 4. INVESTMENTS

The Plan provides for various investment options in mutual funds and other securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in those factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 5. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value using net asset value ("NAV") as a practical expedient. There have been no changes in the methodologies used at December 31, 2017 and 2016 .

- Collective investment trust: The John Hancock Stable Value Fund is stated at fair value which represents the value of units held in the John Hancock Stable Value Collective Trust Fund. The unit value is defined as the Unit Value of the underlying trust as adjusted to account for underlying Trust distributions. Withdrawals are made at the prevailing declared Unit Value as determined by John Hancock and is based on the market value of the underlying investments held in the collective trust.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

- Mutual funds held within pooled separate accounts ("PSA"): Funds whose underlying investments consist solely of mutual funds, each of which follows a separate investment strategy. The PSAs are valued at net asset value based upon the units held by the Plan at year-end multiplied by the respective unit value. Net asset value (NAV) is used as a practical expedient to estimate fair value. The unit value of the pooled separate accounts are based upon significant observable inputs. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. Pooled separate accounts are similar to registered mutual funds except that they are issued by the insurance company and are not publicly traded like mutual funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

NOTE 6. FORFEITURES

Participants who are not 100% vested will forfeit the nonvested portion of the employer match and profit sharing contributions upon termination of employment. Forfeitures will be used to reinstate previously forfeited account balances of former participants, pay plan administrative expenses, or reduce future employer contributions. Forfeitures of $0 were used to offset employer contributions as of December 31, 2017.

NOTE 7. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow up to 50% of their vested account balance to a maximum of $50,000, reduced by the participant's highest outstanding loan balance in the previous twelve months. The repayment term of the loan is not to exceed five years, except for loans used to purchase or improve the participant's primary residence, which has a repayment term not to exceed 20 years. These loans are secured by the balance in the participant's account and bears interest at 1% above a specified bank's prime rate. Principal and interest is paid through payroll deductions.

NOTE 8. FEDERAL INCOME TAX STATUS

The Plan adopted a Volume Submitter 401(k) Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 9. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2017 and 2016, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 11. PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2017 and 2016, certain Plan investments are invested in shares of mutual funds held within pooled separate accounts managed by John Hancock, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions under ERISA.

NOTE 13. OPERATIONAL CORRECTIONS

During the years ended December 31, 2017 and 2016, there were operational errors related to missed participant deferrals. Management is taking the necessary steps to identify all corrections needed to bring the Plan into compliance. We do not believe these corrections have a material impact on the financial statements as a whole.

NOTE 14. PROHIBITED TRANSACTIONS

Delinquent Contributions: During the years ended December 31, 2017 and 2016, the Company inadvertently failed to deposit participant deferrals timely. The Department of Labor (DOL) considers late deposits to be prohibited transactions. The Company is currently calculating the corrective contributions required for all years listed above and will take corrective action to resolve these matters.
