FUJIFILM Long Term Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FUJIFILM Long Term Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule appearing on pages 13 to 14, as of December 31, 2017 is required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following brief description of the FUJIFILM Long Term Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective September 1, 1985 and includes all of the non-union, non-leased employees of FujiColor Processing Inc., FUJIFILM U.S.A., Inc., FUJIFILM Graphic Systems U.S.A., Inc., FUJIFILM Electronic Materials U.S.A., Inc., FUJIFILM Holdings America Corporation, FUJIFILM e-Systems, Inc., FUJIFILM Hunt Chemicals, U.S.A., FUJIFILM Manufacturing, U.S.A., Inc., Endoscopy Division of FUJIFILM Medical Systems USA, Inc. FUJIFILM North America Corporation Hawaii Regional Office, FUJIFIM Imaging Colorants, Inc., FUJIFILM Recording Media Manufacturing U.S.A., Inc., FUJIFILM Hunt Smart Surfaces LLC, and FUJIFLM Planar Solutions LLC. In connection with the merger of the Fujifilm Sonosite, Inc. 401(k) Retirement Savings Plan and Fujifilm Medical Systems U.S.A., Inc. Profit Sharing Plan into the Plan, non-union, non-leased employees of FUJIFILM Medical Systems U.S.A., Inc., TeraMedica, Inc. and Fujifilm Optical Devices U.S.A., Inc. and FUJIFILM SonoSite, Inc. entered the Plan effective January 5, 2017. The above companies are collectively referred to as the "Company". Any employee as described above and who has reached age 21, will be eligible for benefits. The Plan is subject to the provisions of ERISA. The Board of Trustees of the Plan are responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute a pre-tax amount equal to not less than 1 percent and not more than 65 percent, of their compensation, as defined, into the Plan, for the contribution period. Participants may also make a post-tax contribution in an amount equal to not less than 1 percent and not more than 16 percent of their compensation. The Plan includes an automatic deferral feature for eligible new employees whereby 6 percent of their compensation will be withheld and contributed to the Plan and will increase by 1 percent each year after until the deferral rate has reached a maximum rate of 15 percent unless a contrary election is made. The contributions are automatically invested in an age appropriate qualified default investment alternative fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investment of their contributions, employer contributions and rollovers into various investment options offered by the Plan. The Plan accepts After-Tax Deferrals made on behalf of participants. The Company will make a safe harbor matching contribution for eligible employees who have made 401k contributions. The Company matching contribution is 50 percent of the first 6 percent of the participant's base compensation that a participant contributes to the Plan. The Company also made additional contributions in an amount equal to 4 percent (non-elective contribution) of each participant's compensation. During the year ended December 31, 2017, the Company trued up their matching contributions for 2014 through 2016 and accrued an additional contribution of $360,471, which was paid in 2018. During the years ended December 31, 2017 and 2016, the Company made contributions of $23,740,660 and $12,172,647, including non-elective contributions of $14,087,361 and $7,520,506, respectively. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Note 1 – Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions as well as an allocation of (a) the Company's non-elective contributions, (b) Plan earnings and (c) Plan administrative expenses that are paid by the Plan. Earnings and investment expenses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions, non-elective contributions plus actual earnings thereon. The vesting in the Company's contributions portion of the participants' accounts is based on years of continuous service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

A participant's vested interest in his/her matching contributions and true up matching contributions shall be determined in accordance with the following schedule:

Years of Vesting Service	Vested Interest
Less than 2	0%
2 but less than 3	50%
3 or more	100%

Any individual who was a participant in the PrimeSource Corporation 401(k) Savings Plan or the Graphic Systems, Inc. 401(k) Profit Sharing Plan on the date PrimeSource Corporation or Graphic Systems, Inc. (as the case may be) was acquired by Enovation Graphic Systems, Inc. (now known as FUJIFILM Graphic Systems U.S.A., Inc.,) shall have a vested interest in their regular and profit sharing matching contributions as determined in accordance with the following schedule:

Years of Vesting Service	Vested Interest
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeited Accounts
Forfeitures of non-vested benefits are used to reduce Plan expenses and/or Company contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $287,261 and $133,080, respectively. For the years ended December 31, 2017 and 2016, forfeitures of $292,313 and $6,252, respectively, were used to reduce Plan expenses ($112,500 for 2017 and $-0- for 2016) and Company contributions ($179,813 for 2017 and $6,252 for 2016). In 2018, forfeitures of $432,016 were used to offset against Company contributions.

Note 1 – Description of Plan (continued)

Payment of Benefits
On termination of service due to death, disability or retirement, a participant with a vested interest over $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a distribution in the form of an annuity, or a combination of both. If the vested interest is less than $5,000, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.00% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. The loans must be repaid over a period not to exceed five years or ten years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 2 – Summary of Accounting Policies

Recent Accounting Pronouncements
On August 28, 2018, FASB issued ASU 2018-13, Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans), removes, modifies and adds fair value and/or Net Asset Value ("NAV") related disclosures. The ASU is effective for years beginning after December 15, 2019. Certain of these amendments are prospective changes with the balance to be applied retrospectively. Early adoption is permitted; however, certain components of this ASU can be early adopted without delay. The Board of Trustees has not determined what impact the adoption of ASU 2018-13 will have, if any, on its financial statements.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities reported at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Accounting Policies (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Defaulted loans recorded as benefit payments amounted to $872,927 and $425,473 for the years ended December 31, 2017 and 2016, respectively.

Payments of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 11, 2018, the date the financial statements were available to be issued.

Note 3 – Certified Investments

Certain information related to investments and reductions to notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in the fair value of investments and interest and dividends for the years then ended, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, F.S.B. ("PB&T"), (the trustees of the Plan), except for the stable value pooled separate account.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2017 and 2016.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurements (continued)

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at fair value based on the current market values of the underlying assets of the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held in the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Stable value pooled separate account: The stable value pooled separate account is not available in an exchange and active market, however, the fair value is determined based on the Plan's pro-rata share of the underlying investments in the pooled separate account. The underlying investments are principally comprised of investment grade: mortgage pools, corporate bonds and U.S. and foreign government bonds. Values are determined by quoted prices, market indexes, and bid and asked criteria.

Note 4 – Fair Value Measurements (continued)

Self-directed brokerage accounts: Consists of interest bearing cash, preferred stocks, common stocks, and mutual funds. Cash is valued at fair value based on current market values of the underlying assets of the fund. The preferred and common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Equity securities	$ -	$ 149,800,053	$ -	$149,800,053

Self–directed brokerage accounts	4,506,602	877,960	-	5,384,562
Total investments at fair value	$440,069,176	$ 380,763,973	$ -	$820,833,149

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Equity securities	$ -	$ 100,020,803	$ -	$100,020,803
Mutual funds	217,010,639	-	-	217,010,639
Stable value pooled separate account	-	196,677,028	-	196,677,028
Self–directed brokerage accounts	2,619,265	539,425	-	3,158,690
Total investments at fair value	$219,629,904	$ 297,237,256	$ -	$516,867,160

Note 5 –Stable Value Pooled Separate Account

The Plan's investment in the stable value pooled separate account (the "Fund"), a pooled separate account of PRIAC, is based on the fair value of the underlying investments. The investment objective is to receive a constant rate of return on the investments held in the Fund which is contractually agreed to (i.e. guaranteed) between the Plan and the Fund. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. PRIAC is contractually obligated to repay the principal and a specified interest rate in a manner that mimics contract value. Said rate is reset every six months, but fair value appreciation (depreciation) and gains and losses are rolled into the next six month fixed rate setting process. Generally, there are no restrictions on Plan participant's ability

Note 5 –Stable Value Pooled Separate Account (continued)

to redeem their investment in the Fund at a contract value rate. Certain affiliates of the Plan are also a part of this pooled separate account. Withdrawals prompted by certain events may restrict a participant's ability to redeem the investment. The contract does not permit PRIAC to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on PRIAC's ability to meet its financial obligations. PRIAC's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events limit the ability of the Plan to transact at the mimicked contract value with PRIAC. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The interest rate credited to participants in effect at both December 31, 2017 and 2016 was 3.05%.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Note 7 – Tax Status

The Plan obtained its latest determination letter on September 27, 2001, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan (i) has been amended, (ii) accepted several merged plans and participants from those plans, and (iii) affected transfers from and to affiliated plans since receiving the determination letter (the latest transfer being January 5, 2017), the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Board of Trustees of the Plan have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2017, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Transfers to and from Affiliated Plans

In 2016, all participants and related Plan assets of the Cellular Dynamics International Inc. 401(k) Plan, an affiliated benefit plan, were transferred into the Plan. In 2016, certain participants and related Plan assets were transferred into Fujifilm Medical Systems U.S.A., Inc. Profit Sharing Plan ("Fuji Medical"), an affiliated benefit plan of the Company.

On December 29, 2016, management, as permitted by the Plan document, made the decision and elected that the net assets of both Fujifilm Sonosite, Inc. 401(k) Retirement Savings Plan and Fuji Medical (both affiliated plans) would be transferred and merged into the Plan. All transfers were made on January 5, 2017 and the plans were merged, effective this date.

The following assets were transferred into the Plan on January 5, 2017:

Fujifilm Sonosite Inc. 401(k) Retirement Savings Plan	$ 69,014,890
Fujifilm Medical Systems U.S.A., Inc. Profit Sharing Plan	133,326,689
Total assets transferred to the Plan for the year ended December 31, 2017	$ 202,341,579

Note 9 – Related Party Transactions

The investments owned by the Plan are managed by PRIAC and PB&T, the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment. The Plan made direct payments to the third party administrator of $419,031 and $168,973 for the years ended December 31, 2017 and 2016 respectively; which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Benefits Payable

As of the date the financial statements were available to be issued, the Company had not completed the annual discrimination testing for the Plan for the years ended December 31, 2017, 2016, 2015 and 2014. In addition, for an affiliated plan in the controlled group, the testing has not been completed for the year ended December 31, 2017. Management believes the amount of refunds, if any, resulting from the 2017, 2016, 2015, and 2014 testing would not be material to the financial statements and, therefore, no liability has been recorded for such refunds.

Independent Auditor's Report

To the Board of Trustees
FUJIFILM Long Term Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FUJIFILM Long Term Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule appearing on pages 13 to 14, as of December 31, 2017 is required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following brief description of the FUJIFILM Long Term Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective September 1, 1985 and includes all of the non-union, non-leased employees of FujiColor Processing Inc., FUJIFILM U.S.A., Inc., FUJIFILM Graphic Systems U.S.A., Inc., FUJIFILM Electronic Materials U.S.A., Inc., FUJIFILM Holdings America Corporation, FUJIFILM e-Systems, Inc., FUJIFILM Hunt Chemicals, U.S.A., FUJIFILM Manufacturing, U.S.A., Inc., Endoscopy Division of FUJIFILM Medical Systems USA, Inc. FUJIFILM North America Corporation Hawaii Regional Office, FUJIFIM Imaging Colorants, Inc., FUJIFILM Recording Media Manufacturing U.S.A., Inc., FUJIFILM Hunt Smart Surfaces LLC, and FUJIFLM Planar Solutions LLC. In connection with the merger of the Fujifilm Sonosite, Inc. 401(k) Retirement Savings Plan and Fujifilm Medical Systems U.S.A., Inc. Profit Sharing Plan into the Plan, non-union, non-leased employees of FUJIFILM Medical Systems U.S.A., Inc., TeraMedica, Inc. and Fujifilm Optical Devices U.S.A., Inc. and FUJIFILM SonoSite, Inc. entered the Plan effective January 5, 2017. The above companies are collectively referred to as the "Company". Any employee as described above and who has reached age 21, will be eligible for benefits. The Plan is subject to the provisions of ERISA. The Board of Trustees of the Plan are responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute a pre-tax amount equal to not less than 1 percent and not more than 65 percent, of their compensation, as defined, into the Plan, for the contribution period. Participants may also make a post-tax contribution in an amount equal to not less than 1 percent and not more than 16 percent of their compensation. The Plan includes an automatic deferral feature for eligible new employees whereby 6 percent of their compensation will be withheld and contributed to the Plan and will increase by 1 percent each year after until the deferral rate has reached a maximum rate of 15 percent unless a contrary election is made. The contributions are automatically invested in an age appropriate qualified default investment alternative fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investment of their contributions, employer contributions and rollovers into various investment options offered by the Plan. The Plan accepts After-Tax Deferrals made on behalf of participants. The Company will make a safe harbor matching contribution for eligible employees who have made 401k contributions. The Company matching contribution is 50 percent of the first 6 percent of the participant's base compensation that a participant contributes to the Plan. The Company also made additional contributions in an amount equal to 4 percent (non-elective contribution) of each participant's compensation. During the year ended December 31, 2017, the Company trued up their matching contributions for 2014 through 2016 and accrued an additional contribution of $360,471, which was paid in 2018. During the years ended December 31, 2017 and 2016, the Company made contributions of $23,740,660 and $12,172,647, including non-elective contributions of $14,087,361 and $7,520,506, respectively. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Note 1 – Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions as well as an allocation of (a) the Company's non-elective contributions, (b) Plan earnings and (c) Plan administrative expenses that are paid by the Plan. Earnings and investment expenses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions, non-elective contributions plus actual earnings thereon. The vesting in the Company's contributions portion of the participants' accounts is based on years of continuous service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

A participant's vested interest in his/her matching contributions and true up matching contributions shall be determined in accordance with the following schedule:

Years of Vesting Service	Vested Interest
Less than 2	0%
2 but less than 3	50%
3 or more	100%

Any individual who was a participant in the PrimeSource Corporation 401(k) Savings Plan or the Graphic Systems, Inc. 401(k) Profit Sharing Plan on the date PrimeSource Corporation or Graphic Systems, Inc. (as the case may be) was acquired by Enovation Graphic Systems, Inc. (now known as FUJIFILM Graphic Systems U.S.A., Inc.,) shall have a vested interest in their regular and profit sharing matching contributions as determined in accordance with the following schedule:

Years of Vesting Service	Vested Interest
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeited Accounts
Forfeitures of non-vested benefits are used to reduce Plan expenses and/or Company contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $287,261 and $133,080, respectively. For the years ended December 31, 2017 and 2016, forfeitures of $292,313 and $6,252, respectively, were used to reduce Plan expenses ($112,500 for 2017 and $-0- for 2016) and Company contributions ($179,813 for 2017 and $6,252 for 2016). In 2018, forfeitures of $432,016 were used to offset against Company contributions.

Note 1 – Description of Plan (continued)

Payment of Benefits
On termination of service due to death, disability or retirement, a participant with a vested interest over $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a distribution in the form of an annuity, or a combination of both. If the vested interest is less than $5,000, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.00% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. The loans must be repaid over a period not to exceed five years or ten years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 2 – Summary of Accounting Policies

Recent Accounting Pronouncements
On August 28, 2018, FASB issued ASU 2018-13, Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans), removes, modifies and adds fair value and/or Net Asset Value ("NAV") related disclosures. The ASU is effective for years beginning after December 15, 2019. Certain of these amendments are prospective changes with the balance to be applied retrospectively. Early adoption is permitted; however, certain components of this ASU can be early adopted without delay. The Board of Trustees has not determined what impact the adoption of ASU 2018-13 will have, if any, on its financial statements.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities reported at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Accounting Policies (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Defaulted loans recorded as benefit payments amounted to $872,927 and $425,473 for the years ended December 31, 2017 and 2016, respectively.

Payments of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 11, 2018, the date the financial statements were available to be issued.

Note 3 – Certified Investments

Certain information related to investments and reductions to notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in the fair value of investments and interest and dividends for the years then ended, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank & Trust, F.S.B. ("PB&T"), (the trustees of the Plan), except for the stable value pooled separate account.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2017 and 2016.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurements (continued)

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at fair value based on the current market values of the underlying assets of the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held in the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Stable value pooled separate account: The stable value pooled separate account is not available in an exchange and active market, however, the fair value is determined based on the Plan's pro-rata share of the underlying investments in the pooled separate account. The underlying investments are principally comprised of investment grade: mortgage pools, corporate bonds and U.S. and foreign government bonds. Values are determined by quoted prices, market indexes, and bid and asked criteria.

Note 4 – Fair Value Measurements (continued)

Self-directed brokerage accounts: Consists of interest bearing cash, preferred stocks, common stocks, and mutual funds. Cash is valued at fair value based on current market values of the underlying assets of the fund. The preferred and common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$440,069,176	$ 380,763,973	$ -	$820,833,149

	Investments at Fair Value as of December 31, 2016

Self–directed brokerage accounts	2,619,265	539,425	-	3,158,690
Total investments at fair value	$219,629,904	$ 297,237,256	$ -	$516,867,160

Note 5 –Stable Value Pooled Separate Account

The Plan's investment in the stable value pooled separate account (the "Fund"), a pooled separate account of PRIAC, is based on the fair value of the underlying investments. The investment objective is to receive a constant rate of return on the investments held in the Fund which is contractually agreed to (i.e. guaranteed) between the Plan and the Fund. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. PRIAC is contractually obligated to repay the principal and a specified interest rate in a manner that mimics contract value. Said rate is reset every six months, but fair value appreciation (depreciation) and gains and losses are rolled into the next six month fixed rate setting process. Generally, there are no restrictions on Plan participant's ability

Note 5 –Stable Value Pooled Separate Account (continued)

to redeem their investment in the Fund at a contract value rate. Certain affiliates of the Plan are also a part of this pooled separate account. Withdrawals prompted by certain events may restrict a participant's ability to redeem the investment. The contract does not permit PRIAC to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on PRIAC's ability to meet its financial obligations. PRIAC's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events limit the ability of the Plan to transact at the mimicked contract value with PRIAC. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The interest rate credited to participants in effect at both December 31, 2017 and 2016 was 3.05%.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Note 7 – Tax Status

The Plan obtained its latest determination letter on September 27, 2001, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan (i) has been amended, (ii) accepted several merged plans and participants from those plans, and (iii) affected transfers from and to affiliated plans since receiving the determination letter (the latest transfer being January 5, 2017), the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Board of Trustees of the Plan have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2017, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Transfers to and from Affiliated Plans

In 2016, all participants and related Plan assets of the Cellular Dynamics International Inc. 401(k) Plan, an affiliated benefit plan, were transferred into the Plan. In 2016, certain participants and related Plan assets were transferred into Fujifilm Medical Systems U.S.A., Inc. Profit Sharing Plan ("Fuji Medical"), an affiliated benefit plan of the Company.

On December 29, 2016, management, as permitted by the Plan document, made the decision and elected that the net assets of both Fujifilm Sonosite, Inc. 401(k) Retirement Savings Plan and Fuji Medical (both affiliated plans) would be transferred and merged into the Plan. All transfers were made on January 5, 2017 and the plans were merged, effective this date.

The following assets were transferred into the Plan on January 5, 2017:

Fujifilm Sonosite Inc. 401(k) Retirement Savings Plan	$ 69,014,890
Fujifilm Medical Systems U.S.A., Inc. Profit Sharing Plan	133,326,689
Total assets transferred to the Plan for the year ended December 31, 2017	$ 202,341,579

Note 9 – Related Party Transactions

The investments owned by the Plan are managed by PRIAC and PB&T, the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment. The Plan made direct payments to the third party administrator of $419,031 and $168,973 for the years ended December 31, 2017 and 2016 respectively; which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Benefits Payable

As of the date the financial statements were available to be issued, the Company had not completed the annual discrimination testing for the Plan for the years ended December 31, 2017, 2016, 2015 and 2014. In addition, for an affiliated plan in the controlled group, the testing has not been completed for the year ended December 31, 2017. Management believes the amount of refunds, if any, resulting from the 2017, 2016, 2015, and 2014 testing would not be material to the financial statements and, therefore, no liability has been recorded for such refunds.
