1. Description of Plan

The following description of the Fetch, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution 401(k) plan available to qualifying employees of Fetch, Inc. (the "Company") who have completed 2 months of service and are age 21 or older. Employees who are covered by a collective bargaining agreement or are leased employee are excluded from the Plan. An employee is eligible to participate in the Plan immediately upon meeting the eligibility requirements for employee contributions. After completion of one year of service or 1,000 hours an employee is eligible for the employer matching and profit sharing contributions. Entry date for employer contributions, matching and profit sharing, is the first day of the first and seventh month of the Plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Employees who are eligible to participate in the Plan may contribute up to 100% of their compensation up to the maximum dollar amount allowable by the Internal Revenue Code ("IRC"). These contributions may be elective deferral or Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Plan will not allow Roth contribution rollovers. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year the Company may contribute a discretionary employer matching and/or a discretionary profit sharing contribution to the Plan based on a formula determined by the Company. Profit sharing contributions are allocated to participant accounts at the end of the Plan year based on allocation formula determined by the Company. There were no employer contributions, matching or profit sharing, made during 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's contributions (matching and profit sharing) portion of their account is based on the following schedule:

Years of service	Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as specified in the Plan. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the respective participant's account during the prior 12 month period or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan administrator is set at the prime rate. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Forfeitures of non-vested participant accounts may be used to reduce future employer contributions or to pay administrative expenses of the Plan. There were no forfeitures outstanding as of December 31, 2017 and 2016.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 14, 2018.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2017 and 2017, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TD Ameritrade Trust Company, the trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability' s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used or transfers between levels at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC and are deemed to be actively traded. These funds are required to publish their daily net asset value and to transact at that price.

Exchange traded funds ("ETF"): Valued at the closing price reported on the active market on which the individual security is traded.

Collective investment trust ("CIT"): Valued at net asset value ("NAV") of units held based on the Plan's percentage of interest in the Fund within the Trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the Fund less any liabilities.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2017 and 2016:

	Investment Assets at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 508,643	$ -	$ -	$ 508,643
ETFs	754,539	-	-	754,539
Total investments at fair value	1,263,182	-	-	1,263,182
CIT measured at net asset value*	-	-	-	22,140
Total Investments	$ 1,263,182	$ -	$ -	$ 1,285,322

	Investment Assets at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 385,495	$ -	$ -	$ 385,495
ETFs	691,382	-	-	691,382
Total investments at fair value	1,076,876	-	-	1,076,876
CIT measured at net asset value*	-	-	-	17,658
Total Investments	$ 1,076,876	$ -	$ -	$ 1,094,535

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes the investment measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trust	$ 22,140	N/A	Daily	60 Days

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trust	$ 17,658	N/A	Daily	60 days

Collective investment trust - The Plan has a stable value fund collective investment trust with Reliance Trust Company (the "Trust"). The Trust is invested in the MetLife Series 25053 Class 65 (the "Fund"). The interest of each participating participant is represented by units. The units are issued and redeemed only on a valuation date and at the NAV per unit computed on that date. Units may be redeemed on a daily basis to meet benefit payments and other participant initiated withdrawals for benefits, loans, or transfers to other investment options as permitted by retirement plans invested in the Trust. Under the terms of the Trust's Declaration of Trust, retirement plans invested in the Trust are required to provide 60 days advance written notice to the trustee prior to redemption of all of the trust units. As of December 31, 2017 and 2016, the Plan had not provided the Trust's trustee with advance written notice.

5. Party-In-Interest Transactions

TD Ameritrade Trust Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

As described in Note 2, the Plan paid certain expenses related to the plan operations and investment activity to various service providers. These transactions are party-in-interest transactions. Certain employees of the Company who are involved in the administration of the Plan are participants in the Plan. No such employees receive compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

Effective April 1, 2016, the Plan adopted a new Prototype Plan offered by Web401(k).com Inc. ("Web401(k)") in conjunction with a restatement of the Plan documents. Web401(k) received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. Prior to April 1, 2016, the Plan was operating under a different Prototype Plan offered by Web401(k).com with an opinion letter dated October 29, 2008. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no auditsby any taxing authorities for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Late Remittances

ERISA determined that 401(k) participant contributions and loan repayments must be made within a timely manner, which for a small business is defined as seven business days from the end of the previous pay date. During 2014, participant contributions and loan repayments totaling approximately $67,912 were not remitted within the appropriate time by the Company. These transactions constitute prohibited transactions as defied by ERISA. The Company has taken the appropriate steps to correct these transactions in October 2018.

10. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued.
