Report on the Financial Statements

We have audited the accompanying financial statements of USW Industry 401(K) Fund (the "Fund"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of USW Industry 401(k) Fund as of December 31, 2017, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The financial statements of USW Industry 401(k) Fund as of and for the year ended December 31, 2016, were audited by other auditors whose report dated October 3, 2017, expressed an unmodified opinion on those statements.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Line 4i and Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Line 4a, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

USW INDUSTRY 401(k) FUND

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 1—Description of plan

The following description of the USW Industry 401(K) Fund (the “Fund”) provides only general information. Participants should refer to the Fund's plan of benefits (the “Plan”) for a more complete description.

General Description of Plan – The Fund provides benefits through a defined contribution multiemployer plan established in 1994 to allow employees of participating employers to accumulate funds on a tax-favorable basis for the purpose of providing retirement income. With respect to employer contributions, employees covered under a collective bargaining agreement, or who are described in a written participation agreement requiring contributions to the Fund (collectively “Covered Participants”), are eligible to participate in the Fund on the earlier of the first date on which contributions are received on his or her behalf or one year after the first date that contributions were required to be made on his or her behalf, but in no event will an employee become a participant later than one year following the date on which he or she completes one year of service. With respect to employee contributions, Covered Participants are eligible to participate in the Fund after completing forms prescribed by the Trustees that designate the rate or amount of earnings to be deferred to the Fund, authorizes the employer to make regular payroll deductions from their earnings, and names a beneficiary.

Participating employers contribute amounts to the Fund based upon the contribution rates that have been agreed to in their collective bargaining agreements and/or participation agreements. The Fund, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), is administered by a joint Board of Trustees (“Trustees”), comprised of union trustees and employer trustees. The assets of the Fund are administered under the terms of an agreement between the Fund and MassMutual Life Insurance Company (“MassMutual”).

Contributions – Participants may voluntarily make the following contributions to the Fund: pre-tax salary deduction contributions, ROTH contributions, and post-tax contributions. Participants may contribute up to 100% of their compensation, subject to the requirements of the Internal Revenue Code (“IRC”).

Employers may make contributions and matching contributions on behalf of participants at rates agreed to in negotiations between the union and each respective employer. Such contributions and matching contributions are set forth in participation agreements and/or collective bargaining agreements among the Fund, the union, and each respective employer.

Contributions receivable are recorded as they become due. The carrying amounts of receivables are reduced by valuation allowances, if necessary, which reflect the Fund's best estimate of the amounts that will not be collected. Such allowances are estimated based on the Fund's knowledge of its participating employers.

Participant Accounts – Each participant's account is credited or charged with the participant's contributions, plan earnings or losses, administrative expenses, and if applicable, allocations of employer contributions. Allocations are based on participant earnings and losses or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in employee and employer contributions, plus actual earnings and losses thereon.

USW INDUSTRY 401(k) FUND

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 1—Description of plan (continued)

Notes Receivable from Participants – Participants may borrow from their accounts maintained under the Fund a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1% ranging from 4.25% to 10.50% at December 31, 2017. Except as noted below, participants may maintain up to two loans at any one time, but only one loan may be originated within a 12-month period unless otherwise provided in the participation agreement. Additionally, a second loan cannot be obtained if the participant is in default on the original loan. Principal and interest are collected ratably through monthly payroll deductions of at least \$25 per month over periods ranging up to 60 months, with the exception of loans obtained for the purchase of a primary residence, which may be collected over 15 years.

Employees of employers that participated in the PACE Savings and Investment Plan may maintain up to four loans at any one time. Such loans are subject to the same provisions as discussed in the preceding paragraph.

Payment of Benefits – Upon attaining age 59½, or termination of service due to retirement, death, disability, or termination of employment, participants may elect to receive an amount equal to the value of their account. The normal form of payment with respect to a married participant is a joint and survivor annuity, as defined in the Plan. With respect to all other participants, the normal form of payment is a life annuity, as defined in the Plan. There are also several alternate forms of benefit payments, which include certain payment forms allowable under the former terms of various merged plans.

Hardship Withdrawals – The Plan permits distributions in the event of a hardship, as defined in the Plan. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective deferral contributions and rollover contributions plus earnings. Participants are not permitted to defer withholdings for six months following a hardship withdrawal.

Amendments – Certain provisions of the Plan have been amended by the Trustees. Participants should refer to the Summary Plan Description and Summary of Material Modifications for the details of such amendments and their impact on the benefits provided under the Plan.

Fund Termination – Although they have not expressed any intent to do so, the Trustees have the right under the Fund to discontinue its operations at any time and to terminate the Fund subject to the provisions of ERISA and the collective bargaining agreements between the union and the participating employers.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Fund are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition – Investments are stated at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

USW INDUSTRY 401(k) FUND

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 2—Summary of significant accounting policies (continued)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Fund invests in benefit-responsive investment contracts through the stable value investment option. Contract value for this option represents contributions made, plus earnings, less participant withdrawals and administrative expenses as reported by MassMutual.

Purchases and sales of securities are recorded on a settlement date basis, which does not differ significantly from the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation/appreciation in the fair value of investments includes the Fund's gains and losses on investments bought and sold, as well as, held during the year.

Rollovers – Rollovers of participant balances out of the Fund are included in benefits paid in the accompanying financial statements.

Payment of Benefits – Benefits are recorded when paid.

Allocation of Operating and Administrative Expenses – Expenses of maintaining the Fund are paid by the Fund. The Fund has entered into an agreement to share management and other services for the operations of the Fund with those of the PACE Industry Union-Management Pension Fund ("PIUMPF").

The amounts of costs allocated to the Fund are determined via specific identification of direct expenses of the Fund and the appropriate allocation of PIUMPF's salaries, benefits, and other common expenses. The Fund records these allocated costs in general and administrative expenses in the accompanying financial statements. The expenses allocated by PIUMPF to the Fund for the years ended December 31, 2017 and 2016 were \$547,812 and \$420,020, respectively, and are included in general and administrative expenses on the statement of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as deemed distributions based upon the terms of the Plan.

Date of Management's Review – Subsequent events were evaluated through October 8, 2018, which was the date the financial statements were available to be issued.

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Money Market and Mutual Funds – Valued at quoted market prices, which represent the net asset value of shares held by the Fund at end of year.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value at December 31, 2017 and 2016.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 4—Stable value investment option

The stable value option is invested in a Guaranteed Interest Account (“GIA”) and a Separate Account Guaranteed Interest Contract Diversified Bond (“SAGIC”) investment option, which are both benefit-responsive contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The GIA invests in MassMutual’s general investment account and is designed to provide stable, long-term investment growth. The diversified portfolio is composed primarily of high quality, fixed income investments including public bonds, private placements, commercial mortgage loans and short-term investments. The GIA is not subject to changes in value due to market conditions and is backed by MassMutual’s surplus and capital. However, in the event the GIA contract is fully or partially terminated, the participants will receive the market value, as defined in the contract, instead of the contract value of their accounts. The market value may be more or less than the contract value of the investment in the GIA. MassMutual may terminate the GIA contract under certain circumstances, which include, but are not limited to, a complete or partial termination of the Fund, noncompliance of the Plan with certain IRC sections, breach of contract and upon 90 days effective communication, as defined by the contract, from MassMutual to the Fund. The Fund may terminate the GIA upon 30 days effective communication, as defined by the contract, from the Fund to MassMutual. As of the date of this report, neither MassMutual nor the Trustees have expressed an intent to terminate the GIA contract.

The SAGIC is a separate account, and its assets are separate from MassMutual’s general investment account. Therefore, the SAGIC’s assets are insulated from liability arising out of any other business conducted by MassMutual. Contributions allocated to the SAGIC are maintained in a separate investment account that invests in a diversified portfolio of fixed income securities, including public and private bonds, mortgage and asset backed issues, and U.S. Treasury securities. If the SAGIC contract is fully or partially terminated, the market value of the underlying portfolio is payable to participants in a lump sum, which, at any point in time, may be less than contract value. Therefore, it is possible to lose money by investing in the SAGIC. MassMutual may terminate the SAGIC contract under certain circumstances, which include, but are not limited to, a complete or partial termination of the Fund and/or the establishment or activation of, or material change in any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan if MassMutual determines that such establishment, activation, amendment or change has an adverse effect on MassMutual’s administrative procedure or the financial experience of MassMutual or other investors with investment agreements in the same class as the SAGIC. As described in the contract, the Fund may also terminate the SAGIC contract in certain circumstances. As of the date of this report, neither MassMutual nor the Trustees have expressed intent to terminate the SAGIC.

There are no reserves against contract value for credit risk of the contract issuer or otherwise for both the GIA and the SAGIC. The guaranteed crediting interest rates are based on agreed upon formulas with the issuers, but cannot be less than 0%. Such rates are reviewed annually, at a minimum, for resetting. The following were the actual crediting rates for 2017 and 2016:

GIA	January 1, 2016 through December 31, 2017	3.00%
SAGIC	September 1, 2017 through December 31, 2017	3.55%
	March 1, 2017 through August 31, 2017	3.60%
	September 1, 2016 through February 28, 2017	3.15%
	March 1, 2016 through August 31, 2016	4.25%
	January 1, 2016 through February 28, 2016	4.05%

USW INDUSTRY 401(k) FUND

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 5—Plan transfers

The Fund's Board of Trustees approved a transfer from Menasha Corporation 401(k) Retirement Plan for Union Employees ("Menasha") into the Fund. Effective January 15, 2016, assets totaling \$4,566,864 were transferred from Menasha.

During 2016, the Fund's Board of Trustees approved two transfers out from the Fund. Effective July 15, 2016, assets totaling \$2,115,216 were transferred into the Interstate Paper 401(k) Retirement Plan. Effective August 4, 2016, assets totaling \$2,066,572 were transferred into the National Cement Company of Alabama, Inc. Union 401(k) Plan.

Note 6—Credit risk, concentrations, and uncertainties

At various times during the year, the Fund has cash deposits at a bank in excess of the federally insured limit. The Fund has not experienced any losses in such accounts and the Trustees believe the Fund is not exposed to any significant credit risk in this regard.

The Fund utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7—Non-participant directed cash

Non-Participant Directed Cash – Information about the net assets and significant components of the changes in net assets relating to the non-participant directed cash is as follows:

	2017	2016
Net assets, cash	\$ 2,220,844	\$ 1,602,807
Changes in net assets:		
Net transfers from participant directed investments	\$ 399,506	\$ 368,399
Payments to PIUMPF	(336,189)	(269,429)
General and administrative expenses paid	(182,384)	(231,642)
Administrative fees remunerated by employers	276,952	129,728
Other	-	148,547
Plan sponsor reimbursements	460,152	418,512
	\$ 618,037	\$ 564,115

Note 8—Excess participant contributions payable

At December 31, 2017 and 2016, accounts payable and other liabilities include \$64,765 and \$69,686, respectively, of contributions refundable by the Fund to participants for contributions made in excess of amounts allowed by the IRC. All excess contributions were refunded to participants within the time period prescribed by the IRC.

USW INDUSTRY 401(k) FUND

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

Note 9—Income tax status

The Fund obtained a favorable determination letter on March 14, 2016, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. The Fund is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or an asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10—Related party transactions

The Fund pays all expenses related to operations and investment consultant activities to various service providers. These transactions are party in interest transactions under ERISA.

Transactions with parties in interest include purchases and sales of certain investments through MassMutual during 2017 and 2016. Fees incurred by the Fund for investment management services are netted against income and included in net depreciation/appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payments. Under the revenue sharing agreement, MassMutual reimbursed the Fund \$462,770 and \$417,691 in 2017 and 2016, respectively, for general and administrative expenses incurred.

At December 31, 2017 and 2016, other receivables included \$128,952 and \$125,959, respectively, due from MassMutual for general and administrative expense reimbursements and administrative fees charged to participants' accounts.

Certain members of the Trustees are also trustees of PIUMPF and USW HRA Fund.
