Independent Auditor's Report

To the Board of Directors and Plan Administrator
Motorists Mutual Incentive Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Motorists Mutual Incentive Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of January 1, 2018, December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the period ended January 1, 2018 and the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2018 Financial Statements

Our responsibility is to express an opinion on the 2018 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2018 financial statements.

Auditor's Responsibility for the 2017 and 2016 Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Independent Auditor's Report (Continued)

Basis for Disclaimer of Opinion on the 2017 and 2016 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, assets held by State Street Bank and Trust Company (State Street), the trustee of the Plan as of December 31, 2016, and transactions in those assets from January 1, 2017 to December 29, 2017, were excluded from the scope of our audit of the Plan's financial statements, except for comparing the information provided by the trustee which is summarized in Note 3, with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's assets as of December 31, 2016 and executed transactions for the period January 1, 2017 to December 29, 2017. The Plan Administrator has obtained a certification from the trustee from January 1, 2017 to December 29, 2017, and as of December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2017 and 2016 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Opinion on the 2018 Financial Statements

In our opinion, the financial statements referred to above of the Plan as of January 1, 2018, and for the period then ended, present fairly, in all material respects, the net assets available for benefits of the Plan as of January 1, 2018, and the changes in net assets available for benefits for the period then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Plan Merger

As discussed in Note 8 to the financial statements, the Motorists Mutual Insurance Group Board of Directors, the Plan's sponsor, voted on October 30, 2017, to merge the Motorists Mutual Incentive Savings Plan into the Motorists Insurance Group 401(k) Plan effective January 1, 2018. All net assets were transferred out of the Plan effective January 1, 2018. Our disclaimer of opinion is not modified with respect to this matter.

Other Matters

The supplemental schedule of delinquent contributions for the year ended December 31, 2017 and schedule of assets (held at year end) as of December 31, 2017 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content of the 2017 and 2016 Financial Statements in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2017 and 2016 financial statements, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Motorists Mutual Incentive Savings Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The following description of the Motorists Mutual Incentive Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution plan, was established for the purpose of providing a savings plan for the benefit of substantially all employees of Motorists Mutual Insurance Company (the Company) and its subsidiaries. Employees are immediately eligible to participate after their employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each eligible employee (participant), as defined in the Plan, may elect to contribute, through payroll deduction, from 1% to 50% of their annual compensation. Eligible employees are automatically enrolled in the Plan with an elective pre-tax deferral rate of 3% of compensation, increasing each year by 1% until such elective deferral rate is 6% of compensation, unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. The contributions of highly compensated employees, as defined by the Internal Revenue Service may be further limited. Participants may increase or decrease their contribution amount at any time. Participants may also make Roth deferral contributions. Participants may be eligible to contribute rollover amounts received as a lump-sum distribution from a qualified retirement plan of another employer if transferred to this Plan directly, or by the participant within 60 days of receipt of the distribution from the previous plan. Such amount shall have no effect on the limits for maximum benefits and contributions as defined by the Plan. Company matching contributions are made in an amount equal to 100% of the first 1% of employee contributions and 40% of the next 5% of employee contributions.

Additional discretionary amounts may be contributed by the Company at the option of the Company's board of directors. In October 2017, the Motorists Mutual Insurance Company amended the Plan to provide for a one-time employer transition contribution based on years of service. The total transition contribution made was \$11,371,411 for the year ended December 31, 2017. There were no discretionary contributions in 2018. All contributions are invested in the investment options at the direction of the participant. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and is charged with an allocation of administration expenses, if applicable. The allocation of the Company's contributions follows the participant's directed investment options. Plan earnings are allocated based upon the participant's shares in each investment account.

Vesting and forfeitures: Participants are immediately vested in their contributions, plus actual earnings thereon. Generally, participants are fully vested in Company matching contributions, transition contributions, and additional discretionary amounts contributed by the plan, plus actual earnings thereon after two years of service. Participants who have attained normal retirement age or have terminated as a result of death or disability are immediately fully vested in Company matching contributions and additional discretionary amounts contributed by the Company, plus actual earnings thereon. The balance of forfeited nonvested accounts was not material at January 1, 2018 and December 31, 2017.

Investment options: Upon enrollment in the Plan, participants may elect to allocate contributions between the fund options available under the Plan in increments of 1%. Earnings on all funds, including appreciation and depreciation in the fair value of investments, are determined daily by using the quoted market value of shares in each investment account. Participants may transfer account contributions on a daily basis, and may transfer account balances in 1% increments on a daily basis. Through the self-directed brokerage account option, participants may invest in most listed stocks, options (if approved for options trading), corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities,

Motorists Mutual Incentive Savings Plan

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

U.S. Government agency bonds, certificates of deposit, unit investment trusts, foreign securities, and other mutual funds (subject to the limitations of the Plan).

Notes receivable from participants: Participants may borrow from their fund accounts once every twelve months with a maximum of two outstanding loans at any one time. The minimum loan is \$500 with the maximum loan not to exceed the lesser of \$50,000 or 50% of the vested account value. The loan amount will process as a reduction of the elected investment funds on a pro-rata basis. Loan terms may extend to a maximum of five years or up to fifteen years for the purchase of a primary residence. The loans have a fixed interest rate established by the Motorists Mutual Incentive Savings Plan Committee. The loan interest rate is determined at the beginning of each quarter. Principal and interest is paid ratably through payroll deduction.

Payment of benefits: Upon termination of service due to retirement, death or disability, participants may receive the vested value of their account in a lump sum or partial distribution. Regular installments over a period not to exceed fifteen years may also be elected. If service terminates for other reasons and the vested account balance exceeds \$1,000, a participant must consent to receive a lump sum or partial distribution. Benefit payments may be deferred until age 70-1/2 or retirement, if later.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions: Participant contributions and Company matching contributions are recognized when the participant contributions are withheld from the participant's earnings. Additional discretionary and transition contributions approved by the Company's board of directors are recognized in the year of service.

Payments of benefits: Distributions are recognized when paid.

Motorists Mutual Incentive Savings Plan

Notes to the Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Administrative expenses are paid by the Company, except for participant fees related to distribution and loan withdrawals, which are paid by the Plan.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits. Four and two investments of the Plan comprise approximately 55% and 26% of the total investments at December 31, 2017 and 2016, respectively.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by State Street

The information related to investments that is included throughout the Plan's financial statements for the period January 1, 2017 to December 29, 2017 and as of and for the year ended December 31, 2016 was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information in which appears throughout the financial statements for the period January 1, 2017 to December 29, 2017 and as of and for the year ended December 31, 2016 related to the following assets:

	2016
Investments, at fair value:	
Registered investment companies	\$ 121,467,225
Self-directed brokerage accounts	3,195,157
Pooled stable value account	15,005,515
	<u>\$ 139,667,897</u>
Notes from participants	<u>\$ 2,564,997</u>

The trustee also certified to the completeness and accuracy of the net appreciation in fair value of investments of \$23,588,120, interest and dividend income of \$2,004,390, and interest income on notes receivable from participants of \$107,287 for the period January 1, 2017 to December 29, 2017.

Motorists Mutual Incentive Savings Plan

Notes to the Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 1, 2018, December 31, 2017 and 2016:

Shares of registered investment companies: Valued by published market sources at the net asset value (NAV) of shares held by the Plan at year-end.

Self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

Shares of pooled stable value account: The pooled stable value account is comprised of stable value funds and fully-benefit responsive investment contracts that are valued at the NAV of units of the pooled stable value account. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Motorists Mutual Incentive Savings Plan

Notes to the Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2017 and 2016:

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 135,531,550	\$ -	\$ -	\$ 135,531,550
Self-directed brokerage accounts	3,283,134	-	-	3,283,134
Total assets in fair value hierarchy	\$ 138,814,684	\$ -	\$ -	138,814,684
Investments measured at net asset value ^(a)				15,354,226
Investments at fair value				\$ 154,168,910

	2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 121,467,225	\$ -	\$ -	\$ 121,467,225
Self-directed brokerage accounts	3,195,157	-	-	3,195,157
Total assets in fair value hierarchy	\$ 124,662,382	\$ -	\$ -	124,662,382
Investments measured at net asset value ^(a)				15,005,515
Investments at fair value				\$ 139,667,897

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended January 1, 2018 and the year ended December 31, 2017, there were no significant transfers between fair value levels.

Motorists Mutual Incentive Savings Plan

Notes to the Financial Statements

Note 4. Fair Value Measurements (Continued)

Investments Measured Using Net Asset Value per Share Practical Expedient

The following tables set forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2017 and 2016:

	2017			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled stable value account ^(b)	\$ 15,354,226	\$ -	90 days	None
	2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled stable value account ^(b)	\$ 15,005,515	\$ -	90 days	None

^(b) The pooled stable value account seeks capital preservation with income in excess of money market funds. To achieve this, the account invests in a diversified portfolio of high quality fixed-income securities including U.S. Treasury and Agency, corporate, mortgage, guaranteed investment contracts, and asset backed securities. The account benefits from insurance "wrap" agreements which permit accounts to be carried at "book value" rather than "market value", thus allowing for market movements to be smoothed over time.

Note 5. Tax Status

The IRS has determined and informed the Company by a letter dated May 16, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Note 6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Notes to the Financial Statements

Note 6. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of contributions per the financial statements to the Form 5500 for the period ended January 1, 2018 and the year ended December 31, 2017:

	2018	2017
Contributions per the financial statements	\$ -	\$ 21,453,282
Plus: Contributions receivable, prior year	-	321,494
Contributions per the Form 5500	\$ -	\$ 21,774,776

The following is a reconciliation of investment income per the financial statements to the Form 5500 for the period ended January 1, 2018 and the year ended December 31, 2017:

	2018	2017
Total investment income per the financial statements	\$ -	\$ 25,592,510
Plus: Interest income on notes receivable from participants	-	107,287
Total investment income per the Form 5500	\$ -	\$ 25,699,797

Reconciliations between the financial statements and the Form 5500 are required because the financial statements are prepared on the accrual basis of accounting, whereas the Form 5500 is prepared on the modified cash basis of accounting.

Note 7. Related Party Transactions

Fees paid by the Plan for administrative services provided by State Street, the trustee, amounted to \$0 and \$229,446 for the period ended January 1, 2018 and year ended December 31, 2017, respectively.

Note 8. Plan Mergers

Effective January 1, 2018, the Plan merged into the Motorists Insurance Group 401(k) Plan. Net assets of \$156,677,661 were transferred into the new Plan in January 2018. As such, the transferred assets have been disclosed as a transfer to the Motorists Insurance Group 401(k) Plan on the Statement of Changes in Net Assets Available for Benefits for the period ended January 1, 2018.

Note 9. Prohibited Transactions

During 2017, the Plan inadvertently failed to deposit \$1,904 of participant contributions within the required timeframe as stated by the United States Department of Labor Regulations. The Plan sponsor deposited lost earnings to correct this failure in 2017. The Plan Sponsor will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan sponsor's assets and not from the assets of the Plan.
