NOTE 1 **DESCRIPTION OF PLAN**

The following brief description of the Alliance Beverage Distributing Co., LLC 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The Plan is a defined contribution plan covering substantially all nonunion employees of Alliance Beverage Distributing Co., LLC (Alliance), who have completed six months of service and have attained 21 years of age. The Board of Directors of Alliance controls and manages the operation and administration of the Plan. Effective December 31, 2017, this Plan was merged with and into the Breakthru Beverage Group 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Eligible employees may contribute up to 60% of their pretax annual compensation, subject to Internal Revenue Service (IRS) limitations. Alliance has implemented the automatic enrollment safe-harbor whereby employees are automatically enrolled in the Plan at a deferral rate of 3% when they become eligible to participate unless a different deferral rate election is made by the employee. Alliance contributes 100% of the first 1% and 50% of the next 5% of base compensation that a participant contributes to the Plan. Alliance may also make a discretionary nonelective contribution to participant accounts. The amount of the discretionary contribution is determined and approved by Alliance's Board of Directors, and this contribution is made to all eligible Plan participant accounts whether or not they contribute to the Plan. There were no discretionary contributions made in 2017. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for an employer matching contribution.

PARTICIPANTS' ACCOUNTS

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Alliance's matching and discretionary contributions, and Plan earnings, and charged with withdrawals and Plan losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of service.

(See Independent Auditors' Report)

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than Three Years	0%
Three Years or Greater	100%

FORFEITED ACCOUNTS

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$8,909 and \$5,183, respectively. These accounts may be used to reduce future administrative expenses or employer contributions in accordance with Plan documents. In 2017, Alliance contributions were reduced by \$5,184.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct contributions in various investment options. Specific information regarding these options may be obtained from the Plan Administrator.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50% of their vested balance or \$50,000. Loan terms require amortization of principal and interest over a period not to exceed five years. Loans used to acquire a principal residence may extend beyond a 5-year term. The notes receivable are collateralized by the balance in the participant's account and bear interest at 7.75%. The notes receivable are repaid through payroll deductions and may be repaid in full at any time.

ADMINISTRATIVE EXPENSES

Certain Plan expenses are paid by the Plan through deductions from participant accounts based on individual fees incurred, while the remainder is paid by Alliance.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ACCOUNTING STANDARDS CODIFICATION

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

(See Independent Auditors' Report)

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 4, 2018, the date the financial statements were available to be issued.

RISK AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

VALUATION OF INVESTMENTS

Investments are stated at fair value. See Note 5 for a discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intention to do so, Alliance has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(See Independent Auditors' Report)

NOTE 4 **INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan's investments were held by the Trustee, Fidelity Management Trust Company, at December 31, 2017 and 2016. Financial information related to Plan investments is included in the accompanying financial statements based on information provided by the Trustee. That information, which has not been audited by independent auditors, is summarized below:

	<u>2017</u>	<u>2016</u>
Money Market and Mutual Funds	\$ -	\$ 36,280,519

During 2017, certified investment income consisted of the following:

Interest and Dividends	\$ 2,143,322
Net Appreciation in Fair Value of Investments	5,883,748

NOTE 5 **VALUATION OF INVESTMENTS**

The Fair Value Measurements and Disclosures Topic of the Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(See Independent Auditors' Report)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017.

Money Market and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market. These assets are classified as Level 1 within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 **TAX STATUS**

The Plan adopted a volume submitter plan document sponsored by Fidelity Management & Research Company. The volume submitter plan received an opinion letter from the Internal Revenue Service, dated March 31, 2014, which states the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since the date of the determination letter. The Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator has concluded that there were no uncertain tax positions taken as of December 31, 2017.

NOTE 7 **RELATED PARTY TRANSACTIONS**

Certain Plan investments were managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions. The Plan pays investment management and recordkeeping fees to parties-in-interest. The Plan paid \$11,249 to parties-in-interest for the year ended December 31, 2017. These parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the change in fair value of investments.

(See Independent Auditors' Report)
