NOVOLEX HOLDINGS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

1. Description of Plan:

The following description of the Novolex Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time, non-union employees of Novolex Holdings, Inc. (the "Plan Sponsor"), who are at least eighteen years of age and have completed three months of qualifying service. Participants should refer to the plan agreement for a more complete description of the Plan's eligibility requirements. Employees are eligible to become participants on the first day of the month following the date the eligibility requirements are met, as defined by the plan agreement. The Plan implemented a Safe Harbor plan design, as permitted by the Internal Revenue Service ("IRS"), which exempts the Plan from certain compliance requirements, primarily associated with non-discrimination testing requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% pretax annual compensation, as defined, subject to certain statutory limitations. Participants may also elect to make Roth 401(k) contributions, of which are subject to federal income taxes in the year of deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Newly hired employees are automatically enrolled at a 5% deferral rate. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor makes a safe harbor matching contribution to each eligible participant's account in an amount equal to 100% of the first 3% and 50% of the next 2% of eligible compensation, as defined, that a participant contributes to the Plan for the plan year. In addition, the Plan Sponsor can make a discretionary contribution in an amount determined annually by the Board of Directors. Discretionary contributions are allocated to eligible participants in the same ratio as each eligible participant's compensation bears to the total compensation of all eligible participants. Participants eligible for an allocation of the discretionary contributions are those who have completed one year of credited service and are actively employed at the end of the plan year, as well as, those participants who terminated employment during the year due to death, disability, or retirement. The Company did not make discretionary contributions for the years ended December 31, 2017 and 2016.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's pre-tax and Roth 401(k) contribution, the Plan Sponsor's matching contribution, an allocation of the Plan Sponsor's discretionary contribution, if any, plan earnings and losses, and an allocation of administrative expenses, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

In 2017 and 2016, \$81,142 and \$-0-, respectively, were used to reduce employer contributions to the Plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOVOLEX HOLDINGS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

2. Summary of Significant Accounting Policies (continued):

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for distributions as well as the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share practical expedient. The amendments in ASU No. 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. The Plan adopted ASU No. 2015-07 during the year ended December 31, 2016.

In July 2015, FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent (5%) or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. The level of disaggregation of investments that are measured using fair value is also simplified.

NOVOLEX HOLDINGS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

2. Summary of Significant Accounting Policies (continued):

Recently Issued Accounting Standards (continued)

Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investment by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The Plan adopted Part II during the year ended December 31, 2016.

Date of Management's Review

Subsequent events have been evaluated through October 12, 2018, which is the date the financial statements were available to be issued.

3. Information Certified by the Trustee:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan (the "Trustee") has certified that the following data included in the accompanying financial statements is complete and accurate.

	2017	2016
Investments at fair value	\$ 190,199,081	\$ 119,667,009
Interest and dividend income	2,402,570	1,493,983
Net appreciation in fair value of investments	25,308,517	7,338,034

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements.

4. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy under ASC 820 are described as follows:

- Level 1 Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOVOLEX HOLDINGS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

4. Fair Value Measurements (continued):

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2017 and 2016.

Interest Bearing Cash: Valued at the net asset value (NAV) of shares held by the Plan at year end and amortized cost to approximate the current fair value of certain securities.

Mutual Funds: Valued at the daily closing price as reported by the fund. Net assets values (NAV) are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest bearing cash	\$ -0-	\$ 99,302	\$ -0-	\$ 99,302

The Plan invests in a stable value fund, which trades at the net asset value (NAV) per share practical expedient of the fund. The fund is not categorized within the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2017 and 2016:

5. Tax Status:

The Internal Revenue Service has determined and informed the Trustee by a letter dated March 31, 2014 that the prototype plan on which the Plan is based and the related trust, as then designed, were in compliance with the applicable regulations of the Internal Revenue Code. The prototype plan has been amended subsequent to this date. However, the Plan Sponsor and the plan administrator believe that the Plan, which is based on the prototype plan, was at all times during the years ended December 31, 2017 and 2016, designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and that the Plan and related trust continued to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there is no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

6. Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

7. Related-Party Transactions:

Certain plan investments are cash reserve accounts managed by State Street Bank & Trust Company. State Street Bank and Trust Company is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of participants who were terminated prior to year-end but had not yet received payment.
