NOTE 1 DESCRIPTION OF PLAN

The following description of the CCARE 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for more complete information.

General

The Plan is a defined contribution plan covering eligible employees of CCARE, Inc. (the "Company"), and was last amended June 1, 2017. Upon hire, all employees who are 21 years or older and are not an excluded employee are eligible to participate. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined by the Plan, subject to certain IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to contribute to a Roth account, and contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options covered by the Plan.

Each Plan Year, the Employer shall contribute a non-elective safe harbor contribution equal to 3 percent of eligible participants' compensation. In addition, the Plan provides for an employer discretionary profit sharing contribution subject to Plan provisions. For the 2017 Plan year, the Company contributed a 2 percent (of compensation) discretionary profit sharing contribution to non-owners, and the maximum allowable contribution to owners. Finally, the Company has the option of making discretionary matching contributions, which cannot exceed 4 percent of the participant's compensation for the Plan year. Catch-up contributions are not eligible for the matching contribution. For the year ending December 31, 2017, the Company made a total of \$1,486,481 in safe harbor and profit sharing contributions, net of forfeitures.

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their accounts into various investment funds offered by the Plan.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Participants are immediately vested in their contributions, rollover contributions and qualified nonelective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of vesting service as defined by the Plan. Participants vest at a rate of 20 percent per year after each of the second through sixth year of credited service.

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of the their vested account balances. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 4.25-5.25 percent, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Notes Receivable from Participants mature through April 2028.

On termination of service, a participant's vested account balance not exceeding \$5,000, excluding rollovers, will be distributed from the Plan. The distribution may either be paid in a lump-sum distribution or rolled over into another qualified plan. Participants must consent to distributions greater than \$5,000. Participants may also receive distributions due to hardship, subject to approval, as defined by the Plan, as well as retirement, disability or death, subject to Plan provisions.

Forfeited Accounts

Forfeitures from nonvested participant accounts are used to reduce employer contributions. At December 31, 2017 and 2016, remaining forfeitures available to offset future contributions were approximately \$27,726 and \$25,264, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

**CCARE 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

Page 7

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized and unrealized appreciation and depreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment and certain administrative expenses of the Plan are paid directly by the Company. Other expenses, such as loan fees or fees for distributions, are nominal and are charged to the participant incurring the distribution. Other plan expenses are deducted from the Plan's investment gains.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Other Liabilities

Other Liabilities relate to accrued expenses and amounts due to participants. At December 31, 2017 and 2016, \$15,673 and \$20,430 related to accrued expenses payable, respectively, and \$2,549 was due to participants at December 31, 2017.

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The plan has evaluated subsequent events through October 12, 2018, the date of the financial statements were available to be issued.

Recent accounting pronouncements issued by the FASB (including technical corrections to the FASB's Accounting Standards Codification), and the American Institute of Certified Public Accountants did not, or are not, expected to have a material effect on the Plan's financial statements.

NOTE 3 INFORMATION PREPARED AND CERTIFIED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Alerus Financial for the period from January 1, 2017 through May 31, 2017, and Empower Retirement from June 1, 2017 through December 31, 2017.

NOTE 4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**CCARE 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

Page 9

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Stable Value Fund: The Stable Value Fund primarily consists of a diversified portfolio of investment contracts issued by insurance companies, banks and other financial institutions. It is priced daily using the unadjusted NAV as of the reporting date, which is the basis for current transactions. As these transactions occur directly with the custodians, and not on active markets, they are less observable and therefore classified in Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2017:

Total investments at fair value	\$ 19,849,171	\$ 1,014,715	\$ 0	\$ 20,863,886

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2016:

Total investments at fair value	\$ 15,499,460	\$ 436,013	\$ 0	\$ 15,935,473

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Empower Retirement is the recordkeeper and custodian of the Plan, replacing Alerus Financial the former recordkeeper and custodian of the Plan. Aldrich Retirement Solutions is the third party administrator and investment advisor for the Plan. Transactions with the recordkeeper, advisor, and custodian qualify as party-in-interest transactions. Fees paid by the Plan for these services were included as a reduction of the return earned on each fund.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Page 11

NOTE 7 TAX STATUS

The Plan is a prototype basic savings plan for which the Plan administrator has received a determination letter regarding tax-exempt status under the provisions of the Internal Revenue Service Code. Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan's participants direct investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect Plan participants' account balances and the amounts reported in the Plan's Statement of Net Assets Available for Benefits. For more detailed information about any of the investments offered under the Plan, including risk factors, investment objectives and expenses, Plan participants should refer to the respective investment's prospectus.
