CONFEDERATED TRIBES OF THE CHEHALIS RESERVATION
ENTERPRISE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

Note 1: Description of the Plan

The following description of the Confederated Tribes of the Chehalis Reservation Enterprise 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which commenced on January 1, 2008, is a defined contribution plan covering employees of the Chehalis Tribal Enterprises (the "Companies"). Employees may participate in the Plan on the date coinciding with the earlier of the Plan anniversary or semi-anniversary following the completion of one year of service and attainment of 18 years or older. One year of service is defined as 1,000 hours of service within a consecutive 12-month period.

The Confederated Tribes of the Chehalis Reservation is responsible for the general administration of the Plan. The Plan assets are held in a trust fund established with Transamerica Life Insurance Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may elect to defer a percentage of their compensation to the Plan each year. The maximum percentage allowable is 15% and may not exceed the limits of the Internal Revenue Code Section 401(k), 404, and 405. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies match 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. The Companies may also elect to make a discretionary non-matching contribution to the Plan. Completion of at least 1,000 hours of service is required to be eligible for discretionary non-matching contributions. A non-matching contribution of 3% of eligible employees' compensation to the Plan was made for the years ended December 31, 2017 and 2016.

Investments – Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options anytime throughout the year. If a participant does not elect an investment option at the time of enrollment, their contributions are invested in the applicable fund based on the participant's age until the participant changes their election. The Companies' contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Participants become fully vested in the Companies contribution portion of their accounts and actual earnings thereon based upon completion of four years of service, attainment of normal retirement age, permanent disability, complete discontinuance of employer contributions, termination of the Plan, or death.

Service Period	Vested Percentage
1 year of service	25%
2 years of service	50%
3 years of service	75%
4 years of service	100%

Note 1: Description of the Plan (Continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals are available in certain circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. These withdrawals are included with benefits paid and may not exceed the participant's elective deferral contributions plus allocated earnings and vested benefits. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of the withdrawal.

Forfeitures – Forfeitures are the non-vested portion of the participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to reduce Plan administrative expenses and future employer contributions. During the years ended December 31, 2017 and 2016, forfeitures used to reduce employer contributions were $0 and $15,000, respectively. At December 31, 2017 and 2016, the Companies had $27,389 and $25,408 in forfeitures available to offset employer contributions, respectively.

Notes Receivable from Participants – Participant loans from the Plan are not permitted.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles in the United States of America.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants' Audit and Accounting Guide, *Employee Benefit Plans*.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. GASB Statement No. 84 becomes effective for the Plan for the 2019 reporting period.

The effect of the future adoption of GASB Statement No. 84 on the Plan's financial statements has not been evaluated as of the date of this report.

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. The most significant estimate for the Plan was the estimate of the fair value of the Plan's investments.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, as certified by the Plan's custodian, Transamerica Life Insurance Company ("Transamerica"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment in the Stable Value Advantage Option, a group annuity contract, is valued at the unit value as reported by the investment managers. This investment invests in fully benefit-responsive investment contracts that are stated at contract value, which represents contributions, less any contract charges, plus interest. Interest is established the last day of every quarter. Contract value is the most relevant measurement attribute because it is the amount that a participant in a plan would receive in a permitted participant initiated transaction.

Purchases and sales of securities are reported on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Expenses

Administrative expenses of the Plan may be paid through Plan assets, forfeitures, or by the Companies.

Date of Management's Review

Subsequent events were evaluated through October 8, 2018, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan's investments, other than the fully benefit-responsive investment contract, are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3: Fair Value Measurements (continued)

GASB Statement No. 72, *Fair Value Measurement and Application,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available to the Plan. There were no Level 1 or 3 inputs available to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued based on the net asset value of the fund as reported by the investment advisor. Net asset valuation is computed by dividing the total assets, minus liabilities, allocated to each share class by the number of shares outstanding for that class at the close of each business day that the New York Stock Exchange is open.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

December 31, 2017	Fair Value Totals	Fair Value (Level 2)
Mutual funds:		
Growth equity funds	$ 433,066	$ 433,066
Blend equity funds	22,042	22,042
Value equity funds	39,047	39,047
Asset allocation funds	402,783	402,783
Bond funds	15,443	15,443
Total investments, at fair value	$ 912,381	$ 912,381

Note 3: Fair Value Measurements (continued)

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

December 31, 2016	Fair Value Totals	Fair Value (Level 2)
Mutual funds:		
Growth equity funds	$ 291,926	$ 291,926
Blend equity funds	34,021	34,021
Value equity funds	54,900	54,900
Asset allocation funds	338,050	338,050
Bond funds	22,194	22,194
Total investments, at fair value	$ 741,091	$ 741,091

Note 4: Investments

Investments representing 5% or more of net position available for benefits consisted of the following as of December 31:

	2017	2016
Transamerica Stable Value Advantage Option	$ 61,566	$ 73,285
Vanguard Target Retirement 2015 Ret Opt	N/A	$ 61,304
TA BlackRock Lifepath Index 2020 Ret Opt	$ 100,072	N/A
TA BlackRock Lifepath Index 2030 Ret Opt	$ 99,989	$ 75,491
TA BlackRock Lifepath Index 2040 Ret Opt	$ 56,555	$ 42,796
Franklin Mutual Quest Inv Ret Opt	N/A	$ 48,153
American Funds Growth Fund of America	$ 87,290	$ 43,705
Oppenheimer Global Ret Opt	$ 87,707	$ 42,499
WMC Disciplined US Growth Ret Opt	$ 113,760	$ 102,921

For the years ended December 31, 2017 and 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $152,760 and $42,842, respectively, which was due to the mutual funds held by the Plan.

Note 5: Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate as decided by the Stable Value Advantage Option investment choice.

The investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5: Investment Contract with Insurance Company (Continued)

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment of the Plan or a change in the administration or operation of the Plan including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 8: Related Party/Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds held in pooled separate accounts and the Stable Value Advantage Option which are managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid for by the Companies or the Plan. Fees paid by the Plan for investment management services were $12,220 and $10,780 for the years ended December 31, 2017 and 2016, respectively.

Note 9: Tax Status

The Plan obtained a favorable tax determination letter dated March 31, 2008 from the Internal Revenue Service, covering the volume submitter plan offered by the custodian. Subsequently, the Plan was amended and received an updated favorable tax determination letter dated July 29, 2010 from the Internal Revenue Service. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10: Plan Termination

Although it has not expressed any intention to do so, the Companies may terminate the Plan upon giving notice to the custodian. In the event of such discontinuance, the net assets of the Plan would become fully vested and would be distributed to the participants in the proportion determined by their respective accounts.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net position available for benefits.
