General

The Plan is a defined contribution plan covering all employees of United Partners Group, LLC (the Company) who have one year of service, which includes having worked at least 1,000 hours, and are age twenty-one or older. Employees will have the opportunity to become a participant on the first "entry date", which is the first day of the month following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document. Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Company may make profit sharing contributions to the Plan. These amounts will be determined by the Company's Board of Directors on an annual basis. There were no profit sharing contributions for either 2017 or 2016. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the employee's elective deferrals and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to \$50,000 reduced by the highest outstanding loan balance during the previous one-year period. Generally, notes are payable through payroll deductions over periods up to 60 months unless the notes are used to purchase a primary residence which are then payable through payroll deductions over periods up to 360 months. The notes are collateralized by the balance in the participant's account. The interest rate on these notes is set at 1.0% above the prime rate and is reviewed by the Plan administrator on a regular basis.

Vesting

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after six years of credited service.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)**Forfeitures**

Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. After termination from the Plan, if the vested amount of a participant's account does not exceed \$1,000, the participant's vested balance will be distributed directly to them. If the vested amount of a participant's account does not exceed \$5,000 a participant may elect to either receive a lump distribution or to roll over the distribution to an individual retirement account (IRA) or another qualified plan. However, if the vested amount exceeds \$1,000 but does not exceed \$5,000 and the participant does not timely remit their distribution election, a transfer of the participant's vested balance will be made to an IRA account established in the participant's name. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Payment of Benefits**

Payments of benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Assets Available for Benefits

Net assets available for benefits at December 31, 2017 and 2016 includes \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in the earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service dated July 8, 2014. A determination letter has not been received specific to the United Partners Group, LLC 401(k) Plan. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

Adoption of New Accounting Standard

In May, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). This ASU eliminates the requirement to categorize investments for which fair value is measured using net asset value (NAV) per share as a practical expedient in the fair value hierarchy. Although the investment is not categorized within the fair value hierarchy, entities are required to provide the amount measured using the NAV (or its equivalent) practical expedient to permit reconciliation of the fair value of investments included in the fair value hierarchy to total investments measured at fair value on the statements of net assets available for benefits. This ASU is effective for fiscal years beginning after December 15, 2016 and is to be applied retrospectively.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2017 or 2016.

Mutual Funds – Valued at the quoted Net Asset Value (NAV) of the shares held by the Plan at year end as reported by the fund.

Common Collective Trust – The Plan owns units of participation in the fair value of the trust's underlying assets. The trust is comprised primarily of fully benefit-responsive investment contracts that are valued at the net asset value (NAV) of the units. The NAV is based on the fair value of the underlying investments held less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the NAV.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016:

<u>December 31, 2017</u>	Investments at Fair Value			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 18,608	\$ -	\$ -	\$ 18,608

Investments Measured at Net Asset Value (a)				<u>292</u>
Total Investments				\$ <u>18,900</u>

Investments Measured at Net Asset Value (a)				<u>33</u>

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For both the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2017</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Value of Interest in Common Collective Trust	\$ 292	N/A	Daily	12 Months

NOTE 4 - LIMITED SCOPE AUDIT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at both December 31, 2017 and 2016, and the net appreciation in fair value of investments, interest, and dividends for the year then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - FORFEITURES

For both the years ended December 31, 2017 and 2016, forfeitures of \$-0- were used to pay Plan expenses. As of both December 31, 2017 and 2016, there were \$-0- in unallocated forfeitures.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Automatic Data Processing, LLC (ADP). ADP is the record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
