Mercy Health Retirement Savings Plan 403b

Notes to Financial Statements

December 31, 2017

1. Description of Plan

The following description of the Mercy Health Retirement Savings Plan 403b (the Plan) provides general information about the Plan's provisions. Mercy Health (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

Laurel Lake Retirement Community, Inc. previously established, effective January 1, 2002, a retirement savings plan subject to Section 403(b) of the Internal Revenue Code (the Code), known as the Laurel Lake Retirement Community, Inc. Section 403(b) Retirement Plan. Effective September 28, 2012, the Company assumed sponsorship of the Laurel Lake Retirement Community, Inc. Section 403(b) Retirement Plan and elected to restate and rename it as the Plan. On the same date, the Company consolidated the plan design, implemented various new features, and merged another of the Company's 403(b) plans, the Marcum & Wallace Memorial Hospital 403b Plan, into the Plan.

Effective December 31, 2013, all assets and liabilities that were held as part of the CHP Savings Plan 403b attributable to employees and former employees of Marcum and Wallace Memorial Hospital, Inc; Mercy Health Partners – Lourdes, Inc; and Mercy Health Physicians – Paducah LLC, as well as employees of Mercy Hospital of Southwest Ohio who were employed at the Sacred Heart Nursing Home, were transferred into the Plan. Any employee who ceased to be an employee at the Sacred Heart Village as of December 31, 2015, as a result of the sale of certain assets to Nazareth Home, Inc. were 100% vested in their accounts as of December 31, 2015.

Effective December 31, 2013, the Matched Savings Plan for Allen Medical Center was spun off into the Plan. As such, the net assets held in the Matched Savings Plan for Allen Medical Center plan were transferred into the Plan during January 2014. Additionally, effective July 1, 2014, the Company approved the spin-off of additional assets from the Matched Savings Plan for Allen Medical Center into the Plan for employees of Allen Medical Center who are members of the Service Employees International Union.

Effective December 31, 2013, the Company sold Laurel Lake Retirement Community, Inc. to Laurel Lake Foundation. In connection with this sale, participant accounts for former employees of Laurel Lake Retirement Community, Inc. were transferred to Laurel Lake Foundation's retirement plan.

1. Description of Plan (continued)

Effective November 1, 2017, some of the assets and liabilities that were held as a part of the St. Elizabeth Medical Center 403(b) Plan (the St. Elizabeth Plan) were transferred into the Plan. Certain assets remain invested in the St. Elizabeth Plan due to redemption restrictions on the underlying plan assets and will be transferred to the Plan when requirements for redemption have been fulfilled.

For the merged and transferred plans noted above, upon the transfer of assets from the merged and transferred plan to the Plan, all benefits payable to the transferred plan participants and their beneficiaries shall be payable under the Plan except that each transferred plan participant will receive a benefit under the Plan that is at least equal to the benefit the transferred plan participant would have received immediately prior to the transferred plan merger.

General

The Plan is a defined contribution plan covering eligible employees of the Company and its participating employers. Employees must have at least one year of service and 1,000-hour minimum period of eligible service in order to become eligible for employer contributions outlined in the Plan. This begins on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Mercy Health Retirement Plan Committee (the Committee or the Plan Administrator) is responsible for the general administration of the Plan. Fidelity Management Trust Company serves as the Plan's trustee (the Trustee), and Fidelity Investments serves as the recordkeeper of the Plan.

Contributions

Participants may elect in 1% increments to defer up to 75% in whole percentages of their eligible pay on a pretax basis or as a Roth contribution on an after-tax basis, as defined by the Plan. Effective January 1, 2014, and each year thereafter, the Company will provide a 50% match on the first 6% of eligible pay that is deferred to the Plan.

To be eligible for Company contributions, participants must complete one year of service during which the participant is credited with at least 1,000 hours of service. In addition, the employer will provide, on an annual basis, an employer non-elective contribution of an amount equal to the greater of (i) 2% of eligible pay or (ii) $1,400 multiplied by a fraction, not to exceed one, the numerator of which is the participant's hours of service for the Plan year and the denominator is

1. Description of Plan (continued)

2,080 hours provided the participant meets the initial eligibility and ongoing eligibility requirements as described by the Plan. The Company may make a retirement shared success contribution in an amount the Company determines on an annual basis. All contributions are subject to certain limitations of the Code.

Effective January 1, 2014, eligible employees are automatically enrolled in the Plan at 1% of eligible pay and their contributions are invested in the applicable life cycle fund based on their age until they change their election. Eligible employees have the first 30 days of initial eligibility to increase deferral or opt out of the auto-enrollment program for the Plan year.

Effective January 1, 2014, for the first payroll period that begins on or after April 1, any participant who has not affirmatively elected a different contribution percentage, including zero, or who has not affirmatively elected contribution percentage of less than 6% of eligible pay shall have their deferral contribution percentage increase by 1%, provided such that the participant was not automatically enrolled within the last six months prior to April 1. The automatic increase shall continue to be made each April 1 until the Participant's deferral reaches 6% of his or her eligible compensation.

With respect to each transferred plan participant, each such eligible participant shall continue to be or shall become a participant on the merger date if such eligible participant was eligible to receive an allocation of employer matching contributions under the terms of the merged plan or prior plan in which he or she was a participant on the day immediately preceding the merger date. Participants may also roll over or transfer amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, the allocations of the Company's discretionary, non-elective, and matching contributions, allocations of the Plan's earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions, specifying whole number percentages with the entire amount so allocated equal to 100%, to any investment option in the Plan available during the year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. For participants hired after September 28, 2012, they are vested in the employer's matching contributions, non-elective contributions, and discretionary contributions, and any earnings on them, after the participant completes three years of service.

For participants hired before September 28, 2012, the vesting schedule is the better of the Plan (as noted above) or the original transferred employer plan as defined in the respective previous merged plan document.

Forfeitures

Any discretionary, non-elective, and matching contributions forfeited by participants who terminate employment prior to becoming fully vested are used first by restoring the amount of previous forfeitures and then by either reducing the amount of employer contributions or by paying Plan administrative expenses. For the years ended December 31, 2017 and 2016, unallocated forfeited non-vested accounts were $20,410 and $31,234, respectively. Forfeitures used to reduce employer contributions during 2017 were $54,146.

Participant Loans

The Plan allows participants to apply for and obtain loans, limited to 50% of the participant's vested account balance, not to exceed $50,000, from the vested balance of the participant's account. For loans taken before a merger date (September 28, 2012 and December 31, 2013), these loans must be repaid within 5 years unless the loan is used to finance the participant's primary residence, in which case, the loan must be repaid in 15 years. For loans taken after the merger date, these loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case, the Plan Administrator shall have the discretion to determine the repayment period for such loan. Each loan shall bear interest at a rate to be fixed by the Plan

1. Description of Plan (continued)

Administrator and, in determining the interest rate, the Plan Administrator shall take into consideration interest rates currently being charged by commercial lending institutions. Interest rates shall be fixed for the term of the loan at the time the loan is made, and the Plan Administrator shall determine periodically the interest rate to be charged on new loans.

Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive a distribution equal to the value of their vested interest in their account or defer receipt of their account balance until age 70½. At the later of 70½ or termination of employment, minimum required distributions are required to commence.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Loans deemed to be distributions were approximately $39,000 for the year ended December 31, 2017.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

  – Quoted prices for similar assets and liabilities in active markets

  – Quoted prices for identical or similar assets or liabilities in markets that are not active

  – Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

4. Fair Value Measurements (continued)

– Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan:

Mutual funds and money market – Valued at the closing price reported on the major market on which the individual securities are traded and are classified within Level 1 of the valuation hierarchy. The Plan does not adjust the quoted market price for such financial instruments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2017:

	Level 1	**Level 2**	**Level 3**	**Total**
Money market	**$ 452,165**	**$ –**	**$ –**	**$ 452,165**
Mutual funds	**51,798,267**	**–**	**–**	**51,798,267**
Total assets at fair value	**$ 52,250,432**	**$ –**	**$ –**	**$ 52,250,432**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2016:

	Level 1	**Level 2**	**Level 3**	**Total**
Money market	$ 428,448	$ –	$ –	$ 428,448
Mutual funds	31,386,869	–	–	31,386,869
Total assets at fair value	$ 31,815,317	$ –	$ –	$ 31,815,317

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

The Plan holds units of mutual funds managed by the Trustee. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and therefore, it is not currently eligible to receive a determination letter from IRS. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The Plan Administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2018, the date the financial statements were available to be issued.
