NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of the Plan:

The following description of the CSG Consultants, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1994, restated on January 1, 2009 and amended in 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for employees of CSG Consultants, Inc. (the "Company"), who are age 21 or older and not classified as an excluded employee. Employees may enroll on the first day of each Plan year quarter following their hire date.

The Company is the Plan sponsor and retains the services of a third party to assist in the administration of the Plan. The Plan's custodian is Charles Schwab Bank, and the Plan's third party administrator is Alliance Benefit Group Rocky Mountain.

Contributions

Each year, participants may contribute up to 100% of pre- or post-tax annual compensation, as defined in the Plan. Traditional and Roth contributions are subject to annual limits specified under the Internal Revenue Code (the "Code"). The annual limitation was $18,000 for 2017 and $24,000 for participants who are age 50 or older by the end of the year. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily. The Plan currently offers twenty-four mutual funds and one common/collective trust as investment options for participants.

Additionally, the Company makes matching employer contributions to the Plan throughout the year. Such matching employer contributions are allocated to each participant based on their deferral rate, up to 7% of their eligible compensation, in a manner as defined in the Plan. For 2017, the Company made matching employer contributions in the amounts of $346,497, which are reflected in employer contribution on the accompanying statement of changes in net assets available for benefits as of December 31, 2017.

Additionally, the Company may make discretionary non-elective employer contributions to the Plan at the end of the year. Such discretionary employer contributions are allocated to each participant in a manner determined by the Company. For 2017 and 2016, the Company committed to make a discretionary profit-sharing contribution in the amounts of $314,769 and $287,407, which are reflected as an employer contribution receivable on the accompanying statement of net assets available for benefits as of December 31, 2017 and 2016, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (1) the Company's contribution, if any, and (2) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, subject to a five year graded schedule, as follows: less than one year – 0%; one year – 20%; two years – 40%; three years – 60%; four years – 80%; five years – 100%.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. The loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through their payroll deductions. The Plan had $68,543 and $86,138 of notes receivable from participants outstanding as of December 31, 2017 and 2016, respectively. The interest rate ranges from 3.25% to 4.25% for loans outstanding as of December 31, 2017.

Payment of Benefits

On termination of service due to death, disability, hardship, retirement or separation from service, participants may receive benefits in a lump sum or installments, in accordance with the Plan.

Forfeited Accounts

Any forfeiture will first be used to reduce administrative expenses; thereafter, the remainder is used to reduce employer contributions. The amount of unallocated forfeited unvested account was $1 and $6,814 for the years ended December 31, 2017 and 2016, respectively.

Administrative Costs

Investment manager and distribution fees are borne by participants. All other administrative costs not covered by forfeitures are paid by the Plan administrator.

NOTE 2 - Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Contributions from participants are recorded when withheld from the participant.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 – *Fair Value Measurements* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Income Taxes

The Company has adopted a prototype plan, which has received an opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving the opinion letter. The Company believes that the Plan is operating in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years from 2014 and beyond remain open for examination by the taxing authorities.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

On August 28, 2018, the FASB issued Accounting Standards Update (ASU) 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which removes, modifies, and adds certain disclosure requirements related to fair value measurements in Accounting Standards Codification 820, *Fair Value Measurement*. The ASU is effective for plan years beginning after December 15, 2019, and early adoption is permitted. The Plan is evaluating the impact of this standard.

NOTE 3 – Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and cash held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank, the custodian of the Plan.

NOTE 4 – Related Party Transactions and Party-In-Interest Transactions:

All of the Plan investments are managed by Charles Schwab Bank. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERlSA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6 – Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Pan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Investment Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$13,606,873	$ -	$ -	$13,606,873
Total investments at fair value	$13,606,873	$ -	$ -	$13,606,873

	Investment Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 9,858,425	$ -	$ -	$ 9,858,425
Total investments at fair value	$ 9,858,425	$ -	$ -	$ 9,858,425

NOTE 7 – Investment Contract:

During the year ended December 31, 2017 and 2016, the Plan held investments in the MetLife Managed Guaranteed Interest Contract ABG ("MetLife"), which is a guaranteed investment contract fund managed by MetLife Investments. The managed income portfolio ("MIP") is an open-end, commingled pool of MetLife for Employee Benefit Plans and is dedicated exclusively to the management of assets of defined contribution plans. The MIP invests in underlying assets, typically fixed-income securities or bond funds and enters into liquidity agreements, commonly referred to as wrap contracts, issued by insurance companies and other financial institutions for a fee. A portion of the MIP is invested in a money market fund to provide daily liquidity. The MIP is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

As of December 31, 2017 and 2016, there were no reserves against the wrap contracts' carrying values due to credit risks of the issuer. The crediting interest rates for the wrap contracts are based upon a formula agreed with the issuer with the requirement that interest rates may not be less than zero percent. Interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the Plan's management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The issuer may terminate wrap contract for any cause at any time.

NOTE 8 – Subsequent Events:

The Company has evaluated events and transactions that have occurred from January 1, 2017 through October 11, 2018, the date on which the accompanying financial statements were available to be issued, and has determined there were no material events to disclose.
