Active Wellness 401(k) Plan
Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following description of the Active Wellness 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Active Wellness, LLC (the "Company") pursuant to Section 401(a) of the Internal Revenue Code ("IRC"), was established on June 15, 2014. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC. In addition, the Plan's financial statements and supplemental schedules have been prepared in compliance with accounting principles generally accepted in the United States of America ("US GAAP") and with ERISA.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Effective August 1, 2017, trustee services are provided by Reliance Trust Company and recordkeeping services are provided by ADP Retirement Services, LLC ("ADP"). Prior to August 1, 2017, custodial services were provided by Delaware Charter Guarantee and Trust Company dba Principal Trust Company ("Principal Trust Company"), a member of the Principal Financial Group, and Principal Life Insurance Company, and recordkeeping services were provided by Principal Life Insurance Company.

Certain administrative expenses of the Plan, including recordkeeping and auditing expenses, are paid by the Company. Other administrative expenses are paid out of the assets of the Plan. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan.

Eligibility

The Plan covers all employees, except for (a) union employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining; (b) employees who are non-resident aliens who do not receive earned income; (c) anyone who is a leased employee; and (d) anyone who is an independent contractor who is later determined by the Internal Revenue Service ("IRS") to be an employee, as defined by the Plan. Employees become eligible to participate in the Plan on the first day of the month coinciding with or next following date after reaching the age of 21 and completing one year of service, as defined by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 90% of their annual compensation, as defined in the Plan, up to a maximum amount allowed by the IRC. Maximum allowed deferral amounts were $18,000 for 2017. Participants over the age of 50 may also contribute an additional $6,000 catch up contribution to the Plan for 2017. Participants are also allowed to rollover contributions from other qualified retirement plans.

Employer contributions

The Company has the option to make discretionary matching contributions and discretionary contributions. No employer contributions were made by the Company for 2017.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their tax-deferred contributions and rollovers plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions, plus earnings thereon, is based on years of continuous service, as defined by the Plan. Participants are 100% vested after five years of service.

Notes receivable from participants

Under the terms of the Plan, participants may borrow amounts from their accounts subject to a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the local prevailing rate at the time of the loan. Loans outstanding during 2017 and 2016 carried interest rates ranging from 5.25% to 5.50%. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than $5,000, the balance is distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances between $1,000 and $5,000 will be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, a specified series of installments equal to the value of their vested account balance or postpone payment to a later date and remain in the Plan as described in the Plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with US GAAP and present the net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Investment valuation and income recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Note 5 for discussion of fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Receivables and payables

Receivables for employee contributions and loan repayments, if any, are recorded based on the date the contributions or repayments have been separated from a participant's pay, which is the pay date. Accruals for Plan expenses not related to benefit payments are recorded when due.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. There were no delinquent participant loans as of December 31, 2017 and 2016.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions totaling $48,545 to the applicable participants during 2018.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Subsequent events

The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE/CUSTODIANS

In accordance with Section 29 CFR 2520.103-8 of ERISA, Reliance Trust Company certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2017, and all investment and notes receivable from participants' transactions entered into during the period August 1, 2017 to December 31, 2017. In addition, Principal Trust Company certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2016 and all investments and notes receivable from participants' transactions entered into during the period January 1, 2017 to July 31, 2017, which was used in the preparation of the accompanying financial statements and supplemental schedules.

4. FAIR VALUE MEASUREMENTS

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs for the asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (continued)

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 4,110,263	$ -	$ -	$ 4,110,263

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 405,534	$ -	$ -	$ 405,534
Investments measured at net asset value*				2,762,982
				$ 3,168,516

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments measured at fair value based on NAVs per share practical expedient as of December 31, 2016:

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts	$ 2,762,982	n/a	Daily	30 days

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract, the Principal Fixed Income Guaranteed Option. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2016, was $10,991.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The traditional investment contract held by the Plan is a guaranteed investment contract ("GIC"). The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

6. INCOME TAX STATUS

The Plan adopted the Automatic Data Processing, Inc. Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service ("IRS") has informed ADP by a letter dated July 16, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) if the IRC, and that any employer adopting this form of the prototype Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the Plan and related Trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt.

US GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability or disclosure in the financial statements as of December 31, 2017 and 2016. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. PROHIBITED TRANSACTIONS

During the year ended December 31, 2016, the Company failed to timely remit $2,924 in participants' contributions withheld. The Company has remitted the contributions to the affected participants' accounts during 2017 along with lost earnings within the Voluntary Fiduciary Correction Program.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2017 and 2016:
