NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Citrus Motors 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted on January 1, 1992. The Plan is a defined contribution retirement plan for the eligible employees of Citrus Motors Ontario, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Eligibility - The Company's employees are eligible to participate in the Plan on the first day of the month of the Plan year after they have completed one year of service with a minimum of 1,000 hours.

Contributions - Participants may contribute a percentage of their pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions (rollovers) form other qualified benefit plans. For the year ended December 31, 2016, the Company chose to make a matching contribution according to the following schedule, which considers participants' deferral percentages and their period of employment. The matching contributions are calculated at each pay date.

	Period of Employment		
Deferral percentage	1 year or more, but less than 5 years	5 years or more, but less than 10 years	10 years or more
	Employer match as a % of deferrals		
More than 0%, less than 5%	10%	25%	50%
More than 5%	25%	50%	100%

Additional profit sharing contributions may be contributed at the option of the Company. Contributions are subject to certain statutory limitations. Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, (b) the Company's profit sharing contributions and (c) Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, participant contributions, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the portion of their account from the Company's contributions is based on years of continuous service. A participant is 100% vested after five years of credited service. In addition, participants will become 100% vested upon attaining the age of sixty-five, death or disability.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants - Participants may borrow against their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and currently bear interest rates at 3.25% to 3.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - Amounts forfeited from the terminating participants' non-vested portion of their employer discretionary contributions and the related earnings may be used to reduce employer contributions (in the Plan year in which the forfeiture occurs) or to pay Plan expenses. During 2016, at a total of $29,253 of forfeited non-vested were accounts used to reduce the employer contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $5,028 and $3,024, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

New Pronouncements – In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07 and in July 2015, the FASB issued ASU 2015-12. This guidance exempts investments measured using the net asset value (NAV) as a practical expedient from categorization within the fair value hierarchy (ASU 2015-07). The guidance also revises the presentation for fully benefit-responsive investment contracts and disclosures related to these contracts as well as other disclosures to plan investments (ASU 2015-12). These ASUs are effective for the fiscal year beginning after December 15, 2016 (for ASU 2015-07) and December 15, 2015 (for ASU 2015-12), with early adoption permitted on both ASUs. These ASUs are to be applied retrospectively. Management has adopted both ASUs in the 2016 Plan year.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - Participant notes are valued at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016, and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company absorbs significant costs of administering the Plan and these expenses are excluded from these financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 15, 2017, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Level 1, 2 and 3 Fair Value Measurements

The Plan had no investments classified in the fair value hierarchy at December 31, 2016 and 2015 as Level 1, 2 or 3.

Investments Not Classified in the Fair Value Hierarchy

Pooled Separate Accounts - These investments are valued at the unit value of each account calculated by Hartford Life Insurance Company. The unit value is based on the observable net asset value (NAV) of the underlying mutual fund investment. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
December 31, 2016				
Assets in the fair value hierarchy	$ --	$ --	$ --	$ --
Pooled separate accounts - measured using net asset value as a practical expedient:				3,514,051
Investments at fair value				$ 3,514,051

	Level 1	Level 2	Level 3	Total
December 31, 2015				
Assets in the fair value hierarchy	$ --	$ --	$ --	$ --
Pooled separate accounts - measured using net asset value as a practical expedient:				2,923,264
Investments at fair value				$ 2,923,264

The nature, risks and investment objectives of the investments above can be found in the Plan's enrollment literature. These investments can be redeemed immediately without a notification period. Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in the net appreciation in fair value of investments. These gains and losses are based on fair values measured by prices quoted in a private market, with underlying investments that are quoted in an active market.

NOTE 4 – CERTIFED INFORMATION

The following information included in the accompanying financial statements and supplemental schedules was obtained from information supplied to the Plan Administrator and certified as complete and accurate by Mass Mutual Life Insurance Company (MassMutual), the contract administrator of the Plan, on behalf of Hartford Life Insurance Company (Hartford), the custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

- Investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2016 and 2015.

- Net appreciation in fair value of investments, dividend income, interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.

NOTE 5 – FIXED ACCOUNT

The Fixed Account is a fully benefit-responsive guaranteed investment contract issued by Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 5 – FIXED ACCOUNT (Continued)

The contract value of the investment contract at December 31, 2016 and 2015, was $455,074 and $351,187, respectively. The average yields on the investment contract are as follows:

	Year Ended December 31,	
	2016	2015
Average yields		
Based on actual earnings	3.00 %	3.00 %
Based on interest rates credited to participants	3.00 %	3.00 %

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require that the Plan Administrator evaluate tax positions taken by the Plan and recognize a liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 7 – CORRECTIVE CONTRIBUTIONS

During the year ended December 31, 2016 the Company failed to withhold $8,076 of employee deferrals which resulted in missed matching contributions of $2,179 relating to those missed deferrals. An additional $1,482 of matching contributions were not made due to other operational errors that were unrelated to the missed deferrals.

Also, as disclosed in the supplemental schedule for Schedule H, Line 4a, the Company had participant contributions totaling $8,069 that were remitted late during the year ended December 31, 2016.

The Company self-corrected these errors in 2017 under the IRS's Employee Plans Compliance Resolution System program and has made a Qualified Non-Elective Contribution (QNEC) to the Plan equal to 50% of the missed employee deferral amount of $8,076 (totaling $4,038), plus lost earnings. The Company also has remitted the $2,179 related and $1,482 unrelated matching contributions along with lost earnings on those amounts. The lost earnings on the QNEC and matching contributions totaled $1,361. The Company also made a correction to remit $60 lost earnings on $8,069 of delinquent contributions in October 2017.

The Company made an additional remittance of $4,677 for prior year corrections in October 2017. In accordance with the corrections, the Company needed to make adjustments to its original estimates of its 2015 matching contribution errors and lost earnings.

NOTE 7 – CORRECTIVE CONTRIBUTIONS (Continued)

Financial Statement Classification - Based on the above, the Plan recorded its corrective contributions as other employer contributions totaling $9,120 in the statement of changes in net assets available for benefits for the year ended December 31, 2016. This total includes $4,038 for the QNEC on the missed deferrals, $3,661 for the related and unrelated matching contributions, $1,361 for the lost earnings relating to those corrections, and $60 for the remitted lost earnings on the delinquent participant contributions.

The related receivables of $13,797 and $7,436 at December 31, 2016 and 2015, respectively, are reflected as other employer contributions receivable in the statement of net assets available for benefits.

NOTE 8 – RELATED PARTY TRANSACTIONS

MassMutual received certain revenue sharing and other fees relating to insurance contracts issued by Hartford. MassMutual is the contract administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial Plan termination, participants will become 100% vested in their accounts.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016 and December 31, 2015:

In October 2017, the Company remitted a total of $13,797 to self-correct these errors under the IRS's Employee Plans Compliance Resolution System program.

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, the funds listed below had soft dollar arrangements during the previous fiscal year-end. For details, please refer to the Portfolio Transactions and Brokerage section of the Statement of Additional Information ("SAI"). For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

Total Direct Compensation Paid **$976.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$976.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2017 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$190.00**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (1.367% for 2017) earned on the bank accounts and investments associated with the short-term investment pool for the 2017 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan’s/Plan Sponsor’s tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the Mass Mutual Life Insurance Company, the contract administrator of the Plan, on behalf of Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the contract administrator as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Citrus Motors 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted on January 1, 1992. The Plan is a defined contribution retirement plan for the eligible employees of Citrus Motors Ontario, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Eligibility - The Company's employees are eligible to participate in the Plan on the first day of the month of the Plan year after they have completed one year of service with a minimum of 1,000 hours.

Contributions - Participants may contribute a percentage of their pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions (rollovers) form other qualified benefit plans. For the year ended December 31, 2016, the Company chose to make a matching contribution according to the following schedule, which considers participants' deferral percentages and their period of employment. The matching contributions are calculated at each pay date.

	Period of Employment		
Deferral percentage	1 year or more, but less than 5 years	5 years or more, but less than 10 years	10 years or more
	Employer match as a % of deferrals		
More than 0%, less than 5%	10%	25%	50%
More than 5%	25%	50%	100%

Additional profit sharing contributions may be contributed at the option of the Company. Contributions are subject to certain statutory limitations. Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, (b) the Company's profit sharing contributions and (c) Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, participant contributions, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the portion of their account from the Company's contributions is based on years of continuous service. A participant is 100% vested after five years of credited service. In addition, participants will become 100% vested upon attaining the age of sixty-five, death or disability.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants - Participants may borrow against their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and currently bear interest rates at 3.25% to 3.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - Amounts forfeited from the terminating participants' non-vested portion of their employer discretionary contributions and the related earnings may be used to reduce employer contributions (in the Plan year in which the forfeiture occurs) or to pay Plan expenses. During 2016, at a total of $29,253 of forfeited non-vested were accounts used to reduce the employer contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $5,028 and $3,024, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

New Pronouncements – In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07 and in July 2015, the FASB issued ASU 2015-12. This guidance exempts investments measured using the net asset value (NAV) as a practical expedient from categorization within the fair value hierarchy (ASU 2015-07). The guidance also revises the presentation for fully benefit-responsive investment contracts and disclosures related to these contracts as well as other disclosures to plan investments (ASU 2015-12). These ASUs are effective for the fiscal year beginning after December 15, 2016 (for ASU 2015-07) and December 15, 2015 (for ASU 2015-12), with early adoption permitted on both ASUs. These ASUs are to be applied retrospectively. Management has adopted both ASUs in the 2016 Plan year.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - Participant notes are valued at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016, and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company absorbs significant costs of administering the Plan and these expenses are excluded from these financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 15, 2017, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Level 1, 2 and 3 Fair Value Measurements

The Plan had no investments classified in the fair value hierarchy at December 31, 2016 and 2015 as Level 1, 2 or 3.

Investments Not Classified in the Fair Value Hierarchy

Pooled Separate Accounts - These investments are valued at the unit value of each account calculated by Hartford Life Insurance Company. The unit value is based on the observable net asset value (NAV) of the underlying mutual fund investment. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
December 31, 2016				
Assets in the fair value hierarchy	$ --	$ --	$ --	$ --
Pooled separate accounts - measured using net asset value as a practical expedient:				3,514,051
Investments at fair value				$ 3,514,051

	Level 1	Level 2	Level 3	Total
December 31, 2015				
Assets in the fair value hierarchy	$ --	$ --	$ --	$ --
Pooled separate accounts - measured using net asset value as a practical expedient:				2,923,264
Investments at fair value				$ 2,923,264

The nature, risks and investment objectives of the investments above can be found in the Plan's enrollment literature. These investments can be redeemed immediately without a notification period. Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in the net appreciation in fair value of investments. These gains and losses are based on fair values measured by prices quoted in a private market, with underlying investments that are quoted in an active market.

NOTE 4 – CERTIFED INFORMATION

The following information included in the accompanying financial statements and supplemental schedules was obtained from information supplied to the Plan Administrator and certified as complete and accurate by Mass Mutual Life Insurance Company (MassMutual), the contract administrator of the Plan, on behalf of Hartford Life Insurance Company (Hartford), the custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

- Investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2016 and 2015.

- Net appreciation in fair value of investments, dividend income, interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.

NOTE 5 – FIXED ACCOUNT

The Fixed Account is a fully benefit-responsive guaranteed investment contract issued by Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 5 – FIXED ACCOUNT (Continued)

The contract value of the investment contract at December 31, 2016 and 2015, was $455,074 and $351,187, respectively. The average yields on the investment contract are as follows:

	Year Ended December 31,	
	2016	2015
Average yields		
Based on actual earnings	3.00 %	3.00 %
Based on interest rates credited to participants	3.00 %	3.00 %

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require that the Plan Administrator evaluate tax positions taken by the Plan and recognize a liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 7 – CORRECTIVE CONTRIBUTIONS

During the year ended December 31, 2016 the Company failed to withhold $8,076 of employee deferrals which resulted in missed matching contributions of $2,179 relating to those missed deferrals. An additional $1,482 of matching contributions were not made due to other operational errors that were unrelated to the missed deferrals.

Also, as disclosed in the supplemental schedule for Schedule H, Line 4a, the Company had participant contributions totaling $8,069 that were remitted late during the year ended December 31, 2016.

The Company self-corrected these errors in 2017 under the IRS's Employee Plans Compliance Resolution System program and has made a Qualified Non-Elective Contribution (QNEC) to the Plan equal to 50% of the missed employee deferral amount of $8,076 (totaling $4,038), plus lost earnings. The Company also has remitted the $2,179 related and $1,482 unrelated matching contributions along with lost earnings on those amounts. The lost earnings on the QNEC and matching contributions totaled $1,361. The Company also made a correction to remit $60 lost earnings on $8,069 of delinquent contributions in October 2017.

The Company made an additional remittance of $4,677 for prior year corrections in October 2017. In accordance with the corrections, the Company needed to make adjustments to its original estimates of its 2015 matching contribution errors and lost earnings.

NOTE 7 – CORRECTIVE CONTRIBUTIONS (Continued)

Financial Statement Classification - Based on the above, the Plan recorded its corrective contributions as other employer contributions totaling $9,120 in the statement of changes in net assets available for benefits for the year ended December 31, 2016. This total includes $4,038 for the QNEC on the missed deferrals, $3,661 for the related and unrelated matching contributions, $1,361 for the lost earnings relating to those corrections, and $60 for the remitted lost earnings on the delinquent participant contributions.

The related receivables of $13,797 and $7,436 at December 31, 2016 and 2015, respectively, are reflected as other employer contributions receivable in the statement of net assets available for benefits.

NOTE 8 – RELATED PARTY TRANSACTIONS

MassMutual received certain revenue sharing and other fees relating to insurance contracts issued by Hartford. MassMutual is the contract administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial Plan termination, participants will become 100% vested in their accounts.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
