Resort Group Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Resort Group Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedules

The *Schedule H, Line 4(i) – schedule of assets (held at end of year)* and *Schedule H, Line 4(a) – schedule of delinquent contributions* as of December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2016 Financial Statement

The financial statement of Resort Group Savings Plan as of December 31, 2016 was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 3, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statement, and (b) the form and content of the information included in the financial statement other than that derived from the certified investment information was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations – 2017

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

General – The following description of the Resort Group Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the provisions of the Plan.

The Plan became effective on July 1, 1994. The Plan is a defined-contribution plan covering all employees of Resort Group Companies (the "Company"). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the Plan's sponsor and serves as its administrator.

Eligibility – Individuals are eligible for participation if they are at least 21 years of age and have six months of entry service. Individuals are eligible for participation on the first date after meeting eligibility requirements, either January 1 or July 1, and are automatically enrolled on such date unless otherwise elected. Employees who are automatically enrolled contribute 2 percent of per-tax annual compensation to the Plan. Entry service is defined as the sum of all employee periods of service. A period of service starts when the employee starts working for the plan sponsor. It ends on the earlier of the date the employee stops working (employee quits or is discharged) or the date the employee is absent from work one year. Any period of time of less than one year when either the employee is not working for the plan sponsor, or the employee is absent from work because of vacation or some other reason, will count as a period of service.

Contributions – Each year, participants may contribute between 1 and 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for discretionary employer matching contributions of each participant's salary deferrals of 50% up to a maximum matching contribution of 2% of eligible compensation. There was $76,511 in employer-matching contributions for the year ended December 31, 2017. Contributions are subject to regulatory limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions; and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – All employee contributions to the Plan and earnings thereon are immediately fully vested. Vesting of employer contributions and earnings thereon vest based on years of service. Participants become 20 percent vested with two years of service, 40 percent after three years, 60 percent after four years, 80 percent after five years, and 100 percent vested after six years of service.

Note 1 – Description of the Plan (continued)

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is forfeited upon termination of employment. Forfeitures are retained in the Plan and can be used to pay plan administrative expenses in the year following the occurrence. As of December 31, 2017 and 2016, the forfeited non-vested balance was $7,074 and $3,726, respectively. During the year ended December 31, 2017, $3,200 in forfeitures were used to offset administrative expenses.

Notes Receivable from Participants – The Plan allows participants to obtain loans for their individual accounts. Participants may borrow up to $50,000 or 50 percent of their vested account balance, subject to a minimum loan of $1,000 and Internal Revenue Service ("IRS") limitations. Loans bear interest commensurate to rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through payroll deductions or by prepayment in a lump sum. A participant may not have more than one loan outstanding at any time. A participant may prepay a loan at any time without penalty. A participant's loan is repayable within a maximum of five years, or immediately upon termination of employment. Loans are secured by the remaining balance of the participant's account balance. As of December 31, 2017, the rates on outstanding loans ranged from 3.25 to 4.25 percent, with various maturities through March 2022.

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued-but-unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of Benefits – A participant's account balance may be distributed in a lump sum when the participant terminates from service, retires, or dies.

Investment Options – Upon enrollment in the Plan, a participant may direct his or her contributions in any of the investment accounts which are sponsored by Principal Life Insurance Company, the custodian of the Plan. Participants may change their investment choices at any time and their contribution percentages on the first day of each quarter of the Plan year.

Corrective Distributions – Corrective distributions may be required in the event that the employee contributions exceed certain contribution limitations of the Plan. Corrective distributions are recorded as a liability in the period in which the related contributions are made to the Plan. Corrective distributions payable as of and for the years ended December 31, 2017 and 2016 were $18,174 and $10,616, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits – Benefits are recorded when paid.

Recent Accounting Pronouncements – In May 2015, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The guidance in ASU 2015-07 is effective for annual reporting periods beginning after December 15, 2016, with early application permitted. The Plan has adopted the update in the year ended December 31, 2017. Accordingly, the fair value hierarchy disclosures previously included in the footnotes to the financial statements are no longer required.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 15, 2018, which is the date the financial statements were available to be issued, and determined there were no items requiring disclosure.

Note 3 – Investment Valuation

The investments are reported at fair value and contract value. The Plan's custodian certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017.

Pooled Separate Accounts – Units held in pooled separate accounts ("PSAs") are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Tax Status

The internal revenue service (IRS) issued a determination letter dated March 31, 2014, which stated that the Plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and, therefore, is exempt from federal income taxes. The Company believes that the Plan is currently being operated within the terms of the Plan and remains qualified under the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting for Uncertainty in Income Taxes – GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has tabbed an uncertain position that more likely that not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near-term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan as of December 31, 2017 and 2016, and for the year ended December 31, 2017, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016;

- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017; and

- Investments reflected on the supplemental schedule of assets (held at end of year).

Investment Contract with Insurance Company – The Plan has entered into a fully benefit-responsive investment contract (FBRIC) with the custodian. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is determined by the insurance company at the end of each reporting year. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participants withdrawals and administrative expenses. Participants may ordinary direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issue's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Note 6 – Information Certified by the Custodian (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable or occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7 – Party-in-Interest Transactions

Plan investments include units of pooled separate account funds, and guaranteed investment contracts managed by Principal Life Insurance Company. As custodian of the Plan, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid to Principal Life Insurance Company are also considered exempt party-in-interest transactions.

Note 8 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2017	2016
Net assets available for benefits per the financial statements	$ 3,685,141	$ 3,035,761
Adjustment for corrective distributions	18,174	10,616
Net assets available for benefits per the Form 5500	$ 3,703,315	$ 3,046,377

The following table is a reconciliation of the net increase in the net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Net increase per the financial statements	$ 649,380
Add: Current year corrective distributions	18,174
Less: Prior year corrective distributions	(10,616)
Net income per Form 5500	$ 656,938

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested and each participant will receive a total lump-sum distribution.
