WEDRIVEU 401(K) PLAN
Notes to Financial Statements
December 31, 2017

Note 1 - Description of Plan:

The following description of the WeDriveU 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by WeDriveU, Inc. (the "Company" or "Plan Sponsor") on April 1, 2000, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company. The Plan was restated effective January 1, 2016.

The Company is the Plan administrator and retains the services of a third party, Nicholas Pension, to assist in the administration of the Plan. For the years ended December 31, 2017 and 2016, the Plan's custodian was Transamerica Life Insurance Company ("Transamerica").

Eligibility - Except for excluded employees, all employees who have reached twenty one years of age are eligible to participate in the Plan. Eligible employees enter the Plan on February 1st or August 1st following the participant's one month anniversary from the date of hire and a minimum of 83.3 hours of service. Eligibility requirements exclude employees of a collective bargaining unit, nonresident aliens and leased employees.

Employee contributions - Participants may elect to contribute up to 100% of their compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Employer matching contributions - The Plan provides for discretionary employer matching contributions to be determined by the employer. The Company has the right to discontinue and reinstate the discretionary employer matching contributions. Additionally, the Company may make discretionary non-elective contributions to the Plan. Such discretionary Company contributions are allocated to each participant who is eligible for the Plan, in an amount equal to a percentage of the eligible contributions made during the Plan year. The Company made discretionary matching contributions, under a safe-harbor election, of approximately \$604,000 for 2017.

Participant accounts - Each participant's account is credited with the participant's contribution and the employer contributions, if any, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WEDRIVEU 401(K) PLAN
Notes to Financial Statements
December 31, 2017

Note 1 - Description of Plan (continued):

Investment options - Investments of the Plan are held by Transamerica and invested based solely upon instructions received from participants.

All Plan investments are units of funds and earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Effective September 15, 2016 the Plan was amended to allow participants to become vested in the Company's contribution immediately and all active participants became fully vested on this date.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates. Principal and interest are paid ratably through payroll deduction each pay period.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (60). Upon termination, the participants or beneficiaries will receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$5,000.

Forfeited accounts - Forfeitures are used first to pay administrative expenses of the Plan, and thereafter are used to reduce any employer contributions. Forfeitures at December 31, 2017 and 2016 are immaterial.

Administrative expenses - The Company absorbs substantially all administrative expenses of the Plan. Other charges and fees on investments may be assessed against the respective participant account balances.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments in all of the funds, except the insurance contract, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The insurance contract account is fully benefit-responsive and is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

WEDRIVEU 401(K) PLAN
Notes to Financial Statements
December 31, 2017

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2017 and 2016, investments measured at fair value on a recurring basis consisted of pooled separate accounts measured at net asset value per share (or its equivalent). In accordance with Subtopic 820-10, these investments have not been classified in the fair value hierarchy.

WEDRIVEU 401(K) PLAN
Notes to Financial Statements
December 31, 2017

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedules.

The following information included in the financial statements and supplemental schedules was provided by and certified by the Plan's custodians as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment gain and interest income on participant loans, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

Note 5 - Stable value fund:

As the stable value fund is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Transamerica, represents contributions made under the stable value fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2017 and 2016, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer and are reviewed on a semi-annual basis for resetting.

WEDRIVEU 401(K) PLAN
Notes to Financial Statements
December 31, 2017

Note 5 - Stable value fund (continued):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Party-in-interest transactions:

Transamerica, the Plan's custodian, serves as investment manager and custodian to the Plan. At December 31, 2017 and 2016, the Plan held for investment approximately \$411,000 and \$256,000, in Transamerica's investment accounts, respectively.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Note 8 - Income tax status:

The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

WEDRIVEU 401(K) PLAN

Notes to Financial Statements

December 31, 2017

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 10 - Prohibited transactions:

Contributions were withheld from participant paychecks but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. These amounts are included in the 5500 as late remittances and a supplemental schedule for delinquent participant contributions has been included.
