NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE 1 – PLAN DESCRIPTION

The following description of the Mormac Marine Group, Inc. Savings and Retirement Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

General

The Plan was established by Mormac Marine Group, Inc. (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and The Interlake Steamship Company (“Interlake”), who has adopted the provisions of the Plan. The Plan originally became effective April 1, 1987. The Plan was amended and restated effective January 1, 2017.

Effective June 1, 2017, the Plan changed its trustee and custodian from Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, member of the Principal Financial Group (“Principal”) to Wells Fargo Bank, N.A. (“Wells Fargo”).

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is available to eligible employees of the Company and Interlake as authorized by the Board of Directors.

“Eligible Employee” means a participant of the Plan on January 1, 1989, or if the employee was not a participant as of that date, the employee will be eligible if:

- a. The employee has attained age 18.
- b. The employee is not a member of a collective bargaining unit unless the collective bargaining unit provides for coverage under this Plan.
- c. The employee is not a leased employee within the meaning of the IRC.
- d. The employee is not a non-resident alien with non-U.S. source income.

If the employee is eligible to participate, the employee will become a participant in the Plan as of the first day of the month following the date on which the participant meets the eligibility requirements.

Contributions

Eligible employees may make pre-tax elective deferral contributions in an amount not less than 1% of compensation, as defined by the Plan, limited by requirements of the IRC. Participants may also make Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Savings and Retirement Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 1 – PLAN DESCRIPTION – CONTINUED

The Plan provides for a Company matching contribution equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributes to the Plan up to a maximum of 4% of total compensation. Employees covered under a collective bargaining agreement are not eligible for a Company matching contribution unless the collective bargaining agreement states such entitlement. Additional amounts may be contributed at the discretion of the Board of Directors of the Company. No additional discretionary contributions were made by the Company for 2017.

Vesting

The Plan provides for 100% immediate vesting of all contributions made to the participant accounts. The value in the participant accounts cannot be forfeited.

Participant Accounts

Each participant account is credited with the participant's contribution and the related Company matching contribution, and allocations of the Company discretionary contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in a monthly annuity option. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Account balances of \$5,000 or less are distributed immediately. All distributions are made in cash. A participant may elect to receive a hardship withdrawal, as defined by the IRC. If a hardship withdrawal is taken, the participant will not be allowed to contribute to the Plan again for six months.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to the lesser of \$50,000 or 50% of their account balance. Generally, loan periods range from 1-5 years except for loans used for the purchase of a primary residence which can range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the time the loan is made. The interest rate for participant loans ranged from 4.25% to 5.25% at December 31, 2017 and ranged from 4.25% to 4.50% at December 31, 2016. Principal and interest is paid ratably through payroll deductions. Participants are limited to having just one loan outstanding at any time and only one loan may be approved during a 12-month period.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the group annuity contract, which was reported at contract value prior to its disposition (see Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. No allowance for credit loss has been recorded as of December 31, 2017 and 2016.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo and Principal have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- *Level 2* – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- *Level 3* – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year-end based on the closing price reported on the active market on which the individual securities are traded.

Collective trust fund: Valued at the NAV of units of a collective trust, based on the fair value of the underlying investments held by the fund, less its liabilities. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,065,319	\$ -	\$ -	\$ 15,065,319
Total assets in the fair value hierarchy	\$ 15,065,319	\$ -	\$ -	\$ 15,065,319
Investments measured at NAV:				
Collective trust funds (a)				2,515,120
Total assets at fair value				\$ 17,580,439

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,457,882	\$ -	\$ -	\$ 13,457,882
Total assets at fair value	\$ 13,457,882	\$ -	\$ -	\$ 13,457,882

- (a) The collective trust fund is measured at fair value using NAV as a practical expedient and has not been classified in the fair value hierarchy.

Savings and Retirement Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The table below presents additional information for investments whose fair value is estimated using NAV per share as of December 31, 2017:

	Fair Value at December 31, 2017	Redemption			Notice Period
		Unfunded Commitments	Terms	Restrictions	
Wells Fargo Stable Return Fund (a)	\$ 2,512,120	\$ -	(a)	(a)	(a)

- (a) Participants can redeem units of the fund at the contract value on a daily basis. However, Plan level initiated transactions require a twelve month redemption notice in order to withdraw at full book value. Plan level initiated transactions with less than a twelve month redemption notice may incur an adjustment to book value.

NOTE 5 – STABLE VALUE FUND

The Plan holds an investment in the Wells Fargo Stable Return Fund (“stable value fund”). The investment in the stable value fund is presented at fair value which reflects the NAV of the fund. The NAV of the stable value fund is based on net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan’s fair value as this is the amount at which the Plan transacts with the fund.

The stable value fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The fund’s NAV represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

Certain events limit the ability of the Plan to transact at NAV with the issuer. Such events include the termination of the Plan, a material adverse change to the provisions of the Plan, the employer electing to withdraw from a wrapper contract in order to switch to a different investment provider, or if terms of a successor plan do not meet the wrapper contract issuer’s underwriting criteria for issuance of a clone wrapper contract. The Plan administrator does not believe that these events are likely to occur.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Prior to January 1, 2017, the Plan entered into a single group annuity contract with a fixed rate of interest, the Principal Fixed Income Option (“Contract”), with Principal Life Insurance Company (“Principal”). Upon the change in trustee discussed in Note 1, the Contract was liquidated and funds were transferred to the Plan’s investment in the Wells Fargo Stable Return Fund.

Principal maintains the contributions to this Contract in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Principal to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2017, certain plan investments are shares of mutual funds and a stable value fund managed by Wells Fargo, the custodian of the Plan. At December 31, 2016, certain plan investments were shares of mutual funds and a guaranteed investment contract managed by Principal. Therefore, those transactions qualify as party-in-interest transactions.

NOTE 8 – TAX STATUS

The IRS has issued a determination letter dated May 9, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC and therefore are tax-exempt. Subsequent to this determination by the IRS, the Plan was amended. The Plan administrator believes that the Plan is currently designed and being operated, in all material respects, in compliance with the IRC. Accordingly, no provision for federal income taxes has been made in the Plan’s financial statements.

Mormac Marine Group, Inc.
Savings and Retirement Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 8 – TAX STATUS – CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any of the funds to be used for any purpose other than the exclusive benefit of its members and subject to the provisions of ERISA. As the Plan provides for 100% immediate vesting of all contributions, in the event of termination or discontinuance of the Plan by the Company, participants' interests in their accounts shall be fully vested.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 – SUBSEQUENT EVENTS

Effective March 31, 2018, the SeaStreak, LLC 401(k) Profit Sharing Plan and Trust was merged into the Plan, at which time SeaStreak LLC adopted the provisions of the Plan as a participating employer.

The Plan has evaluated subsequent events through October 15, 2018, the date the financial statements were available to be issued. The Company is not aware of any other subsequent events which would require recognition or disclosure in the financial statements, other than the plan merger discussed above.
