NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of IntegenX, Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 2006 by IntegenX, Inc. (the Company), to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed the 401(k) Retirement Plan Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Transamerica Life Insurance Company (Transamerica) to act as the custodian, and an affiliate of Transamerica to process and maintain the records of participant data. Expenses incurred for administering the Plan are paid by the Plan and the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of benefits – Benefits are recorded when paid.

Investment valuation and income recognition – The Plan's investments are reported at fair value and contract value. The Plan's custodian, Transamerica, certifies the contract value of the investment in Insurance Company general account and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All investments at fair value held by the Plan are units held in pooled separate accounts (PSAs) which are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. PSAs are valued and redeemable daily.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Income taxes – The Plan has adopted a volume submitter and prototype plan, that has been amended since receiving its last opinion letter from the Internal Revenue Service. The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 12, 2018, which is the date the financial statements were available to be issued.

NOTE 2 – TRANSAMERICA STABLE VALUE OPTION

The Plan's investment in the Transamerica Stable Value Option is an investment choice in Transamerica's Group Annuity Contract Account, which is considered fully benefit-responsive. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Transamerica Stable Value Option represents an obligation of Transamerica to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Transamerica Stable Value Option is suited for investors seeking a stable return and safety of principal. The investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one year treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract changes may reduce this return.

Because the investment option is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. There is no stated minimum or maximum interest rate for the Transamerica Stable Value Option investment. The crediting interest rate is based on a formula agreed upon with the issuer and such interest rates are reset monthly as of the beginning of the month, during which a new interest rate is applied daily to the total outstanding balance of the investment.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Transamerica may impose a hold for up to a 45-day period on the investment at the Plan level if the most recently announced upcoming credited rate has increased or has not changed. Additionally, Transamerica may impose up to a 12-month delay period on the Plan's full withdrawal from the investment.

NOTE 3 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica, the custodian of the Plan; therefore, transactions with this entity qualifies as exempt party-in-interest transactions.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amounts allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company has elected to make safe harbor nonelective contributions equal to 3% of participant's eligible compensation to the Plan, as defined in the Plan and as approved by the Board of Directors (the Board). The Company has recorded receivables of approximately $237,300 and $256,000 for safe harbor nonelective contributions as of December 31, 2017 and 2016, respectively. Such contributions were deposited in the Plan subsequent to each respective year end. The Company may also make discretionary matching or profit sharing contributions. No such discretionary contributions have been made for the years ended December 31, 2017 and 2016.

Vesting – Participants are immediately vested in their contributions and the Company's safe harbor nonelective contributions. Participants are fully vested in the Company's discretionary matching and profit sharing contributions allocated to their account after two and four years of credited service, respectively.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution. Allocation of the Company's contribution is based on eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump-sum amount or substantially equal, or partial withdrawal installments over a period of years equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $5,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's balance. Such notes receivable bear interest at the prime rate plus 1% and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Plan administrator. Outstanding notes receivable at December 31, 2017 carry interest rates ranging from 4.25% to 5.25%.

NOTE 5 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.

- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

- Investments reflected on the schedule of assets (held at end of year).

In the event the Plan is terminated in the future, participants would become fully invested in their accounts.
