NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE 1 – PLAN DESCRIPTION

The following description of the Seastreak, LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

General

The Plan was established by Seastreak, LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan originally became effective January 1, 2008. The Plan was amended and restated as of January 1, 2016 to allow for the Plan to make discretionary matching contributions.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is available to eligible employees of the Company as authorized by the Board of Directors.

An employee becomes eligible to participate in the Plan once the following conditions have been met:

- a. The employee has attained age 21.
- b. The employee has completed 6 consecutive months of eligible service beginning on their initial date of hire.
- c. The employee is not a member of a collective bargaining unit unless the collective bargaining unit provides for coverage under this Plan.
- d. The employee is not an employee as a result of a transaction as described in Code Section 410(b)(6)(C), including an asset or stock acquisition, merger, or similar transaction involving a change in the employer of the employees of a trade or business.
- e. The employee is not a non-resident alien with non-U.S. source income.

If the employee is eligible to participate, the employee will become a participant in the Plan as of the first day of the month following the date on which the participant meets the eligibility requirements.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Contributions

Eligible employees may make pre-tax elective deferral contributions in 1% increments in an amount not greater than 96% of compensation, as defined by the Plan, limited by requirements of the IRC. Participants may also make Roth elective deferral contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a Company safe harbor matching contribution equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributes to the Plan up to a maximum of 4% of total compensation. Employees covered under a collective bargaining agreement are not eligible for a safe harbor Company matching contribution unless the collective bargaining agreement states such entitlement.

The Company, at its discretion, may make a profit sharing contribution. No discretionary profit sharing contributions were made by the Company for 2017.

In July 2016, the Company submitted an application for Voluntary Correction Program (“VCP”) to retroactively amend the Plan to allow for an additional matching contribution to be made for the 2015 Plan year, along with interest. In December 2016, the Company received approval for the amendment and correction. In June 2017 the additional matching contribution and interest was made to the Plan in the amount of the \$85,672, which had previously been recorded in Company contributions receivable included in the Statement of Net Assets Available for Benefits as of December 31, 2016.

Vesting

The Plan provides for 100% immediate vesting of all contributions made to the participant accounts. The value in the participant accounts cannot be forfeited.

Participant Accounts

Each participant account is credited with the participant’s contribution and the related Company safe harbor matching contribution, and allocations of the Company discretionary profit sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in either a lump sum amount or in a monthly annuity option. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Account balances of \$1,000 or less are distributed immediately. All distributions are made in cash. A participant may elect to receive a hardship withdrawal, as defined by the IRC. If a hardship withdrawal is taken, the participant will not be allowed to contribute to the Plan again for six months.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Notes Receivable from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of 95% of one-half of their vested account balance or 95% of their total vested account balance excluding Roth elective deferral contributions. Under no event can the loan amount exceed \$50,000. Generally, loan periods range from 1-5 years except for loans used for the purchase of a primary residence which can range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the time the loan is made. The interest rate for notes receivable from participants ranged from 4.25% to 5.50% at December 31, 2017. The interest rate for notes receivable at December 31, 2016 was 4.25% to 4.50%. Principal and interest is paid ratably through payroll deductions. Participants are limited to having just one loan outstanding at any time and only one loan may be approved during a 12-month period.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administrative Expenses

The Company pays all expenses of maintaining the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MidAtlantic Trust, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, except for participant loans.

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

- *Level 1* – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- *Level 2* – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- *Level 3* – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan’s best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,272,200	\$ -	\$ -	\$ 2,272,200
Total assets at fair value	\$ 2,272,200	\$ -	\$ -	\$ 2,272,200

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,606,942	\$ -	\$ -	\$ 1,606,942
Total assets at fair value	\$ 1,606,942	\$ -	\$ -	\$ 1,606,942

NOTE 5 – TAX STATUS

The Internal Revenue Service (“IRS”) has issued an opinion letter dated April 10, 2014, stating that the prototype plan used by the Plan was designed in accordance with applicable sections of the IRC and therefore is tax-exempt. Subsequent to this determination by the IRS, the Plan was amended. The Plan administrator believes that the Plan is currently designed and being operated, in all material respects, in compliance with the IRC. Accordingly, no provision for federal income taxes has been made in the Plan’s financial statements. The Plan Sponsor identified certain operational errors in 2016 for which the Plan Sponsor corrected during 2017 in the amount of \$25,462, which had previously been recorded in Company contributions receivable included in the Statement of Net Assets Available for Benefits as of December 31, 2016.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 6– PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, modify, alter or amend the Plan at any time, provided that no such change shall permit any of the funds to be used for any purpose other than the exclusive benefit of its members and subject to the provisions of ERISA. As the Plan provides for 100% immediate vesting of all contributions, in the event of termination or discontinuance of the Plan by the Company, participants’ interests in their accounts shall be fully vested.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
