Part I	Basic Information
---------------	--------------------------

1 Enter the valuation date: Month <u>01</u> Day <u>01</u> Year <u>2017</u>			
2 Assets:			
a Market value	2a	<u>35559577</u>	
b Actuarial value	2b	<u>36549863</u>	
3 Funding target/participant count breakdown	(1) Number of participants	(2) Vested Funding Target	(3) Total Funding Target
a For retired participants and beneficiaries receiving payment	<u>208</u>	<u>13888230</u>	<u>13888230</u>
b For terminated vested participants	<u>324</u>	<u>11130149</u>	<u>11130149</u>
c For active participants	<u>230</u>	<u>14642225</u>	<u>14704587</u>
d Total	<u>762</u>	<u>39660604</u>	<u>39722966</u>
4 If the plan is in at-risk status, check the box and complete lines (a) and (b)..... ☐			
a Funding target disregarding prescribed at-risk assumptions	4a		
b Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been in at-risk status for fewer than five consecutive years and disregarding loading factor	4b		
5 Effective interest rate	5	<u>5.90 %</u>	
6 Target normal cost	6	<u>43649</u>	

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

SIGN HERE		
Signature of actuary	<u>10/09/2018</u>	Date
<u>MATTHEW R. LARRABEE</u>	<u>17-06154</u>	Most recent enrollment number

<u>MILLIMAN, INC.</u>		
Firm name		
<u>111 SW FIFTH AVE., SUITE 3700</u> <u>PORTLAND, OR 97204</u>		
Address of the firm		

If the actuary has not fully reflected any regulation or ruling promulgated under the statute in completing this schedule, check the box and see instructions ☐

Part II Beginning of Year Carryover and Prefunding Balances

	(a) Carryover balance	(b) Prefunding balance
7 Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	0
8 Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	0
9 Amount remaining (line 7 minus line 8)	0	0
10 Interest on line 9 using prior year's actual return of <u>6.52</u> %		
11 Prior year's excess contributions to be added to prefunding balance:		
a Present value of excess contributions (line 38a from prior year)		3926
b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of <u>6.12</u> %		240
b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
c Total available at beginning of current plan year to add to prefunding balance		4166
d Portion of (c) to be added to prefunding balance		0
12 Other reductions in balances due to elections or deemed elections		0
13 Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	0

Part III Funding Percentages

14 Funding target attainment percentage	14	92.01%
15 Adjusted funding target attainment percentage	15	92.01%
16 Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	95.00%
17 If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage.	17	%

Part IV Contributions and Liquidity Shortfalls**18** Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
04/06/2017	113500		10/18/2017	118000	
04/13/2017	108800		01/12/2018	178200	
07/13/2017	108800				
07/14/2017	113500				
09/14/2017	109300				
10/12/2017	60200				
Totals ▶			18(b)	910300	18(c) 0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:

a Contributions allocated toward unpaid minimum required contributions from prior years.	19a	
b Contributions made to avoid restrictions adjusted to valuation date	19b	
c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	877831

20 Quarterly contributions and liquidity shortfalls:

- a** Did the plan have a "funding shortfall" for the prior year? ☒ Yes ☐ No
- b** If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☐ Yes ☒ No
- c** If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year			
(1) 1st	(2) 2nd	(3) 3rd	(4) 4th
0	0	0	0

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:				
a Segment rates:	1st segment: 4.16 %	2nd segment: 5.72 %	3rd segment: 6.48 %	☐ N/A, full yield curve used
b Applicable month (enter code)				21b 0
22 Weighted average retirement age				22 64
23 Mortality table(s) (see instructions)	☐ Prescribed - combined ☒ Prescribed - separate ☐ Substitute			

Part VI Miscellaneous Items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment	☒ Yes ☐ No
25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment	☒ Yes ☐ No
26 Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment	☒ Yes ☐ No
27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment	27

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28 Unpaid minimum required contributions for all prior years	28	0
29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)	29	
30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29)	30	0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):			
a Target normal cost (line 6)	31a	43649	
b Excess assets, if applicable, but not greater than line 31a	31b	0	
32 Amortization installments:	Outstanding Balance		Installment
a Net shortfall amortization installment	3173103		697133
b Waiver amortization installment			
33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount	33		
34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33)	34	740782	
	Carryover balance	Prefunding balance	Total balance
35 Balances elected for use to offset funding requirement			0
36 Additional cash requirement (line 34 minus line 35)	36	740782	
37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)	37	877831	
38 Present value of excess contributions for current year (see instructions)			
a Total (excess, if any, of line 37 over line 36)	38a	137049	
b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	38b	0	
39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)	39	0	
40 Unpaid minimum required contributions for all years	40	0	

Part IX Pension Funding Relief Under Pension Relief Act of 2010 (See Instructions)

41 If an election was made to use PRA 2010 funding relief for this plan:			
a Schedule elected	☐ 2 plus 7 years ☐ 15 years		
b Eligible plan year(s) for which the election in line 41a was made	☐ 2008 ☐ 2009 ☐ 2010 ☐ 2011		
42 Amount of acceleration adjustment	42		
43 Excess installment acceleration amount to be carried over to future plan years	43		

SCHEDULE D (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small>	DFE/Participating Plan Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ► File as an attachment to Form 5500. SCHEDULE H (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2017 This Form is Open to Public Inspection
For calendar plan year 2017 or fiscal plan year beginning <u>01/01/2017</u> and ending <u>12/31/2017</u>		
A Name of plan <u>SULZER PUMPS (US) INC. RETIREMENT PLAN</u>	B Three-digit plan number (PN) ►	<u>003</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>SULZER PUMPS (US) INC.</u>	D Employer Identification Number (EIN) <u>94-3007659</u>	

Part I Asset and Liability Statement			
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a		
b Receivables (less allowance for doubtful accounts):

l Transfers of assets:			
(1) To this plan.....	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unqualified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)?

☒ Yes ☐ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: MCCONNELL & JONES LLP

(2) EIN: 76-0488832

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

	Yes	No	Amount
4a		X	
4b		X	

	Yes	No	Amount
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		X	
4i		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c If the plan is a defined benefit plan, is it covered under the PBGC insurance program (See ERISA section 4021.)? ☒ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 4095545. (See instructions.)

- 14** Enter the number of participants on whose behalf no contributions were made by an employer as an employer of the participant for:

a The current year	14a	
b The plan year immediately preceding the current plan year	14b	
c The second preceding plan year	14c	

- 15** Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

- 16** Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	16a	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	16b	

- 17** If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment. ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

- 18** If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

- 19** If the total number of participants is 1,000 or more, complete lines (a) through (c)

- a** Enter the percentage of plan assets held as:
 Stock: _____% Investment-Grade Debt: _____% High-Yield Debt: _____% Real Estate: _____% Other: _____%
- b** Provide the average duration of the combined investment-grade and high-yield debt:
☐ 0-3 years ☐ 3-6 years ☐ 6-9 years ☐ 9-12 years ☐ 12-15 years ☐ 15-18 years ☐ 18-21 years ☐ 21 years or more
- c** What duration measure was used to calculate line 19(b)?
☐ Effective duration ☐ Macaulay duration ☐ Modified duration ☐ Other (specify): _____

Independent Auditors' Report

To the Participants and Plan Administrator of
the Sulzer Pumps (U.S.) Inc. Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sulzer Pumps (U.S.) Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the Plan's beneficial interest in Sulzer Pumps (U.S.) Master Trust that is summarized in Note 3, which was certified by Wells Fargo, N.A., the trustee of the Plan (Trustee), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SUMMARY OF PLAN PROVISIONS

Plan Provisions

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated effective January 1, 2015 and amended through Amendment 1, are included in this valuation.

IRC Section 436 benefit restrictions: None applicable for current or prior plan years.

Late retirement increases: The plan does not provide benefit suspension notices to participants who work beyond normal retirement. We value benefits for participants past normal retirement age based on their frozen accrued benefit at their normal retirement date actuarially increased to the valuation date.

Unpredictable contingent event benefits: The plan does not have any unpredictable contingent event benefits.

IRC Section 415(b) benefit limitations: The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.

IRC Section 416 rules for top-heavy plans: We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Summary of Major Plan Provisions

Effective date (Original plan): January 1, 1969

Restated plan: January 1, 2015

Plan year: January 1 through December 31

Most recent amendment: Amendment 1

Status of the plan: The plan was frozen and closed to new entrants effective December 31, 2013 for employees of Sulzer Process Pumps (now Sulzer Pumps Solutions). The plan was frozen and closed to new entrants effective January 1, 2004 for employees of Sulzer Pumps.

The Cardo Retirement Plan, which merged into the Sulzer Retirement Plan effective December 31, 2012, was frozen and closed to new entrants effective January 1, 2007. The Sulzer Retirement Plan was frozen and closed to new entrants from Cardo Pumps (now Sulzer Pumps Solutions) effective on the merger date.

Significant events that occurred during the year: None

Definitions

Eligibility: Prior to the freeze dates noted above, all salaried employees of Sulzer Pumps and Sulzer Process Pumps (now Sulzer Pumps Solutions) with at least one year of service who had attained age 21.

2017 Schedule SB, Part V – Summary of Plan Provisions
Sulzer Pumps (US) Inc. Retirement Plan
EIN/PN: 94-3007659/003

In addition, all participants with accrued benefits in the Cardo Retirement Plan on December 31, 2012 became participants in the Sulzer Retirement Plan as of that date.

Entry date: Prior to the freeze dates noted above, employees entered the plan on the January 1 or July 1 coincident with or next following completion of eligibility requirements.

In addition, all participants with accrued benefits in the Cardo Retirement Plan on December 31, 2012 entered the Sulzer Retirement Plan on that date.

Employer contributions: Actuarially determined as necessary to fund the plan benefits.

Participant contributions: None required or permitted.

Vesting service: The number of plan years in which the participant worked at least 1,000 hours.

Credited service: The sum of (A) and (B) to a maximum of 35 years: (A) The participant's credited service under the prior plan as of December 31, 1983. (B) Beginning with January 1, 1984, the number of plan years in which the participant completes 2,000 hours of employment. A participant who completes less than 2,000 hours of employment in a year will receive 1/12 of a year of credited service for each 166 hours of employment completed.

Pre-acquisition service of former participants in the Atkinson 1987 Pension Plan as of June 1, 1988 is included. Pre-acquisition service of former participants in the Ahlstrom Group Retirement Plan as of June 1, 2000 is included.

A participant may not earn additional credited service after the applicable freeze date noted above.

Compensation considered: In general, total compensation including any year-end payment of 1/13 of a salaried employee's salary, but excluding overtime, commissions, bonuses, supplemental compensation, retirement benefits, pensions or retainers, and limited to the maximum compensation under Code Section 401(a)(17).

For former participants in the Ahlstrom Group Retirement Plan as of June 1, 2000, plan compensation is total compensation, limited to the 401(a)(17) maximum compensation.

A participant's compensation for years following the applicable freeze date noted above is not considered.

Average annual compensation: The compensation of a participant averaged over the 60 consecutive calendar months that produce the highest average, excluding the participant's compensation for years following the applicable freeze date noted above.

Normal Retirement

Eligibility: Age 65 or, if later, the fifth anniversary of the participant's entry date.

Benefit: A monthly pension determined including service with prior sponsoring employers under the formula below, less any frozen benefit amount accrued under the prior Sulzer, Atkinson or Ahlstrom Plan.

For Sulzer Pumps participants, the formula is 1.0% of Average Compensation, plus 0.65% of Average Compensation in excess of Covered Compensation, all times years of Credited Service up to 35.

For former participants in the Ahlstrom Group Retirement Plan as of June 1, 2000, the formula is the sum of (A) and (B): (A) 1.0% of Average Compensation, plus 0.5% of Average Compensation in excess of Covered Compensation, all times years of Credited Service prior to January 1, 1997. (B) 1.4% of Average Compensation, plus 0.65% of Average Compensation in excess of Covered Compensation, all times years of Credited Service after December 31, 1996. Total Credited Service is limited to 35.

For former participants in the Cardo Retirement Plan as of December 31, 2012, the benefit payable under the Sulzer Retirement Plan is equal to the benefit accrued under the former Cardo Retirement Plan, which froze effective January 1, 2007.

Early Retirement

Eligibility: In general, age 55 and 10 years of vesting service. For former participants in the Cardo Retirement Plan as of December 31, 2012, age 60 and 5 years of vesting service.

Benefit: The normal retirement benefit earned to the date of actual retirement, actuarially reduced for early commencement. The actuarial reduction is 1/15 for each year prior to age 65 up to five years plus 1/30 for each year prior to age 65 in excess of five years.

Late Retirement

Eligibility: Retirement after normal retirement eligibility.

Benefit: The greater of the normal retirement benefit earned to the date of actual retirement or the retirement benefit earned as of the participant's Normal Retirement Date actuarially increased for late commencement.

Deferred Vested

Eligibility: Termination of employment with a vested benefit. Vesting occurs after five years of vesting service.

Benefit: In general, the normal (or early) retirement benefit earned to the date of termination, deferred until normal (or early) retirement eligibility. However, if the actuarially equivalent immediate lump sum of the benefit would be \$1,000 or less, the benefit must be paid in this form. If the actuarially equivalent immediate lump sum of the benefit would be \$5,000 or less, the participant may elect to receive the benefit in this form.

Former participants in the Cardo Retirement Plan as of December 31, 2012 may elect to commence receipt of deferred vested benefits prior to retirement eligibility. In this case, the normal retirement benefit is adjusted for actuarial equivalence using an 8.0% annual interest rate and the PBGC Healthy/UP – 1984 unisex mortality table.

Pre-Retirement Death

Eligibility: Death prior to retirement of a vested participant.

Benefit: If the participant was not yet eligible to retire, the benefit is paid as if the participant terminated service on the date of death, survived to the earliest possible retirement age, retired with a 50% joint and survivor annuity, and died the next day. If the participant was eligible to retire, the benefit is paid as if the participant retired on the date of death with a 50% joint and survivor annuity and died the next day.

For former participants in the Cardo Retirement Plan on December 31, 2012, the benefit is instead payable in an optional form and at a commencement date selected by the beneficiary, adjusted for timing and form of benefit as described elsewhere in this summary for such participants.

Form of benefits

Automatic form: Benefits are automatically paid in the form of an actuarially equivalent 50% joint and survivor annuity for married participants and in the form of a monthly life annuity for unmarried participants.

Optional forms:

- 100% Joint and Survivor Annuity
- 75% Joint and Survivor Annuity
- 66⅔% Joint and Survivor Annuity
- 50% Joint and Survivor Annuity
- 10 year Certain and Life Annuity
- Life Annuity

Former participants in the Cardo Retirement Plan on December 31, 2012 may elect to receive a lump sum distribution of benefits instead of an annuity.

Optional form conversion factors: In general, the following factors apply:

- 50% Joint & Survivor Annuity- 0.874 plus 0.004 for each year that the joint annuitant is older than the employee or minus 0.004 for each year that the joint annuitant is younger than the employee. The initial factor will be increased by 0.004 for each year by which the employee is under age 65.
- 66⅔% Joint & Survivor Annuity- 0.838 plus 0.005 for each year that the joint annuitant is older than the employee or minus 0.005 for each year that the joint annuitant is younger than the employee. The initial factor will be increased by 0.006 for each year by which the employee is under age 65.
- 75% Joint & Survivor Annuity- 0.822 plus 0.005 for each year that the joint annuitant is older than the employee or minus 0.005 for each year that the joint annuitant is younger than the employee. The initial factor will be increased by 0.006 for each year by which the employee is under age 65.
- 100% Joint & Survivor Annuity- 0.776 plus 0.006 for each year that the joint annuitant is older than the employee or minus 0.006 for each year that the joint annuitant is younger than the employee. The initial factor will be increased by 0.007 for each year by which the employee is under age 65.
- 10 Year Certain & Life Annuity- 0.911 plus 0.007 for each year by which the employee is under 65.

For former participants in the Cardo Retirement Plan on December 31, 2012, optional form conversion factors (other than for lump sums) are calculated using actuarial equivalence based on an 8.0% annual interest rate and the PBGC Healthy/UP – 1984 unisex mortality table. For lump sums, optional form conversion factors are calculated using actuarial equivalence based on the mortality rates specified in Code Section 417(e) and on PPA segment rates for the third month preceding the calendar year in which the payment is distributed.

Miscellaneous

Maximum benefits: Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2017, the limit is \$215,000.

Plan provision changes since prior valuation

Maximum benefits were updated from 2016 to 2017.

**DESCRIPTION OF WEIGHTED
AVERAGE RETIREMENT AGE**

Sulzer Pumps and Sulzer Pumps Solutions (former Sulzer Process Pumps employees)

ACTIVE COUNT ON VALUATION DATE			19

All divisions

COUNT WEIGHTED AVERAGE RETIREMENT AGE	64.178
ROUNDED WEIGHTED AVERAGE RETIREMENT AGE	64

The weighted average retirement age was calculated by multiplying each possible retirement age by the probability of surviving to that age and then retiring. These products were then summed to produce the weighted average retirement age. The results for each division were weighted by active counts as shown above.

Schedule SB, line 25 – Change in Method
Sulzer Pumps (US) Inc. Retirement Plan
EIN/PN: 94-3007659/003

Change in Method

Effective with the 2017 plan year, the valuation software was changed from Milliman's proprietary valuation system to a commercially available valuation system. The change satisfies the requirements contained in IRS Announcement 2010-3 for a change in valuation software.

ACTUARIAL ASSUMPTIONS AND ACTUARIAL COST METHOD

Actuarial Methods

Asset Methods - Effective January 1, 2009

The asset valuation method is an average of the adjusted market value at the current valuation date and each of the prior 2 years, rolled forward to the current valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is limited to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods - Effective January 1, 2009

The plan sponsor provides us with data on all participants as of the valuation date. Any participants who terminated prior to the valuation date without a vested benefit are excluded. Any participants who died prior to the valuation date without a beneficiary are excluded.

Minimum Funding Methods - Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on the individual's accrued benefit as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue during the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs plus expected administrative expenses for the following year, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Maximum Deductible Contribution Method

Calculations of maximum deductible contributions include the excess of the funding target computed using the projected unit credit method over the minimum funding target (both calculated for maximum deductible contribution purposes without reflecting the impact of segment rate stabilization). The objective of the projected unit credit method is to fund each participant's benefits under the plan as they accrue, taking into consideration expected future benefit increases.

Since the plan is frozen, there are no expected future benefit increases, so the funding target computed using the traditional unit credit method is equal to the minimum funding target.

FASB ASC Topic 960 Method

FASB ASC Topic 960 obligations are calculated using the projected unit credit method. As noted above, this method is equivalent to the traditional unit credit method for this Plan.

Method changes since prior valuation

None.

Actuarial Assumptions

Sulzer Pumps & Sulzer Pumps Solutions (former Sulzer Process Pumps employees)

Discount rate sponsor elections

- | | |
|-------------------------------------|---------------|
| ▪ Segment rates or full yield curve | Segment rates |
| ▪ Look-back months | 0 |

Funding Target after segment rate stabilization

- | | |
|-----------------|-------|
| ▪ 1st 5 years | 4.16% |
| ▪ Next 15 years | 5.72% |
| ▪ Over 20 years | 6.48% |

Funding Target for maximum deductible contribution purposes (does not reflect segment rate stabilization)

- | | |
|-----------------|-------|
| ▪ 1st 5 years | 1.57% |
| ▪ Next 15 years | 3.77% |
| ▪ Over 20 years | 4.73% |

FASB ASC Topic 960

6.00% per year. This is the assumed rate of return for the Plan's entire portfolio of assets, net of investment expenses.

Mortality sponsor elections

Healthy participants

Section 430(h)(3) prescribed separate static annuitant and nonannuitant mortality tables. These tables are based on the RP-2000 mortality tables projected with mortality improvement, based on Scale AA, to the valuation year plus 7 and 15 years respectively.

For FASB ASC Topic 960, mortality is assumed to follow the RP-2014 Employee and Healthy Annuitant tables (sex distinct), with generational projection using MP-2017 mortality improvement projection scales starting at the 2006 base year.

Disabled participants

No incidence of disability was assumed.

Other economic assumptions

Investment return

Assumed interest rates used to calculate the Actuarial Value of Assets are 7.00% for the 2015 plan year and 6.00% for the 2016 plan year, subject to the statutory interest rate limits of 6.81% and 6.65%, respectively.

Expenses

Administrative expenses used in calculating the beginning of year normal cost are assumed to be equal to the prior year's administrative expenses.

Demographic Assumptions

Withdrawal

The ultimate withdrawal rates from the 2003 SOA Pension Plan Turnover Study. No withdrawal assumed for ages 55 and over. (Effective January 1, 2015).

Example rates of withdrawal are as follows:

Age	Rate
25	12.96%
30	4.84%
35	5.02%
40	4.15%
45	3.73%
50	3.49%
55+	0.00%

Disability Incidence

No incidence of disability was assumed.

Retirement Age

Assumed rates of retirement are as follows (effective January 1, 2015):

Age	Decrement
55-61	2.50%
62-65	15.00%
66	50.00%
67-69	35.00%
70+	100.00%

Current and future vested deferred participants are assumed to commence benefits at age 65, or current age if later.

Spouse Assumptions

80% of non-retired participants are assumed to be married. Males are assumed to be three years older than their spouses.

Form of Payment Assumptions

Non-retired participants are assumed at retirement to elect a single life annuity with 50% probability and a 50% joint and survivor annuity with 50% probability.

For future pre-retirement deaths, 100% of surviving spouses are assumed to receive the survivor portion of a 50% joint and survivor annuity.

Sulzer Pumps Solutions (former Cardo Pumps employees)

Except as noted below, all assumptions applicable to Sulzer Pumps and former Sulzer Process Pumps employees also apply to former Cardo Pumps employees.

Demographic Assumptions

Withdrawal

For ages up to 54, withdrawal rates are assumed to follow the ultimate rates from the Vaughn Select and Ultimate Table multiplied by two. For ages 55 to 59, the annual assumed withdrawal rate is 5% (effective January 1, 2015).

Example rates of withdrawal are as follows:

Age	Decrement
25	27.20%
30	20.20%
35	15.80%
40	13.00%
45	11.00%
50	9.00%
55-59	5.00%
60+	0.00%

Retirement Age

Assumed rates of retirement are as follows (effective January 1, 2015):

Age	Decrement
60-61	5.00%
62-65	15.00%
66	50.00%
67-69	35.00%
70+	100.00%

Current and future vested deferred participants are assumed to commence benefits at age 65, or current age if later.

Form of Payment Assumptions

Actives are assumed to elect a single life annuity with 25% probability and a lump sum with 75% probability (effective January 1, 2015).

Current vested terminated participants are assumed to elect a single life annuity with 100% probability.

For future pre-retirement deaths, 100% of surviving spouses are assumed to elect lump sums.

Data Uncertainty Assumptions

For retirees with joint and survivor annuities, the valuation mortality assumption was used to estimate the probability of a retiree's spouse having died after the benefit commencement date, but before the valuation date.

For inactive participants with deferred benefits, the valuation mortality assumption was used to estimate the probability of the participant having died after normal retirement age, but before the valuation date.

Actuarial Assumption Changes Since Prior Valuation

- Interest discounts and mortality rates were updated from 2016 to 2017 in accordance with PPA.
- Expense normal cost decreased from \$54,759 to \$43,649 to reflect expectations for the current plan year.
- For FASB ASC Topic 960, the generational mortality improvement projection scales applied to the underlying RP-2014 Employee and Healthy Annuitant mortality tables were updated from MP-2016 to MP-2017.
- For retirees with joint and survivor annuities, the valuation mortality assumption was used to estimate the probability of a retiree's spouse having died after the benefit commencement date, but before the valuation date. This assumption was adopted to reflect areas of uncertainty in participant data resulting from record-keeping limitations.
- For inactive participants with deferred benefits, the valuation mortality assumption was used to estimate the probability of the participant having died after normal retirement age, but before the valuation date. This assumption was adopted to reflect areas of uncertainty in participant data resulting from record-keeping limitations.

CHANGE IN ACTUARIAL ASSUMPTIONS

Actuarial assumption changes since prior valuation

- Interest discounts and mortality rates were updated from 2016 to 2017 in accordance with PPA.
- Expense normal cost decreased from \$54,759 to \$43,649 to reflect expectations for the current plan year.
- For FASB ASC Topic 960, the generational mortality improvement projection scales applied to the underlying RP-2014 Employee and Healthy Annuitant mortality tables were updated from MP-2016 to MP-2017.
- For retirees with joint and survivor annuities, the valuation mortality assumption was used to estimate the probability of a retiree's spouse having died after the benefit commencement date, but before the valuation date. This assumption was adopted to reflect areas of uncertainty in participant data resulting from record-keeping limitations.
- For inactive participants with deferred benefits, the valuation mortality assumption was used to estimate the probability of the participant having died after normal retirement age, but before the valuation date. This assumption was adopted to reflect areas of uncertainty in participant data resulting from record-keeping limitations.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Participants and Plan Administrator of
the Sulzer Pumps (U.S.) Inc. Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sulzer Pumps (U.S.) Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the Plan's beneficial interest in Sulzer Pumps (U.S.) Master Trust that is summarized in Note 3, which was certified by Wells Fargo, N.A., the trustee of the Plan (Trustee), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sulzer Pumps (U.S.) Inc. Retirement Plan

Note to Financial Statements

December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the Sulzer Pumps (U.S.) Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General

The Plan is a noncontributory defined benefit pension plan established to provide retirement benefits to salaried employees of Sulzer Pumps (U.S.), Inc. (the Company) and Sulzer Process Pumps (U.S.), Inc. that are not members of a collective bargaining unit. Eligible employees become active participants on January 1 or July 1 following the date the employee completes one year of service and has reached age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2004, the Plan was frozen and closed to new entrants for employees of the Company. The Plan was also frozen and closed to new entrants for employees of Sulzer Process Pumps (U.S.) effective December 31, 2013. The Cardo USA, Inc. Retirement Plan (the Cardo Plan), previously frozen and closed to new entrants effective January 1, 2007, was merged into the Plan effective December 31, 2012. The Plan was frozen to new entrants from Sulzer Pump Solutions (US) Inc. (formerly Cardo Pumps) effective on the merger date. Effective January 1, 2014, Sulzer Process Pumps (U.S.), Inc. and Sulzer Pump Solutions (US) Inc. combined to form Sulzer Pump Solutions.

Contributions

The Company's funding policy is to make annual contributions to the Plan in amounts sufficient to meet the minimum funding requirements of ERISA as calculated by the Plan actuary. Contributions to the Plan are invested solely in the Sulzer Pumps (U.S.) Master Trust (the Master Trust) (Note 3). The Company's contributions for 2017 and 2016 met the minimum funding requirements of ERISA.

Pension Benefits

The benefits payable from the Plan are determined using a formula that reflects the participant's level of pay and service with the Company while an eligible salaried employee. Under the Plan benefit formula, annual retirement income will be equal to 1% of average earnings (as a salaried plan participant) plus 0.65% of such pay above the social security income covered compensation level, multiplied by years (including fractional years) of credited service to normal retirement date. This amount is reduced by the amounts paid in the form of a lump sum or a guaranteed annuity contract. Credited service means all years and months of "continuous service" with the Company credited under the Plan, plus all years thereafter measured by paid hours of employment, in accordance with a fixed schedule, to a maximum of 35 years, subject to certain restrictions. Eligible Sulzer Pumps (U.S.) employees cannot earn credited service after December 31, 2003. Employment while not in a covered employment status is excluded. For employees who qualify for distribution upon normal retirement, at age 65; upon pre-retirement, at age 55 with 10 years of service; or upon death, the trustee shall disburse benefits in the form of a qualified joint and 50% survivor annuity unless an optional form of benefit has been selected.

Vesting

Participants are fully vested after the earlier of having three years of service or reaching normal retirement age while an employee. Participants who terminate after vesting but prior to early

Sulzer Pumps (U.S.) Inc. Retirement Plan
Note to Financial Statements
December 31, 2017 and 2016

retirement age may elect to receive a pension benefit based upon credited service to date of termination payable at normal retirement age. If the value of a terminated participant's benefit is less than \$5,000, the benefit is paid in a lump sum.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in the Master Trust are reported at fair value. Fair value, as defined by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The fair value of the Plan's interest in the Master Trust is based on beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income or loss less actual distributions and allocated administrative and investment expense.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contributions

Contributions to the Plan are recorded in the period that the Plan's actuary determines they relate to except that a contribution receivable is recorded to the extent that amounts due are pursuant to formal commitments as well as legal or contractual requirements in existence at the end of the Plan year.

Payment of Benefits

Benefit payments are recorded when paid.

Sulzer Pumps (U.S.) Inc. Retirement Plan

Note to Financial Statements

December 31, 2017 and 2016

Risks and Uncertainties

The Plan provides for investments in a Master Trust that holds a variety of investment securities, which are exposed to various risks, such as interest rate, market, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Recently Adopted Accounting Pronouncements

In February 2017, FASB issued Accounting Standards Update No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans Topic 965) - Employee Benefit Plan Master Trust Reporting* (ASU 2017-06). ASU 2017-06 amends the master trust disclosure to require additional disclosures related to the Plan's interest in the master trust. ASU 2017-06 is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. In 2017, Plan management has adopted ASU 2017-06 for the Plan and updated Note 3 accordingly.

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2017, and through October 15, 2018, the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Investments and Related Investment Income (Certified by Trustee)

At December 31, 2017 and 2016, all of the Plan's investments are held in the Master Trust, which was established to hold the assets of tax-qualified plans established by the Company. Each participating plan has an undivided interest in the Master Trust. Wells Fargo N.A., the trustee of the Plan (Trustee) certifies these investments held by Plan and the Master Trust as of December 31, 2017 and 2016 as well as the related investment income or loss for the years then ended as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Net investment income (loss) is allocated to the participating plans based upon the performance of the undivided pooled investments. The only other participating plan within the Master Trust is the Sulzer Pumps (U.S.) Inc. Portland Hourly Employees Pension Plan (Hourly Plan). Allocation of the Plan's interest and the Hourly Plan's interest in the Master Trust was approximately 84% and 84%, respectively, at December 31, 2017 and, 2016.

Sulzer Pumps (U.S.) Inc. Retirement Plan

Note to Financial Statements

December 31, 2017 and 2016

The following table presents the net assets for the Master Trust as well as the Plan's interest in the Master Trust as of December 31, 2017 and 2016:

	2017		2016	
	Master Trust Balances	Plan's Interest in Master Trust	Master Trust Balances	Plan's Interest in Master Trust
Assets				
Investments at fair value				
Registered investment companies	\$ 43,493,229	\$ 36,518,670	\$ 38,132,667	\$ 31,973,486
Money market fund	380,263	319,284	394,391	330,689
Private limited partnership	3,106,854	2,608,640	3,514,611	2,946,931

The following table summarizes the changes in net assets of the Master Trust for the years ended December 31, 2017 and 2016:

	2017	2016
Additions		
Net appreciation in fair value of investments	\$ 5,073,459	\$ 1,905,104
Interest and dividends	765,013	787,427
Total additions	<u>5,838,472</u>	<u>2,692,531</u>
Deductions		
Investment expenses	<u>(120,905)</u>	<u>(135,020)</u>
Total deductions	<u>(120,905)</u>	<u>(135,020)</u>
Net Increase Before Transfer	5,717,567	2,557,511
Transfer In	1,225,000	942,800
Transfer Out	<u>(2,003,890)</u>	<u>(2,154,182)</u>
Net Increase (Decrease) After Transfer	4,938,677	1,346,129
Net Assets, Beginning of Year	<u>42,041,669</u>	<u>40,695,540</u>
Net Assets, End of Year	<u>\$ 46,980,346</u>	<u>\$ 42,041,669</u>

Note 4: Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3

Sulzer Pumps (U.S.) Inc. Retirement Plan
Note to Financial Statements
December 31, 2017 and 2016

measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies: Consists of mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued using unadjusted quoted market prices for identical assets. The fund seeks current income while preserving capital and liquidity by investing in high-quality, short-term US dollar denominated money market instruments of domestic and foreign issuers. There are no redemption restrictions for this fund.

Private limited partnerships: The Plan's investment represent interest in private limited partnerships derived from the audited financial statements of those partnerships.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Sulzer Pumps (U.S.) Inc. Retirement Plan

Note to Financial Statements

December 31, 2017 and 2016

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 43,493,229	\$ -	\$ -	\$ 43,493,229
Money market fund	380,263	-	-	380,263
Private limited partnerships	-	-	3,106,854	3,106,854
Total Investments at Fair Value	\$ 43,873,492	\$ -	\$3,106,854	\$ 46,980,346

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 38,132,667	\$ -	\$ -	\$ 38,132,667
Money market fund	394,391	-	-	394,391
Private limited partnerships	-	-	3,514,611	3,514,611
Total Investments at Fair Value	\$ 38,527,058	\$ -	\$3,514,611	\$ 42,041,669

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2017 and 2016:

	2017	2016
Balance, Beginning of Year	\$ 3,514,611	\$ 3,555,733
Contributions	226,620	160,754
Distributions	(529,825)	(341,863)
Net (depreciation) appreciation in investments	(104,552)	139,987
Balance, End of Year	\$ 3,106,854	\$ 3,514,611

Note 5: Actuarial Present Value of Accumulated Pension Plan Benefits

Accumulated Plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated Plan benefits for active employees are based on benefit calculations using credited service and average qualifying employment on the date as of which the benefit information is presented (the Valuation Date). Benefits payable under all circumstances - retirement, death, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the Valuation Date.

The actuarial present value of accumulated Plan benefits for the Plan is determined by the Plan's actuary, Milliman, and is that amount which results from applying actuarial assumptions to adjust the

Sulzer Pumps (U.S.) Inc. Retirement Plan

Note to Financial Statements

December 31, 2017 and 2016

accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the Valuation Date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2017 were as follows:

Assumed rate of return on investments	6%
Retirement age	Based on the retirement rate of 2.5% (age 55 – age 61), 15% (age 62 – age 65), 50% (age 66), 35% (age 67 – age 69) and 100% (age 70 plus)
Mortality rates	RP-2014 Employee and Healthy Annuitant tables (sex distinct), with generational projection using MP-2017 mortality improvement projection scales starting at the 2006 base year.

The factors that affected the change in the actuarial present value of accumulated plan benefits from the preceding to the current benefit information date are:

- Interest discounts and mortality rates were updated from 2016 to 2017 in accordance with Pension Protection Act of 2006.
- Expense normal cost decreased from \$54,759 to \$43,649 to reflect expectations for the current plan year.
- The generational mortality improvement projection scales applied to the underlying RP-2014 Employee and Healthy Annuity mortality tables were updated from MP-2016 to MP-2017.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

As of January 1, 2017, the actuarial present value of accumulated benefits was as follows:

Vested benefits:	
Active participants	\$ 14,996,552
Inactive participants with deferred benefits	11,338,269
Inactive participants receiving benefits	<u>14,406,251</u>
Total vested benefits	40,741,072
Nonvested benefits	<u>70,431</u>
Actuarial present value of accumulated plan benefits	<u>\$ 40,811,503</u>

Sulzer Pumps (U.S.) Inc. Retirement Plan
Note to Financial Statements
December 31, 2017 and 2016

The changes in actuarial present value of accumulated benefits are as follows:

Actuarial present value of accumulated plan benefits at January 1, 2016	<u>\$ 40,692,597</u>
(Decrease) Increase during the year attributable to:	
Benefits accumulated and gains	(179,708)
Assumption changes	(255,360)
Benefits paid	(1,832,604)
Increase for interest due to decrease in discount period	<u>2,386,578</u>
Net increase	<u>118,906</u>
Actuarial present value of accumulated plan benefits at January 1, 2017	<u><u>\$ 40,811,503</u></u>

Note 6: Party-In-Interest Transactions

The Plan's investment assets were held and managed by Wells Fargo, the Trustee of the Plan; the investments represent exempt party-in-interest transactions under the prohibited transaction rules of ERISA. Fees allocated to the Plan for investment management services amounted to \$97,906 and \$109,289 for the years ended December 31, 2017 and 2016, respectively.

Note 7: Plan Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 26, 2015, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and its legal counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is not subject to tax.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2014.

Note 8: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the Plan agreement provides that participant benefits will become immediately vested and the Plan shall continue after such termination for the purpose of completing liquidation of the Plan's net assets. Proceeds from such liquidation shall be used to provide benefits to participants, former participants and joint annuitants, in the following order of priorities as prescribed by ERISA:

Sulzer Pumps (U.S.) Inc. Retirement Plan

Note to Financial Statements

December 31, 2017 and 2016

- A. Benefits attributable to employee contributions, taking into account those paid out before termination.
- B. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- C. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, up to the applicable limitations (discussed subsequently).
- D. All other vested benefits (that is, vested benefits not insured by the PBGC).
- E. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefits under the PBGC guarantees. For Plan terminations occurring during 2017, that ceiling is \$5,369 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC. These matters are more fully discussed in the Plan agreement and Summary Plan Description.
