Long View Systems 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Long View Systems 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by John Hancock Life Insurance Company (U.S.A), the custodian of the Plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2016 Financial Statement

The financial statement of the Plan as of December 31, 2016 was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 21, 2017 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statement, and (b) the form and content of the information included in the financial statement other than that derived from the certified investment information was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations – 2017

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Long View Systems 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that was established in 2007 by Long View Systems Corporation USA (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is the Plan's sponsor. Benefits under the Plan are not guaranteed by the Pension Benefit and Guarantee Corporation.

Administration – Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has contracted with a third-party administrator, John Hancock Life Insurance Company (U.S.A) ("John Hancock"), to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Eligibility – Part-time employees (defined as less than 1000 hours in the Plan year), non-residence, and employees otherwise covered by a collective bargaining agreement are ineligible for plan participation. All other employees of the Company are eligible to participate in the Plan immediately upon hire. There are no limitations as for an employee to enroll in the Plan. Employees are immediately eligible for employer match and discretionary profit sharing as defined below.

Participant Contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to regulatory limitations. Eligible participants are entitled to defer a percentage of their compensation subject to Internal Revenue Code (IRC) Limitations, which for 2017 was $18,000. The Plan also allows catch-up contributions pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001 up to a maximum allowed by the applicable section of the Tax Code, which for 2017 was $6,000.

Employer Contributions – The Company is allowed to make contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, may make a profit-sharing contribution, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation for all eligible participants. The Company made profit-sharing contributions in the amount of $697,662 for the Plan year ended December 31, 2017. This contribution was remitted into the Plan in 2018 and was recorded as a receivable as of December 31, 2017.

Note 1 – Description of Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are immediately vested in their entire account, including employer contributions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over the life or life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Loans to Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2017, the rates of interest on outstanding loans ranged from 5.25%-7.00% with various maturities through December 2023.

Plan Amendments – The most recent Plan restatement was made effective January 1, 2014. However, effective January 1, 2015, the Plan implemented certain amendments to the definition of Eligible Employees and Plan compensation. These amendments created an exclusion of short-term employees under eligibility, and further excluded bonuses, commissions, and incentives from the Plan's definition of compensation.

Forfeitures – All contributions are 100% vested.

Investment Options – Participants may direct their investments into various pooled separate accounts and the guaranteed interest account.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting Standards Updates – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*.

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2017 Plan year-end; however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the fair value hierarchy disclosures previously included in the footnotes are no longer required.

Investment Valuation – The investments are reported at fair value. The Plan's trustee, John Hancock Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Loans Receivable from Participants – Loans receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent loans receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of Benefits – Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Fees and Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 15, 2018, which is the date the financial statements were available to be issued.

Note 3 – Tax Status

Effective January 1, 2011, the Plan adopted a standardized form of a Volume Submitter Profit Sharing Plan. Effective January 1, 2014, the Plan was restated to comply with the requirements of the Pension Protection Act, pursuant to Rev. Proc. 2011-49. The Volume Submitter Plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving this letter. However, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the code.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustee has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value.

Pooled Separate Accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Guaranteed Interest Account – Valued at fair market value using compounded interest rates and the use of observable inputs for similar accounts.

Note 4 – Fair Value Measurements (continued)

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2017 and 2016:

	Fair Value Measurement at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Cash	$ 77	$ –	$ –	$ 77
Guaranteed interest account	1,894	–	–	1,894
Total assets in the fair value hierarchy	$ 1,971	$ –	$ –	1,971
Investments measured at NAV (practical expedient)				10,581,598
Total Investments				$ 10,583,569

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Cash	$ 77	$ –	$ –	$ 77
Guaranteed interest account	1,124	–	–	1,124
Total assets in the fair value hierarchy	$ 1,201	$ –	$ –	1,201
Investments measured at NAV (practical expedient)				9,550,888
Total Investments				$ 9,552,089

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 6 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (USA), the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.

- Net appreciation/depreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.

- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock Retirement Services, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for investments management services to John Hancock Retirement Service were $2,582 for the year ended December 31, 2017.

Note 8 – Plan Termination or Modification

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.
