Piedmont Hardware Brands 401k Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Piedmont Hardware Brands 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was formed on November 15, 2013. The Plan is a defined contribution plan covering all full-time employees who have attained one month of service of Nova Wildcat Group, which includes the participating employer of Nova Wildcat Amerock, LLC, Nova Wildcat Bulldog, LLC, Nova Wildcat Ashland, LLC and Nova Wildcat Shur-Line, LLC (collectively, the Sponsor). The Plan excludes collective bargaining employees, non-resident aliens and part-time/temporary/seasonal employees who work less than 1,000 hours. The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor makes safe harbor matching contributions in an amount equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator or through self-directed accounts as permitted by the Plan document in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Sponsor's matching contributions and allocations of Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by allocations of the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and the Sponsor's safe harbor matching contributions, plus actual earnings thereon. The Plan Sponsor made non-elective contributions in 2013 and 2014. A participant is 100% vested after three years of service in non-elective contributions.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Piedmont Hardware Brands 401k Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled approximately \$8,000 and \$29,000 at December 31, 2017 and 2016, respectively. During 2017, no forfeitures were used to reduce employer contributions and \$29,730 was used to pay administrative expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at the Prime Rate published in the Wall Street Journal. These rates range from 3.25% to 4.25% on loans outstanding at December 31, 2017, and mature through 2044. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Piedmont Hardware Brands 401k Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the safe harbor matching contribution from the Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. Information Certified or Provided by Reliance Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule of assets (held at end of year), related to the following assets:

	December 31	
	2017	2016
Investments at fair value:		
Registered investment companies	\$ 24,438,117	\$ 20,698,330
Common collective trust stable value fund	1,119,934	1,272,182
Self-directed brokerage account	124,864	191,038
	<u>\$ 25,682,915</u>	<u>\$ 22,161,550</u>
Notes receivable from participants	<u>\$ 291,159</u>	<u>\$ 353,489</u>

The trustee also certified to the completeness and accuracy of \$3,036,286 net appreciation in fair value of investments and \$948,469 of interest and dividends related to the aforementioned Plan assets for the years ended December 31, 2017.

Piedmont Hardware Brands 401k Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manager.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Description	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 24,438,117	\$ -	\$ -	\$ 24,438,117
Self-directed brokerage account	124,864	-	-	124,864
	<u>\$ 24,562,981</u>	<u>\$ -</u>	<u>\$ -</u>	<u>24,562,981</u>
Investments valued at NAV (a)				1,119,934
Investments at fair value				<u>\$ 25,682,915</u>

Description	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,698,330	\$ -	\$ -	\$ 20,698,330
Self-directed brokerage account	191,038	-	-	191,038
	<u>\$ 20,889,368</u>	<u>\$ -</u>	<u>\$ -</u>	<u>20,889,368</u>
Investments valued at NAV (a)				1,272,182
Investments at fair value				<u>\$ 22,161,550</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2017 and 2016.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31 2017	December 31 2016			
Common collective trust stable value fund:					
JPMorgan Chase Bank, N.A. Stable Asset Income F	\$ 1,119,934	\$ 1,272,182	None	Daily	1 year

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Piedmont Hardware Brands 401k Plan

Notes to Financial Statements

Note 5. Related Party and Parties-in-Interest Transactions

Reliance Trust Company is the trustee and JPMorgan Chase Bank, N.A. is the custodian of the Plan; therefore, transactions with the parties qualify as party-in-interest transactions. Fees paid by the Plan to the trustee and custodian totaled \$1,050 for the year ended December 31, 2017. The Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

Effective January 1, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by the Great-West Trust Company. The prototype plan has received an opinion letter from the IRS as to the Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2017	2016
Net assets available for benefits per the financial statements	\$ 26,044,861	\$ 22,576,830
Differences in:		
Investments – participant loans	291,159	353,489
Receivables – notes receivable from participants	(291,159)	(353,489)
Net assets per the Form 5500	<u>\$ 26,044,861</u>	<u>\$ 22,576,830</u>

Note 9. Nonexempt Transactions

The Sponsor failed to remit certain employee contributions, totaling approximately \$10,000, \$53,000, \$3,000, \$47,000 and \$53,000 during the years ended December 31, 2017, 2016, 2015, 2014, and the period from November 15, 2013 to December 31, 2013, respectively, within the required timeframe as stated by the United States Department of Labor regulations. The Sponsor intends to reimburse the Plan for lost interest. The Sponsor will file a Form 5330 for each year and pay the applicable excise tax. The excise tax payments will be made from the Sponsor's assets and not from the assets of the Plan.

Notes to Financial Statements

Note 10. Subsequent Events

The Plan has evaluated subsequent events (events occurring after December 31, 2017) through October 15, 2018, the date the financial statements were available to be issued. On March 14, 2018, Nova Wildcat Ashland, LLC ceased to be a participating employer. The Plan was amended on March 14, 2018 to remove Nova Wildcat Ashland, LLC as a participating employer. On August 24, 2018, Nova Shur-line, LLC, acquired World & Main, LLC. Employees from World & Main, LLC were eligible for the Plan on the purchase date of August 24, 2018. As a result of this acquisition, the Plan was amended on August 23, 2018 to include World & Main, LLC as a participating employer.
