INDEPENDENT AUDITOR'S REPORT

To the Administrative and Investment Committee of
Gulf Interstate Engineering Company Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gulf Interstate Engineering Company Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, and Transamerica Financial Life Insurance Company, an insurance company, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the trustee and insurance company hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and insurance company as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2017 and the supplemental schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee and insurance company. Their report, dated October 12, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee and insurance company, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the trustee and insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GULF INTERSTATE ENGINEERING COMPANY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Gulf Interstate Engineering Company Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gulf Interstate Engineering Company and Gulf Interstate Field Services (the "Companies"), except nonresident aliens, leased employees, employees of a controlled group or affiliated service group employer not adopting the Plan, reclassified employees, and employees of entities during an acquisition transaction period. Employees are eligible to participate on the first day of the month coinciding with or following the completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered and managed by the Administrative and Investment Committee (the "Committee").

Contributions

Participants may elect to make salary deferral or Roth contributions to the Plan from 2% to 90% of eligible compensation, subject to limits provided under the Internal Revenue Code ("IRC"). Roth contributions are after-tax contributions recorded to a separate Roth account in the participant's account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows rollover contributions from eligible retirement plans qualified under the appropriate sections of the IRC.

The Companies make safe harbor matching contributions to match 100% of deferrals on up to 6% of eligible compensation. The Companies may also make an annual discretionary matching contribution, limited to 4% of each participant's eligible compensation. Participants must be employed on the last day of the plan year to receive the discretionary matching contribution. In 2017, the Companies made no discretionary matching contribution. The Plan is participant directed. Participants may change their contribution rates on the first day of each payroll period and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their deferral and rollover contributions, employer contributions, and the appreciation or depreciation thereon.

Payment of Benefits

Normal retirement age under the Plan is 65. Upon a participant's termination, death, disability, or retirement, the participant's account may be distributed in a lump-sum payment or installment payments. If a participant's account is less than $1,000 or rollover account is between $1,000 and $5,000, a lump-sum distribution will automatically be made. Participants who have attained age 59½ or are experiencing a financial hardship may receive in-service distributions. The Plan also allows in-service distributions up to 100% of a participant's rollover account.

Notes Receivable from Participants

Plan participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000, reduced by the highest balance of notes of the participant during the one-year period ending on the day before the note is made, or 50% of their vested account balance in the Plan. Notes are repaid in level installments through payroll deductions for periods ranging up to five years, except for the purchase of a primary residence which is capped at 20 years. The notes bear interest at prime plus 1% at the time of the note and are secured by the participant's vested account balance to the extent of the principal amount of the note plus accrued interest. No more than three loans may be outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Upon termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

Investments are reported at fair value, except the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2017 and 2016, the Plan, as discussed in Note 4, invests in the New York Life Insurance Company ("NYLIC") Guaranteed Interest Account ("GIA") and the Transamerica Financial Life Insurance Company ("TFLIC") Stable Value Option.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. At December 31, 2017 and 2016, no allowance was considered necessary by management.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to withdrawals and investment advisory services are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted market price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used for valuing securities at December 31, 2017 or 2016.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	2017			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$56,176,433			$56,176,433

	2016			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$47,837,415			$47,837,415

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan maintains a stable value fund, the TFLIC Stable Value Option, and a guaranteed interest account, the NYLIC GIA. The stable value option and GIA meet the fully benefit-responsive contract criteria and, therefore, are reported at contract value. Contract value, as reported by TFLIC, represents the Plan's deposits and credited interest, less withdrawals, charges, and expenses. Contract value, as reported by NYLIC, represents contributions made, plus earnings, less participant withdrawals and administrative expenses.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

The stable value option seeks to protect against loss of principal while providing returns in excess of money market funds and 1-year U.S. Treasury bills. The fund has a portfolio investment rate design in which all deposits are credited with the same interest rate, daily, and with no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. Contract charges may reduce this return.

The GIA is a guaranteed interest contract that guarantees the return of principal and accumulated interest and seeks to provide participants with competitive crediting rates and limited volatility consistent with preservation of capital. The crediting rate is based on the formula in the contract. The minimum guaranteed rate of interest for the contract is subject to change every six months, but will always fall within a range between 1.00% and 3.00%.

The plan sponsor and participants may deposit and withdraw from the GIA at contract value, daily. However, neither the plan sponsor nor participants may transfer funds from the GIA to a competing fixed income fund. If such a transfer is made, no transfer of funds from the non-competing fund to a competing fund may occur for ninety days. Annual withdrawal requests, resulting from a plan sponsor initiated event, are subject to an annual limit, based on the Plan's contract beginning of the year balance. If withdrawals are in excess of the annual limit, those withdrawals may be subject to a market value adjustment and result in a charge on the remaining balance. The plan sponsor may terminate the GIA contract with a thirty to sixty days' notice, and elect to receive the funds in a lump-sum payment, subject to a market value adjustment, or in annual installments, at contract value, over a five-year term with a fixed crediting rate.

The Plan's ability to receive amounts due in accordance with the contracts is dependent on the contracts issuers' ability to meet financial obligations, which may be affected by future economic or regulatory developments. At December 31, 2017 and 2016, there are no valuation reserves recorded to adjust contract amounts.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations, and (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

NOTE 5 - INFORMATION CERTIFIED BY STATE STREET BANK AND TRUST COMPANY AND TFLIC

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, and TFLIC, an insurance company, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2017, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

NOTE 6 - TAX STATUS

The Plan has adopted a volume submitter profit sharing plan, which obtained its latest opinion letter dated March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the prototype document satisfies the applicable provisions of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2017 and 2016, Plan investments are in a contract account managed by TFLIC, an affiliate of Transamerica Retirement Services ("TRS"), the Plan's recordkeeper and, therefore, qualifies as a party in interest. During 2017, the Plan paid administrative expenses in the aggregate of $98,870 to TRS and $43,500 to Alliant Retirement Consulting, an investment advisor. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions. These party-in-interest transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2016 to the Form 5500 (there were no differences at December 31, 2017):

Net assets available for benefits per the financial statements	$58,439,385
Participant contributions receivable	(1,200)
Employer contributions receivable	(360)
Net assets available for benefits per the Form 5500	$58,437,825

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Change in net assets available for benefits per the financial statements	$8,200,412
Plus: 2016 participant contributions	1,200
Plus: 2016 employer contributions	360
Change in net assets available for benefits per the Form 5500	$8,201,972

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Effective January 1, 2018, the number of outstanding loans that a participant can have at one time was changed to two. Effective January 1, 2019, employees are eligible to participate in the Plan on their date of hire.

The Plan has evaluated subsequent events through October 9, 2018, the date the financial statements were available to be issued.
