NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 DESCRIPTION OF PLAN

The following description of Power Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Power Service, Inc. (the Company) and any participating affiliates, who have completed one year and 1,000 hours of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Union employees and non-resident aliens are excluded from the Plan.

Plan Merger

In 2016 the Company was purchased by DNOW L.P. There was no material or significant impact to the plan during 2016. During 2017, Plan management approved the merger into DNOW L.P.'s plan, the NOW Inc. 401(k) and Retirement Savings Plan (NOW Plan). On January 3, 2018, the Plan's net assets of approximately $3.8 million were transferred to the NOW Plan. The effective date of the merger is December 31, 2017. However, because the assets merged in 2018 and the NOW Plan's Form 5500 does not include the merged assets, the Plan's net assets are shown on these financial statements as of December 31, 2017.

Contributions

Annually, participants may contribute up to 100% of pretax annual compensation as defined in the Plan agreement, up to the maximum annual contribution permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, 403(a) and 403(b) annuities, 457 governmental plans and individual retirement accounts.

For 2017 and 2016, the Company contributed a discretionary match to eligible participants equal to 100% of the participant's contribution, up to $2,000. The Company did not fund a nonelective contribution for 2017 or 2016. For both match and nonelective contributions, the participant must work 1,000 hours during the year and be employed on the last day of the year.

Additional amounts of may be contributed at the discretion of the Company. All Contribution types are subject to certain limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, Plan earnings on the investments in their account and charged with an allocation of administrative expenses paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon a participant's retirement, disability, death, or termination of employment, a participant may elect to receive either a lump-sum payment or installments equal to the value of the participant's vested interest in his or her account. Under certain circumstances, an employee may withdraw his or her account balance prior to the occurrence of these events.

Forfeitures and Excess Contributions Reallocated

At December 31, 2017 and 2016, forfeited nonvested accounts and excess employer contributions totaled $128,099 and $69,469, respectively. These amounts will be used to fund additional nonelective contributions. During 2017 and 2016, $-0- and $11,868 of these forfeitures were used.

Notes Receivable from Participants

Notes receivable from participants are not permitted.

NOTE 2 SUMMARY OF ACCOUNTING PRINCIPLES AND POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 2 SUMMARY OF ACCOUNTING PRINCIPLES AND POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to a participant's distributions or other administrative functions, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2018, the date the financial statements were available to be issued.

As discussed in Note 1, on January 3, 2018, the Plan's net assets of approximately $3.8 million were transferred to the NOW Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,208,831	$ -	$ -	$ 3,208,831

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,011,300	$ -	$ -	$ 3,011,300

NOTE 4 COMMON COLLECTIVE TRUST FUND - STABLE RETURN

The Plan has entered into a benefit-responsive stable return fund with Wells Fargo Bank, N.A. and Wells Fargo Business Retirement Solutions (collectively, Wells Fargo) totaling $592,817 and $631,110 at December 31, 2017 and 2016, respectively. Wells Fargo maintains the contributions in a collective trust fund account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable return fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is established without the use of a specific formula, but may not be less than 0%. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract Value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 INFORMATION PREPARED AND CERTIFIED

The following information included in the accompanying financial statements for the period from January 1, 2016 to June 23, 2016 has been certified as complete and accurate by Wells Fargo Business Retirement Solutions. The following information for the period from April 1, 2016 to December 31, 2017 and for the year ended December 31, 2017 and the supplemental schedule has been certified as complete and accurate by Wells Fargo Bank, N.A.:

- Investments included in the Statement of Net Assets Available for Benefits and information included in the Supplemental Schedule of Assets (Held at End of Year).

- Investment income included in the Statements of Changes in Net Assets Available for Benefits, comprised of net appreciation or depreciation in fair value of investments and interest income.

NOTE 6 TAX STATUS

On March 31, 2014, the Internal Revenue Service issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself and has since been amended. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the IRS. However, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2014.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Wells Fargo is the trustee, custodian and record keeper to the Plan. Transactions with Wells Fargo qualify as party-in-interest transactions. Fees paid to Wells Fargo by the Plan for these services amounted to $32,713 and $23,742 for the years ended December 31, 2017 and 2016, respectively. Wells Fargo also charges fees that are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 8 RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9 EXCESS CONTRIBUTIONS PAYABLE

The Plan failed to pass the Average Deferral Percentage Test ("ADP Test") for the 2017 and 2016 Plan years. In order to correct the failure of the ADP Test for the 2017 and 2016 Plan years, federal law generally requires that corrective distributions be made no later than December 31st of the following year. The Company did not fully settle the 2016 corrective distribution obligation within this time. However, as permitted under applicable IRS guidance, the Company opted to correct the nondiscrimination testing failures in 2018 using the "one-to-one" correction method, which generally requires an excess contribution amount be refunded to highly compensated employees and a qualified non-elective contribution to be made by the Company to the Plan in the same amount and allocated to certain non-highly compensated employees.

The accompanying Statements of Net Assets Available for Benefits includes $112,360 and $122,977 in "Other" receivables as of December 31, 2017 and 2016, respectively, and $216,107 and $112,531 in "Excess participant contributions payable" as of December 31, 2017 and 2016, respectively, related to this issue. The amounts for both 2017 and 2016 are cumulative and also include uncorrected amounts for 2015.
