DreamWorks Animation SKG, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DreamWorks Animation SKG, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 and Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

DREAMWORKS ANIMATION SKG, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2017 AND 2016, AND FOR THE YEAR ENDED DECEMBER 31, 2017

1. PLAN DESCRIPTION

General

The following description of the DreamWorks Animation SKG, Inc. (DreamWorks or the Plan) provides only general information. Plan participants should refer to the Plan document and applicable amendments for a more complete description of the Plan's provisions. Copies of these documents are available from the Plan sponsor, DWA Holdings, LLC.

The Plan is a defined contribution plan qualified under Internal Revenue Code (the "Code") Sections 401(a), 401(k) and 401(m) and the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established effective October 27, 2004. On August 22, 2016, Comcast Corporation ("Comcast") acquired DreamWorks Animation SKG, Inc. Subsequent to the acquisition, DreamWorks Animation SKG, Inc. was converted to a limited liability corporation now known as DWA Holdings, LLC. The Plan's name remains the same.

Fidelity Management Trust Company is the appointed Trustee of the Plan.

Effective March 31, 2017, the Plan was frozen to new contributions. On September 30, 2017, the Plan's assets were transferred into the Comcast Corporation Employee Savings Plans Master Trust ("Master Trust"). The Master Trust allows Comcast to have a uniform investment line-up across its various defined contribution plans while allowing varying provisions in plan design.

The Plan covers all employees of DWA Holdings, LLC and its participating affiliates (collectively, the Company) who meet the eligibility requirements of the Plan. Subject to specified exceptions, all full-time and part-time employees of the Company become eligible as of the employee's hire date, unless the employee is covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations. However, employees who are covered by a collective bargaining agreement and are employed by the Company as non-union employees are also considered employees with respect to their employment as non-union employees.

Upon retirement or termination, the fair value of the funds resulting from participant contributions and employer contributions will be available to participants. The fair value of such contributions includes appreciation or depreciation, depending on the participant's choice of mutual funds, in the investments held by these mutual funds and the interest and dividends received. Accordingly, the fair value may be greater or less than the amounts which were actually contributed under the Plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Employees of the Company who elect to participate in the Plan may contribute up to 75% of their eligible compensation, as defined, on a pre-tax basis each payroll period, subject to Internal Revenue Code (IRC) limitations. Employees may also contribute up to an annual maximum of 100% of eligible compensation on an after-tax basis. The Company makes a matching contribution of 50% of the participant's pre-tax contributions up to a maximum of 4% of eligible compensation for the majority of the employees that participate in the Plan.

Rollover contributions from other qualified plans are accepted by the Plan. The Company does not match contributions of this type.

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. Employer contributions for the year ended December 31, 2017 were not reduced from forfeited nonvested accounts. Outstanding forfeitures not yet applied against employer contributions at December 31, 2017 and December 31, 2016 were \$137,892 and \$146,442, respectively.

Participants are immediately vested in their contributions and rollover balances, plus actual earnings thereon. Vesting in the employer contribution portion, plus actual earnings thereon, of their accounts is based on years of service. A participant vests over a three-year period of service, ratably each year.

If an active participant dies, the vesting percentage shall be 100%.

Upon termination of service, prior to retirement, participants are entitled to receive the fair value of their vested account balance. If the value of the participant's account available for distribution is \$1,000 or less, the distribution shall be in a lump-sum payment as soon as practicable following termination of employment. If the value of the participant's account is greater than \$1,000, distribution shall not commence prior to the normal retirement date (as defined in the Plan document), without the participant's written consent. Such consent may provide for distribution as a lump sum, a rollover into a subsequent employer's qualified plan, or a combination of both.

At death, benefits shall be paid to the surviving beneficiary.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The financial statements of the Plan are presented using the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for investment contracts, which are reported at contract value (see below). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion on fair value measurements.

Investment contracts, such as those included in the Comcast Stable Value Fund, are required to be reported at contract value. Contract value is the relevant measure of fully benefit-responsive investment contracts since that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5). As required by GAAP, the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits are presented on a contract value basis.

Net unrealized appreciation or depreciation in the financial statements reflects changes in fair value of investments held at year-end, while net realized gains and losses associated with the disposition of investments are recorded as of the trade date and calculated based on fair value as of such date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Benefits are recorded when paid.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the related disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Company has evaluated subsequent events through October 15, 2018 the date the financial statement were issued.

New Accounting Standards

In February 2017, the Financial Accounting Standards Board issued updated guidance to clarify presentation requirements for a plan's interest in a master trust and require detailed disclosures of the plan's interest in the master trust. As permitted by the updated guidance, the Plan has early adopted the updated standard and, as required, has applied it retrospectively. The adoption did not have a material impact on the financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2017 and December 31, 2016 and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Plan Administrator as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate.

In addition to the previous tables, all investment balances and other unaudited information included in Note 6 and the Supplemental Schedule of Assets (Held at End of Year) have been certified by the Trustee, except for the classification of investments by level of fair value measurement that is included in Note 6.

4. INVESTMENTS

On September 10, 2013, Comcast established the Master Trust to manage the assets of a number of Comcast and NBCUniversal defined contribution plans. The Trustee was appointed by Comcast to hold, administer and invest the assets of the Master Trust. As of December 31, 2017, the Master Trust includes the investment assets of the Plan, Comcast Corporation Retirement-Investment Plan, NBCUniversal Capital Accumulation Plan, Leisure Arts, Inc. 401(k) Savings Plan, Comcast Spectacor 401(k) Plan and the Universal Orlando 401(k) Retirement Plan. Each of the plans in the Master Trust maintains a segregated asset portfolio within the Master Trust. Investment income, realized gains (losses) on sales of investments, unrealized appreciation (depreciation) of investments, other receipts, other disbursements and administrative expenses are allocated to the segregated asset portfolios within the Master Trust. In accordance with GAAP, the net change in value from participation in the Master Trust is reported as one line item in the Statement of Changes in Net Assets Available for Benefits and the Plan's interest in the Master Trust is reported as a single line item in the Statements of Net Assets Available for Benefits.

Because the Plan's portfolio is segregated from the other plans that participate in the Master Trust, the Plan does not have an undivided interest in each investment in the Master Trust. Rather, the Plan has a specific percentage interest in each investment that differs from the overall percentage interest in the Master Trust.

The following is a summary of the Master Trust's Net Assets, and the Plan's divided interest in the Master Trust, as of December 31, 2017 (in thousands):

	<u>Master Trust</u>	<u>Plan</u>	<u>Plan's Percent Interest in Master Trust</u>

5. COMCAST STABLE VALUE FUND

As described in Note 2, included in the Comcast Stable Value Fund are fully benefit-responsive investment contracts, which are carried at contract value. The rate at which interest is credited to the Plan is that determined under the contract, consistent with reflecting participant balances at contract value as opposed to the market value of the underlying assets. Interest rates are reset quarterly by the issuers of the investment contracts.

There are certain events, such as the Plan's failure to qualify under Section 401(a) or 401(k) of the Code, which can limit the fund's ability to transact at contract value. At this time, the occurrence of any such limiting event is not probable.

A contract issuer may terminate a contract at any time. Settlement upon termination will be at contract value unless the terms of the contract were not met or the Trustee's authority over the Plan is limited or terminated.

6. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques. The levels of the hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Consists of financial instruments whose values are based on quoted market prices for identical financial instruments in an active market. |
| Level 2 | <p>Consists of financial instruments that are valued using models or other valuation methodologies. These models use inputs that are observable either directly or indirectly and include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in markets that are not active; • Pricing models whose inputs are observable for substantially the full term of the financial instrument; and • Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the financial instrument. |
| Level 3 | Consists of financial instruments whose values are determined using pricing models that use significant inputs that are primarily unobservable, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The valuation methodologies used for assets measured at fair value are as follows:

Mutual funds: Valued at the closing price of shares held by the Plan at year-end. The mutual funds held by the Plan are classified as Level 1 investments as their investment values are based on quoted market prices for identical financial instruments in an active market.

Separate accounts, common collective trusts and money market funds: Valued at the net asset value of shares held by the Plan at year-end. The net asset value as provided by the Trustee is used as a practical expedient to estimate fair value and, as a result, all are included in the investments measured at net asset value.

The methods described above may produce a calculated fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2017 and 2016, there were no transfers between levels.

The table below sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2017 (in thousands):

	Level 1	Level 2	Level 3	Total
Mutual funds.....	\$ 2,370,863	\$ -	\$ -	\$ 2,370,863

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

The table below sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 :

	Level 1	Level 2	Level 3	Total

7. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow from his/her Plan account subject to the approval of the Plan Sponsor in accordance with applicable regulations issued by the Internal Revenue Service ("IRS") and the Department of Labor. In general, a participant may borrow a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of the participant's non-forfeitable accrued benefit on the valuation date (as defined by the Plan) last preceding the date on which the loan request is processed by the Plan Sponsor. The maximum term of a loan made pursuant to the Plan is five years. Loans with terms of greater than five years are permissible for the purchase of a primary residence or may exist under the Plan as a result of rollovers from merged plans.

Interest accrues at the rate of prime plus 1% as of the month the loan application is approved. Principal and interest are paid through payroll deductions or participant-initiated payments. Interest rates ranged from 3.25% to 5.25% as

of December 31, 2017. Maturities on outstanding loans ranged from 2018 to 2027 as of December 31, 2017. Loan transactions are treated as a transfer between the investment fund and notes receivable from participants.

Effective after a calendar quarter of non-repayment, a loan is considered to be in default. Defaulted loans are treated as distributions for tax purposes and become taxable income to the participant in the year in which the default occurs.

A participant may withdraw all or a portion of his/her benefits derived from salary reduction on account of hardship, as defined by the Plan and applicable IRS regulations. Under these rules, the participant must exhaust the possibilities of all other distributions, loans, etc. available under the Plan and meet certain other requirements. Upon receiving a hardship withdrawal, the participant's elective contributions are suspended for six calendar months.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2017 and 2016 and the increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2017 is as follows (in thousands):

	<u>December 31, 2017</u>
Net assets available for benefits per the financial statements	\$ 175,086
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(11)
Total net assets per the Form 5500	\$ 175,075

	<u>Year Ended</u> <u>December 31, 2017</u>
Increase in net assets available for benefits per the financial statements	\$ 6,031
Adjustment from contract value to fair value for fully benefit-responsive investment contracts— December 31, 2017	(11)
Net income per Form 5500	<u>\$ 6,020</u>

9. ADMINISTRATION OF THE PLAN

The NBCUniversal Investment Committee, as Plan Administrator, has the authority to control and manage the operation and administration of the Plan and may delegate all or a portion of these responsibilities to one or more persons.

10. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of various mutual funds that are owned and managed by the Trustee, who has been designated investment manager. The Plan issues loans to participants which are secured by the vested balances in the participants' accounts.

11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each affected participant's account balance will become fully vested.

12. INCOME TAX STATUS

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the IRC, and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the

Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2014.

13. NON-EXEMPT PROHIBITED TRANSACTIONS

During the year ended December 31, 2016, the Plan was not able to timely remit participant contributions amounting to \$357,157. All delinquent participant contributions were remitted subsequently.

During an operational review of the Plan by the Plan Sponsor, two operational errors were discovered. First, it was determined that elective deferrals and matching contributions were made to the Plan with respect to compensation paid to former employees that would constitute severance. Second, it was determined that certain paid interns were not provided with the opportunity to participate in the Plan contrary to the terms of the Plan. The company is currently taking steps to correct the two operational errors. The estimated impact of these errors as of December 31, 2017 resulted in the Plan recording a payable to participants of \$1,385,648 and employer and participant receivables of \$184,778 and \$146,961, respectively.
