NOTE 1--DESCRIPTION OF PLAN

The following description of the Vistage Worldwide, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was originally adopted on October 1, 2004, and amended January 1, 2017, is a defined contribution plan covering substantially all employees of Vistage Worldwide, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plans Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 80% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Such contributions are 100% vested and non-forfeitable. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer discretionary matching contributions: The Company may make discretionary matching contributions in an amount equal to the percentage declared by the Retirement Plans Committee based on the deferral contribution made by each participant during each pay period, as defined by the Plan. These employer discretionary matching contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in employer contributions per the vesting schedule. The Retirement Plans Committee approved a total discretionary matching contribution of 50% of each employee's deferral up to 6% of eligible compensation for the 2017 plan year. For the year ended December 31, 2017, the Company elected to make $550,126 in employer discretionary matching contributions.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued) : Employer discretionary additional matching contributions: The Company may make an additional discretionary matching contribution if the discretionary match calculated on an annual basis is greater than the amount contributed. The additional discretionary match shall be calculated based on deferral contributions made by each participant and pay for the plan year. The percentage determined must be equal to or greater than the percentage declared by the Retirement Plans Committee for the employer discretionary matching contribution. These additional discretionary matching contributions are subject to overall employer contribution limits and additions to individual participant account limits. Participants must be actively employed on the last day of the plan year to receive a discretionary additional matching contribution. Each participant will be vested in their additional employer discretionary matching contributions per the vesting schedule. For the year ended December 31, 2017, the Company elected to make $29,628 in additional employer discretionary matching contributions.

Employer qualified non-elective contributions: The Company may make qualified non-elective contributions in the same proportion that each eligible participant's compensation for such plan year bears to the total compensation of all eligible participants for such plan year. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable. Participants must be actively employed on the last day of the plan year and be non-highly compensated employees to be eligible to share in the employer qualified non-elective contribution. The Company has elected not to make an employer qualified non-elective contribution for the year ended December 31, 2017.

Employer discretionary profit-sharing contributions: The Company may make a discretionary profit-sharing contribution to the Plan. The contributions would be allocated to participants' accounts in the same ratio as the participant's compensation bears to total compensation of eligible participants. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in their employer discretionary profit-sharing contributions per the vesting schedule. Participants must be actively employed on the last day of the plan year to be eligible for employer discretionary profit-sharing contributions. The Company has elected not to make a discretionary profit-sharing contribution for the year ended December 31, 2017.

Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).

Eligibility to participate : Employees who have reached age eighteen and completed thirty days of service are eligible to participate in the Plan as of the next succeeding entry date, which is the first day of every plan month.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Forfeitures	:	At December 31, 2017 and 2016, forfeited nonvested accounts held by the Plan totaled $11,849 and $0. These accounts will be used to pay administrative expenses of the Plan or to reduce future employer contributions. During 2017, forfeited nonvested accounts totaling $0 were used to pay administrative expenses of the Plan and $48,092 were used to reduce employer contributions.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer discretionary matching contributions, employer discretionary additional matching contributions, employer qualified non-elective contributions and an allocation of the employer's discretionary profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000. Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Vesting : Participants are vested immediately in their participant salary reduction, employer qualified non-elective contributions and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts (employer discretionary matching contributions, employer discretionary additional matching contributions and employer discretionary profit-sharing contributions) is based on years of continuous service. Accrued benefits vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	25%
2	50%
3 or more	100%

For vesting purposes, a year of service is defined as the total of an employee's countable periods of service without regard to hours of service.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Nonvested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting : The financial statements of the Plan are presented on the accrual basis of accounting.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value, except for the fully benefit-responsive investment contract with an insurance company, which is valued at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Principal and interest are paid ratably through payroll deductions. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.
Subsequent events	:	The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that the information is complete and accurate as of December 31, 2017 and 2016. Information is summarized as follows:

	2017	2016
Mutual funds, at fair value	$ 4,873,598	$ 3,474,670
Common/collective trusts, at fair value	11,771,609	8,583,587
Guaranteed investment contract, at contract value	540,000	664,726
Notes receivable from participants	212,206	142,394
Total investments and assets certified by the custodians	$ 17,397,413	$ 12,865,377

Changes in net assets certified by the custodians and not audited for the year ended December 31, 2017, include the following:

Net appreciation in fair value of investments	$ 738,277
Dividends	60,219
Interest income on investments	1,645,524
Interest income on notes receivable from participants	8,095
Administrative expenses	(3,197)

NOTE 4--FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2017 and 2016.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2017 and 2016.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 4,873,598	$ 0	$ 0	$ 4,873,598
Total assets in fair value hierarchy	$ 4,873,598	$ 0	$ 0	4,873,598
Investments measured at NAV using the practical expedient				11,771,609
Total investments, at fair value				$ 16,645,207

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 3,474,670	$ 0	$ 0	$ 3,474,670
Total assets in fair value hierarchy	$ 3,474,670	$ 0	$ 0	3,474,670
Investments measured at NAV using the practical expedient				8,583,587
Total investments, at fair value				$ 12,058,257

Common/collective trusts are valued daily and have a daily redemption period. There are no unfunded commitments for the common/collective trusts held by the Plan. The total value of the common/collective trusts is $11,771,609 and $8,583,587 as of December 31, 2017 and December 31, 2016, respectively.

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Delaware Charter Guarantee and Trust Company dba Principal Trust Company. Delaware Charter Guarantee and Trust Company dba Principal Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Delaware Charter Guarantee and Trust Company dba Principal Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2017 and 2016 was $540,000 and $664,726. The crediting interest rate is based on an agreed-upon formula with the contract issuer but may not be less than zero percent. The crediting interest rate is reviewed and reset on a semiannual basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer, such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deleting of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7--TAX STATUS

As of December 31, 2017, an IRS determination letter has not been obtained for the plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2014 has been obtained by Principal Life Insurance Company, the service provider, regarding the original plan document. Although the Plan has been amended since receiving the IRS "prototype" opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, plan management believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds, common/collective trusts and a guaranteed investment contract managed by Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company. Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 9--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10--TRANSFER OF ASSETS

Effective January 1, 2017, The Executive Committee, Inc. Profit Sharing and 401(k) Plan merged into the Vistage Worldwide, Inc. 401(k) Plan. As such, all participants' account balances, notes receivables from participants, and investments were transferred into the Vistage Worldwide, Inc. 401(k) Plan and were subject to the Plan provisions thereunder. As of January 1, 2017, The Executive Committee, Inc. Profit Sharing and 401(k) Plan had transferred all Plan assets totaling $477,315 into the Vistage Worldwide, Inc. 401(k) Plan.

NOTE 11--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
