Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any procedures with respect to the information certified by Reliance Trust Company and State Street Bank and Trust Company, the Trustees of the Plan. Their report dated June 12, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Change in Basis of Accounting and Restatement of 2016 Financial Statements

As discussed in Note 2 to the financial statements, in 2017 the Plan adopted a policy of preparing its financial statements following accounting principles generally accepted in the United States (GAAP). The 2016 financial statements have been restated on the basis of accounting adopted in 2017. Our report is not modified with respect to this matter.

The predecessor auditors reported on the 2016 financial statements prior to the restatement. As part of our audit of the 2017 financial statements, we also audited adjustments that were applied to restate the 2016 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2016 financial statements of the Plan other than with respect to the adjustments and accordingly, we do not express an opinion or any other form of assurance on the 2016 financial statements as a whole.

Ashfield Pharmacovigilance Retirement Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Ashfield Pharmacovigilance Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Ashfield Pharmacovigilance (the "Company"), and employees of any participating affiliates, who have completed three months of service and have attained age 21. Participating affiliates include Ashfield Market Access, LLC. Employees who are covered under a collective bargaining agreement are not eligible for the Plan. Effective March 1, 2016, the Plan was amended and restated to bring the Plan into compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes, specifically the 6-year pre-approved plan restatement for Volume Submitter plans. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute up to 86% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate set at 5% following 90 days of employment, unless they affirmatively elect not to participate in the Plan. The Company has declared a non-elective safe harbor matching contribution on behalf of all eligible employees equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may also be contributed at the discretion of the Company. The Company did not declare a profit sharing contribution for 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, and allocations of the Company's profit sharing contribution, if applicable, and plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates from 5.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor contribution portion of their accounts plus actual earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested, under a graduated vesting schedule, after five years of credited service or upon Normal Retirement Age, as defined. Upon the death or disability before the participant's retirement age or termination date, the participant will be 100% vested.

Payment of Benefits

Participants' benefits under the Plan are payable to participants, their beneficiaries, or their estates upon the termination of employment, normal retirement (the attainment of age 65), death, disability, hardship, or upon the attainment of age 59-1/2. Benefits are payable in the form of lump sum distributions, installment payments, or partial withdrawals. Participant and spousal consent is required for distributions over $5,000.

Forfeitures

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $10 and $45, respectively. These accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the year ended December 31, 2017, Company contributions were reduced by $35 from forfeited nonvested accounts. Forfeitures were not used to pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Change in Accounting Basis

Previously, the financial statements of the Plan were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). In 2017 the Plan adopted a policy of preparing its financial statements following accounting principles generally accepted in the United States (GAAP). The 2016 financial statements have been restated to conform with the new basis of accounting. The effect of the change included a $23,001 prior period adjustment to record contributions receivable and a $20,128 prior period adjustment to reverse the recording of deemed distributed loans as of December 31, 2016. The adjustments increased net assets available for benefits as of December 31, 2016 by $43,129.

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been a change in the methodologies used as of December 31, 2017 and 2016 due to FASB Accounting Standards Update (ASU) 2015-10, Technical Corrections and Improvements, which amends the definition of readily determinable fair value. The definition now includes a reference to equity securities in structures that are similar to mutual funds, where the fair value per share (unit) is determined and published on a regular basis and is the basis for current transactions. As a result, plan management has determined the amended definition applies to the Plan's common collective trust funds which use Level 2 inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3: Fair Value Measurements (Continued)

Common collective trust funds: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, determined by the Trustee, is based on the fair values of the underlying investments held by the fund less liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,117,559	$ -	$ -	$ 4,117,559
Common collective trust funds	-	54,496	-	54,496
Total investment assets at fair value	$ 4,117,559	$ 54,496	$ -	$ 4,172,055

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,618,804	$ -	$ -	$ 3,618,804
Common collective trust funds	-	103,145	-	103,145
Total investment assets at fair value	$ 3,618,804	$ 103,145	$ -	$ 3,721,949

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the Trustee of the Plan).

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Reliance Trust Company. Reliance Trust Company is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties and Concentrations of Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2017 and 2016, two investment securities represented 26% and 22%, respectively, of plan net assets.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016, to Form 5500:
