AMAX ENGINEERING CORPORATION
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

The following description of the AMAX Engineering Corporation (the Plan Sponsor) (the Company) Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established in 1985 by the Company to provide benefits to eligible employees of the Company. The Plan covers all employees who have a minimum of 6 months of service and are age 18 or older.

The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – As of January 1, 2016, State Street Bank and Trust Company (State Street) was the trustee of the Plan. On June 30, 2016, State Street relinquished their role as trustee of the Plan over to Reliance Trust Company (Reliance). As of January 1, 2017, Automatic Data Processing (ADP) was the custodian of the Plan. On October 2, 2017, Transamerica Retirement Solutions Company (Transamerica) replaced ADP as custodian. For the year ended December 31, 2017, the Company used Transamerica as its third-party administrator to process and maintain the records of participant data.

As of October 1, 2017, ACMA Computers, Inc. (ACMA) and AMAX Global Services, Inc. (AGS) have merged into the same fund account as the Company.

Valuation of Investments - Investments in mutual funds are stated at fair value. The investment in in a fully-benefit-responsive investment contract is valued at contract value. Participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Net realized and unrealized appreciation (depreciation) of investments consists of the change in unrealized appreciation or depreciation during the year and the realized gain or loss of sold investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses.

Forfeited Accounts – Under the terms of the Plan, forfeited nonvested accounts will be used for restoration of participant accounts, offset Plan expenses and reduce employer's contributions to the Plan, in the order listed. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $15,131 and $15,199, respectively.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - The Plan provides for various investment options. These securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Further, due to the level of risk associated with these securities and the level of uncertainty related to changes in the value of securities, it is possible that changes in the various risk factors in the near term would materially affect the participants' account balances and the amounts reported in the accompanying financial statements.

Administrative Expenses - The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to specific participant transactions such as loan setup, distribution request are paid by the requesting participant.

Subsequent Events - Subsequent events were evaluated through October 15, 2018, the date the financial statements were available to be issued.

NOTE 2 – PARTICIPATION AND BENEFITS

Participant Accounts – Each participant account is credited with the participant's contribution, plan earnings or losses and an allocation of the Company's contribution. Allocation of the Company's contribution is based on participant contributions and compensation, as defined in the Plan.

Participant Contributions – Participants may elect to contribute a percentage of their eligible compensation up to the amount allowable under current income tax regulations to both pre-tax 401(k) and Roth 401(k) accounts. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions – The Company is allowed to make matching contributions as defined in the Plan and as approved by the Board of Directors. The Company makes a matching contribution to eligible participants in an amount equal to 25% of their elective deferrals, up to a maximum of 10% of participant gross compensation. The Company's actual contribution may be reduced by certain available forfeitures, if any, during the Plan year. The Plan also allows for discretionary profit sharing contributions.

NOTE 2 – PARTICIPATION AND BENEFITS (Continued)

Vesting – Participants are immediately vested in their salary deferral, rollover contributions and related earnings. Participants vest ratably and are fully vested in the employer's profit sharing and matching contributions allocated to their account after five years of credited service.

Payment of Benefits - In the case of normal retirement (age 65), termination, disability, or death, a participant or their beneficiary in the event of death, may elect to receive a lump-sum amount, equal installments, or partial withdrawals to the value of the participant's vested interest in their account. Additionally, participants may take in-service distributions upon reaching age 59 ½ or due to hardship from fully vested accounts.

Notes Receivable from Participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the participant's vested balance. Such notes bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a residence in which case the maximum repayment period is established by the Plan administrator. The specific terms and conditions of such loans are established by the Plan administrator.

NOTE 3 – CHANGES IN ACCOUNTING STANDARDS

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015.

NOTE 4 – CERTIFIED INFORMATION AND PLAN INVESTMENTS

In accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Transamerica and Reliance regarding the current value of assets held as of December 31, 2017 and 2016, and transactions entered into during 2017 were used in the preparation of the accompanying financial statements and supplemental schedules. The following table summarizes the assets certified by Transamerica and Reliance.

	2017	2016
Fully benefit-responsive investment contract - at contract value		
Fixed annuity	$ 2,210,600	$ -
Investments, at fair value		
Mutual funds	13,482,955	12,775,968
Notes receivable from particpants	66,397	142,027
	$ 15,759,952	$ 12,917,995

In addition, Transamerica and Reliance certified the following income amounts for the year ended December 31, 2017:

Interest and dividends	$ 429,456
Interest from notes receivable from participants	2,939
Income from fully benefit-responsive investment contract	59
Net appreciation in fair value of investments	1,666,867
	$ 2,099,321

NOTE 5 - TAX STATUS

The Plan adopted a volume submitter defined contribution plan with a cash or deferral arrangement which has received a favorable opinion letter from the IRS, which states that the Plan is designed in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan's tax filings are subject to audit by various taxing authorities.

NOTE 6 - PLAN TERMINATION AND MODIFICATION

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provision of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value or contract value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). Observable inputs are those that market participants would use in pricing the assets based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.

Level 2 – Inputs included in quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2017.

	Level 1	Level 2	Level 3	Total Amount
Mutual funds	$ 13,482,955	$ -	$ -	$ 13,482,955
Total investments at fair value	$ 13,482,955	$ -	$ -	$ 13,482,955

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2016.

	Level 1	Level 2	Level 3	Total Amount
Mutual funds	$ 12,775,968	$ -	$ -	$ 12,775,968
Total investments at fair value	$ 12,775,968	$ -	$ -	$ 12,775,968

NOTE 9 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan's investment in the Transamerica Stable Value Focus option is fully benefit-responsive. The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Transamerica Stable Value Focus option is fully benefit-responsive, contract value is the relevant measurement and presented on the face of the statement of net assets available for benefits. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.
