Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by VOYA Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2017 and 2016 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter**

The supplemental schedule Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan

The following description of the Infiltrator Water Technologies LLC (the Company), formerly known as Infiltrator Systems, Inc., 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, which conforms with the provisions of Section 401(k) of the Internal Revenue Code. Eligible participants include all employees who have completed six months of continuous employment with the Company and have reached age 21.

(b) Contributions

Participants can elect to contribute a fixed dollar amount or a percentage of their annual pre-tax earnings or post-tax earnings under Roth contributions to the Plan. Employer contributions are made at the Company's discretion. Participant contributions are subject to the Internal Revenue Service (IRS) limit of \$18,000 for 2017 and 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

In accordance with Internal Revenue Service regulations, certain limitations exist regarding the deferral of income under this Plan. These limitations are outlined in the Plan documents.

For any Plan year in which an eligible employee contributes to the Plan, the Company will, at its discretion, match a percentage of the employee's contribution. The Company matched approximately 20% of employee contributions in 2017 and 2016.

Employees may invest their contributions and their allocation of the Company's contributions in participant directed increments of 1% among the following funds included in pooled separate accounts or a fixed income account:

VOYA Money Market Fund – This investment option seeks to provide high current return, consistent with preservation of capital, and liquidity, by investing in high quality money market instruments.

VOYA Fixed Accounts – This investment option guarantees a minimum rate of interest that, when credited, becomes part of principal, further increasing the investment utilizing the concept of compound interest.

VY Clarion Real Estate Port Service Class – This investment seeks capital appreciation and current income. The fund invests at least 80% of net assets in common and preferred stocks of U.S. real estate investment trusts and real estate companies.

Pioneer Strategic Income Fund – Y – This investment option seeks a high level of current income. The fund invests at least 80% of net assets in debt securities.

Vanguard Variable Insurance Fund (VIF) Diversified Value Portfolio – This investment seeks long-term capital appreciation. The fund invests primarily in common stocks of large – and mid-cap companies.

(c) Vesting

Participants are 100% vested in their respective account balances attributable to the participant contributions and earnings thereon.

The vesting schedule for employer contributions and earnings thereon is as follows:

<u>Completed years of service</u>	<u>Vesting percentage</u>
Less than 3	— %
3 or more	100

Any forfeited amounts may be allocated to participants in the form of reduced employer contributions. At December 31, 2017 and 2016, there were no outstanding forfeitures. Forfeitures of terminated nonvested account balances allocated to remaining participants or offset against Plan expenses during the years ended December 31, 2017 and 2016 totaled \$1,055 and \$811, respectively.

(d) Payment of Benefits

Upon termination or retirement, participants are entitled to receive their elective contributions and their vested employer matching contributions. A lump-sum payment equal to the total employee balance and any vested employer balance of \$1,000 or less is made to a participant as soon as practicable after the participant's termination of employment. Participants may defer distributions with vested balances exceeding \$1,000 subject to certain minimum distributions when participant reaches age of 70-1/2.

Loans to participants are not permitted, but withdrawals of employee contributions may be made for immediate and heavy financial need (as defined in the Plan document) for fully vested participants.

(e) Administrative Expenses

Expenses of operating and administering the Plan have generally been borne by the Sponsor. However, the Sponsor has no obligation to do so. Certain expenses were paid for by the Plan while the Sponsor bore all other expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

INFILTRATOR WATER TECHNOLOGIES LLC
401(k) PLAN AND TRUST

Notes to Financial Statements

December 31, 2017 and 2016

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Risks and Uncertainties

The Plan provides for various investment options in a number of pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

(d) Investments

Investments in pooled separate accounts are stated at fair value based on the net asset value of units held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded as earned.

Net appreciation (depreciation) in fair market value of pooled separate accounts includes both realized and unrealized gains. Realized and unrealized gains have been calculated in accordance with the current value requirements. Unrealized gains (losses) represent the appreciation (depreciation) in fair value of pooled separate accounts from the beginning of the Plan year (or since the date of acquisition if purchased in the current Plan year) to the end of the Plan year.

The fixed income account, which represents an investment contract, is stated at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The fixed income account is fully benefit-responsive, which means that withdrawals from this account are required to be made at contract value for qualifying benefit payments, including participant-directed transfers.

There are no reserves against contract value for credit risk of the contract issuer or otherwise related to the Plan's investment in the fully benefit responsive fixed income account. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. The crediting interest rate was 3% for 2017 and 2016, respectively. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include plan termination and contract discontinuance to another carrier. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

(e) Benefits

Benefits are recorded when paid to participants.

INFILTRATOR WATER TECHNOLOGIES LLC
401(k) PLAN AND TRUST

Notes to Financial Statements

December 31, 2017 and 2016

(f) Due to Participants – excess deferrals

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

(g) Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

During 2017 and 2016, the Plan's investments in pooled separate accounts (including gains and losses on investments bought, sold, and held during the year) appreciated by \$1,691,698 and \$619,753, respectively. Interest received during 2017 and 2016 was \$50,996 and \$47,268, respectively.

(4) Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset and liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are:

- **Level 1** – inputs are quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at measurement date.
- **Level 2** – inputs are other than quoted prices included in Level 1 that are either directly or indirectly observable for the assets or liabilities.
- **Level 3** – inputs are derived from valuation methodologies, including pricing models, discounted cash flow models and similar techniques, and are not based on market, exchange, dealer, or broker-traded transactions. In addition, Level 3 valuations incorporate assumptions and projections that are not observable in the market, and significant professional judgment in determining the fair value assigned to such assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at their "accumulation unit value" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value (NAV) of shares of the underlying fund, the fund's dividends and the contract's separate account charges. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Notes to Financial Statements

December 31, 2017 and 2016

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017.

	Total carrying value at December 31, 2017	Quoted prices in markets active (Level 1)	Significant other observable inputs (Level 2)	Significant other unobservable inputs (Level 3)
Pooled separate accounts	\$ 10,568,757	10,568,757	—	—

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016.

	Total carrying value at December 31, 2016	Quoted prices in markets active (Level 1)	Significant other observable inputs (Level 2)	Significant other unobservable inputs (Level 3)

* The fixed income account is presented at contract value and has not been classified in the fair value hierarchy. The amounts presented within these tables are intended to permit the reconciliation of the fair value hierarchy to the investments per the statement of net assets available for benefits.

Notes to Financial Statements

December 31, 2017 and 2016

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue, terminate, amend, or modify the Plan, in whole or in part, at any time subject to the provisions of ERISA. In the event the Plan is terminated, the net assets available for benefits will be allocated based on the value of each participant's account.

(6) Income Taxes

The Internal Revenue Service has determined and informed the Prototype Plan Sponsor in a letter dated March 31, 2008, that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for the years prior to 2014.

(7) Related-Party and Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts and the fixed income account that invest in mutual funds managed by VOYA Retirement Insurance and Annuity Company. VOYA Retirement Insurance and Annuity Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to Form 5500:
