We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Trustee as of and for the year ended December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Speedway Retirement Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1: Description of the Plan

Speedway LLC (the “Company” or “Speedway”), a wholly owned subsidiary of Marathon Petroleum Corporation (“MPC”), operates retail outlets throughout the United States Midwest, East Coast, and Southeast for petroleum products and merchandise. The following brief description of the Speedway Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan’s provisions. The Plan’s administrator is the Vice President of Human Resources and Training, Speedway. The Plan’s trustee and record keeper is the Fidelity Management Trust Company (“Fidelity”).

General

The Plan is a defined contribution plan designed to assist employees in saving for their retirement. The Plan is qualified under Section 401(a) of the Internal Revenue Code (“CODE”), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All employees, aged 21 years or older are eligible to participate after one year of Company service in which at least 1000 hours were worked in the previous 12 months. Contractor, leased, or nonresident alien employees, highly compensated employees, and employees covered by a collective bargaining agreement are not eligible for the Plan. An eligible employee may become a Plan participant by completing the appropriate forms and making contributions to the Plan.

Transfers out of the Plan

Effective January 1, 2016, the Plan became a sub-plan of the Marathon Petroleum Thrift Plan. In order to facilitate the change, the following net assets of the Plan were transferred into the Marathon Petroleum Thrift Plan effective as of December 31, 2015. See Note 10 for further information.

Investments, at fair value	\$ 162,791,158
Investments, at contract value	933,340
Employer contributions receivable	18,251,171
Notes receivable from participants	6,443,807
	<u>\$ 188,419,476</u>

Contributions

A participant may make pre-tax contributions through payroll deductions between 1 percent and 25 percent of annual gross pay, including bonuses and overtime, subject to the limitations of the CODE.

Participants who have attained age 50 are also eligible to contribute up to \$6,000 in “catch-up contributions”. Participants may also make rollover contributions from qualified plans maintained by their previous employers, subject to the approval of the Plan Administrator. All investment allocations are participant directed.

The Company makes a contribution to all eligible participants in an amount equal to 3.5 percent of each participant’s eligible compensation.

The Company also makes matching contributions (to store managers and non-store employees only) based on a discretionary matching formula, which is contingent upon reaching a certain performance metrics for each year with a maximum contribution of 75 percent of participant contributions up to the first 6 percent of eligible compensation. The Company’s matching contribution for 2015 was 75 percent. Participants must both be employed by the Company and active Plan participants on December 31 of any year in which the operating objective is met to be eligible for the Company matching contribution. In addition, participants who

Speedway Retirement Savings Plan
Notes to Financial Statements

are inactive due to retirement, death, or disability during the Plan year are eligible for the Company matching contribution.

Established annual Company performance targets and associated Company matching percentages may be reviewed and adjusted prior to the beginning of each Plan year by the Company's Salary and Benefits Committee.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and losses, based on participant relative investment holdings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants will become fully vested in the Company contributions and any earnings thereon at the earlier of completion of three years of vesting service or attainment of age 65 or upon death or disability.

Notes Receivable from Participant

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator.

Payment of Benefits

Upon retirement, termination of employment, death, or attainment of age 59-1/2, a participant is entitled to the full value of his or her vested account. Distributions may be made in fund shares if the participant elects a rollover to a Fidelity Individual Retirement Account ("IRA"). Participants with account balances greater than \$5,000 may remain in the Plan as a non-active participant until age 70 1/2. In compliance with the CODE, automatic rollovers to an IRA are required for mandatory distributions valued over \$1,000 for participants who fail to make an active election otherwise. Distribution of these accounts may be taken at any time, as a lump sum or in installments.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to reduce future Company contributions. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0 and \$61,113 respectively. Total forfeitures used to reduce Company contributions in 2015 totaled \$50,703.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the funds provided by the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, and expenses related to the Plan's investment portfolio.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Plan's Management's Review of Subsequent Events

Subsequent events were evaluated through October 13, 2016 which is the date the financial statements were available to be issued.

Note 3: Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "*Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*." ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under ASC 820. ASU 2015-07 is effective for the Plan retrospectively for the year ending December 31, 2016 with early adoption permitted. We believe the adoption of this guidance concerns disclosure only and will not have an impact on the Plan's financial statements. The updated guidance was not early adopted.

Effective December 31, 2015, we adopted ASU No. 2015-12, "*Part I: Fully Benefit-Responsive Investment Contracts, and Part II: Plan Investment Disclosures*." This update simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive investment contracts. Under the Part I update, fully benefit-responsive investment contracts are measured, presented and disclosed only at contract value. Part II eliminates the requirement to disclose (i) individual investments which comprise 5 percent or more of net assets available for benefits and (ii) the net appreciation or depreciation for investments by general type. Part II requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. The updated guidance was not early adopted.

Note 4: Investments and Investment Income (Certified by Trustee)

The following information presents the Plan's investments and related investment income as of December 31, 2015 and 2014 and for the year ended December 31, 2015. This information has been certified by Fidelity Management Trust Company, the trustee of the Plan, (Trustee), as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Investments that represent 5 percent or more of plan net assets in either year are separately identified.

December 31, 2015 and 2014

For the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$(1,462,812)
Common/collective trust	<u>625,120</u>
	<u>\$ (837,692)</u>

Dividends realized on the Plan's investments for the year ended December 31, 2015 were \$1,190,948.

Note 5: Fully Benefit Responsive Investment Contract

The Plan holds investments in a fully benefit-responsive investment contract, Fidelity Managed Income Portfolio Class 1 Fund ("Fidelity MIP I Fund"). The contract value, which approximates fair value, of the Fidelity MIP I Fund was \$0 and \$676,872 as of December 31, 2015 and 2014, respectively.

For the years ended December 31, 2015 and 2014, the effective yield for the Fidelity MIP I Fund was approximately 0% and 1.07%, respectively, and the crediting interest rate to participants was approximately 0% and 1.67%, respectively.

Note 6: Fair Value Measurements

The FASB ASC 820, *Fair Value Measurements and Disclosures*, ("FASB ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs consist of unadjusted quoted prices in active markets for identical assets and liabilities and have the highest priority.

Level 2

Inputs consist of quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in inactive markets, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated market data by correlation or other means.

Level 3

Inputs are unobservable and significant to the fair value measurement and have the lowest priority.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value

Speedway Retirement Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

measurement at the reporting date. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market fund – Investment in a money market fund is valued using a market approach at the Net Asset Value (“NAV”) of shares held and is considered Level 1 in the fair value hierarchy. The fund invests mainly in short-term instruments and cash.

Mutual funds – Investments in mutual funds are valued using a market approach at the NAV of shares held. The NAV is generally based on prices from a public exchange, which is normally the principal market on which a significant portion of the underlying investments are traded, and are considered Level 1.

Common Collective Trusts (“CCTs”) – Investment in CCTs are valued using a market approach at the NAV of units held, but investment opportunities in such funds are limited to institutional investors on behalf of defined contribution plans. A significant portion of the underlying investments are mainly publicly traded. These investments are considered Level 2.

The CCTs are Pyramis Core Lifecycle (Income, 2005, 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050 and 2055) Commingled Pools, the Fidelity Low Price Commingled Pool, the Fidelity Growth Commingled Pool, and the Fidelity Contrafund Commingled Pool. These pools seek active return until the pool’s targeted retirement year. Thereafter, the pool’s objective will be capital preservation. These pools invest in a diversified portfolio of equity, fixed income, and/or short-term products and may use futures, options, swaps, and exchange-traded funds to remain fully invested. There are no redemption restrictions, no unfunded commitments, nor a redemption notice period on these CCTs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

Note 7: Party-In-Interest Transactions

Certain plan investments are managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions allowable under ERISA regulations.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits.

Speedway Retirement Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 9: Plan Tax Status

The Plan uses a volume submitter plan document sponsored by Fidelity Management & Research Company. In a letter dated April 24, 2012, the Internal Revenue Service (“IRS”) has determined that the volume submitter plan document, including the trust provisions therein, is qualified in form under section 401(a) of the Code. The Plan Administrator and the Plan’s tax counsel believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the Code .

US GAAP requires the Plan’s management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 10: Subsequent Events

Effective January 1, 2016, the Plan was merged into the Marathon Petroleum Thrift Plan to form a single plan (the “Merged Plan”) within the meaning of Treasury Regulations issued under Section 414(1) of the Code. The terms and conditions of the Merged Plan are comprised of the following two separate documents: the Marathon Petroleum Thrift Plan and the Speedway Retirement Savings Sub-Plan. The terms and conditions contained in these documents as of January 1, 2016 shall remain in effect without change unless superseded by amendments to the documents. As of January 1, 2016, the Merged Plan shall be known as the Marathon Petroleum Thrift Plan. Investment options available to participants of the Speedway Retirement Savings Plan will mirror those offered under the Marathon Petroleum Thrift Plan, which includes, among others, the Marathon Petroleum Corporation Stock Fund and Marathon Stable Value Fund.

Effective January 1, 2016, the Marathon Petroleum Thrift Plan became a Section 401(k) safe harbor plan under which eligible employees will receive a 117 percent Company match on employee contributions up to six percent of gross pay. Thus, employees who contribute six percent of gross pay will receive a 7.02 percent Company match. The Company match will vest immediately.

Speedway LLC acquired WilcoHess LLC effective October 1, 2014. Effective January 1, 2016 the Plan was amended to recognize accredited service of WilcoHess LLC employees as of December 31, 2015 for eligibility and vesting purposes in the Plan.

As of January 1, 2016, the Plan was restated to, among other things, reduce minimum loan amount to \$1000, extend eligibility to participate in the plan to student workers and highly compensated employees, add an in-service withdrawal option for employees under age 59½, and to incorporate all approved amendments made up to the date of the restatement.

To Whom It May Concern:

This letter is provided in response to the inquiry dated July 18, 2018 regarding a Final 5500 for the Speedway Retirement Savings Plan for 2016. (A copy of that letter is attached for your reference.) Effective at the beginning of January 1, 2016, the Speedway Retirement Savings Plan was merged into the Marathon Thrift Plan to form a single plan. On account of the merger, the Speedway Retirement Savings Plan ceased to exist as a separate plan on December 31, 2015, and at the close of that date, there were no participants and no assets in the Speedway Retirement Savings Plan. The 2015 Speedway Retirement Savings Plan Form 5500 should have been identified as the "final return" and the participant and asset data correctly zeroed. We have now filed via EFAST2 an amended 2015 Form 5500 to reflect that this was the Speedway Retirement Savings Plan's "final return" for the Speedway Retirement Savings Plan and reflect zero active participants at the end of the plan year. Therefore, a 2016 Form 5500 is not required for the Speedway Retirement Savings Plan.

If you have any questions, please contact us at 419-672-6349.
